COOLIDGE RE-SUBMITS WARREN TO SENATE!

Abandon World Court Issue For Present!

AGREE TO HALT ALL ACTION UNTIL NEXT DECEMBER

Republican And Democratic
Conferences Decide On
Future Campaign

By WM. K. HUTCHINSON
For International News Service.
WASHINGTON, March 12.—All hope for action on American adherence to the world court at this session of the Senate was abandoned today when both Republican and Democratic conferences voted to drop the issue until next December.

The Democrats decided to combine in a drive to force the fixing of a date for consideration of the court question after Congress reconvenes next December.

GAS TAX HEARING THURSDAY NIGHT

Revenue, Taxation Bodies
To meet in Sacramento
To Decide Issue

SACRAMENTO, March 12.—The first tilt between proponents of an increase in the state gasoline tax and those opposed to the increase will occur next Thursday night, at a joint meeting of the revenue and taxation committees of the Assembly and the Senate, it was announced today by Senator Arthur H. Breed of Piedmont, author of the bill calling for a 1-cent raise in the tax.

Announcing the committee hearing, Breed asserted that there is a general demand throughout the state that the Legislature provide adequate funds for new highway construction.

Reopen Tax Question on Steel Firm

WASHINGTON, March 12.—In the face of charges that the government has missed out on the collection of more than \$8,000,000 in corporation taxes, through excessive post war amortization allowances, the case of the United States Steel corporation will be reopened by the bureau of internal revenue, it was disclosed today in the testimony before the Couzens investigating committee. It is specifically charged that the steel corporation saved \$8,000,000 through "liberal amortization allowances."

Herriot Aims For Restored Credit, Peace

PARIS, March 12.—World peace and restored French credit are the two objectives of the French government, Premier Herriot told the American club at luncheon today.

VICTOR WAITED IN NAVY MANEUVERS

'Black,' 'Blue' Fleets Head
For San Diego After
'Battle' Waged

BULLETIN
SAN DIEGO, March 12.—The combined Atlantic and Pacific fleets, consisting of practically the entire fighting force of the United States, appeared off this port at 11:20 a. m. today. The cruiser Seattle, flagship of Commander-in-Chief Admiral Cootz, led the advance guard.

It was estimated that six hours will pass before the line of 130 warships will be able to anchor in the bay.

ABOARD U. S. S. NEVADA, WITH U. S. FLEET OFF MEXICAN COAST, March 12.—With the battle maneuvers between the Atlantic and Pacific divisions of the American fleet having been disposed of, the fleet early today was steaming in cruising formation to San Diego, where they are expected to arrive about noon.

Crew Of Ship Crushed By Ice Floe Rescued

HALIFAX, March 12.—Captain Whitely and eighty-five members of the crew of the sealing steamer Stella Maris were rescued by another sealing ship, according to word received by the owners of the Maris today. The Maris was crushed in an ice floe off the Newfoundland coast and abandoned.

Moor Tribesmen Plan Drive Against Spain

LONDON, March 12.—A meeting of leaders of the Morocco tribesmen was held to devise the future plan of campaign against Spain, according to a Tangle dispatch to the Daily Telegraph today.

GREAT BRITAIN REFUSES TO SIGN PACT

Geneva Protocol Is Rejected
Before League Council
By English Envoy

By HAROLD J. T. HORAN
For International News Service.
GENEVA, March 12.—Requiem for the Geneva protocol was said today by Austen Chamberlain, British secretary of state for foreign affairs.

COUZENS' TAX QUESTIONED BY MELLON

Income Bureau Says Detroit
Senator Owes Millions
On Ford Turnover

WASHINGTON, March 12.—An arbitrary assessment "for a large amount" has been prepared by the bureau of internal revenue for levying against Senator James M. Couzens, Republican of Michigan, in connection with the income tax paid by him in 1919, it was announced at the treasury today.

While the amount was not stated, it is understood to be from \$10,000,000 to \$11,000,000, the treasury contending that Couzens is indebted for this amount because of the under valuation of Couzens' stock holdings in the Ford Motor company.

MONOMANIA PLEA STOKES' DEFENSE

Aged Millionaire Resorts to
Incompetency Grounds
To Win Acquittal

CHICAGO, March 12.—A defense which at times ran perilously close to a plea of mental incompetency based on monomania was set up in criminal court here this evening to save W. E. D. Stokes, aged New York millionaire, from conviction of charges of conspiracy to defame his wife.

FAMOUS BANKERS ENLIVEN OIL QUIZ

Famous Financiers From
Over Country 'Sit In'
On Teapot Hearing

CHEYENNE, Wyo., March 12.—A long list of distinguished bankers from all sections of the country enlivened today's opening session of the annulment suit to break the Teapot Dome naval oil lease granted Sinclair's Mammoth Oil Co.

FORESEES SECOND DEFEAT FOR WARREN

WASHINGTON, March 12.—After a series of quiet polls and checks, Republican leaders of the Senate openly declared this afternoon that President Coolidge's re-nomination of Charles B. Warren will only result in a second defeat.

COOLIDGE Has Faith In Warren

KEEN DIPLOMAT, NOT OF OLD SCHOOL
Slated for Secretary of State

By ROBERT T. SMALL
Special Correspondent of The Glendale Evening News. Copyright, 1925

WASHINGTON, March 12.—Irrespective of what the Senate may think of him, Calvin Coolidge has a faith in Charles Beecher Warren akin to the faith he has in Massachusetts. There has been plenty of warrant for the assertion that the president eventually intended to elevate the Michigan lawyer to the post of secretary of state.

Charles Warren knew how to deal with and to the Japanese when Warren Harding sent him to Tokio as ambassador. The Oriental is famed for his inscrutable face. Charles Warren's face has that quality whenever he wishes to assume it. Ordinarily, however, it is a face of friendliness and rare good humor.

WIFE WITH OTHER MAN FOUND DEAD

Buffalo, N. Y., March 12.—A mystery in a bachelor's cottage confronted the authorities at Erie Beach, Ontario, today following the finding of the bodies of Mrs. Rosa Kahn, 27, of Buffalo, and Norman Mack, 47. It was believed the couple had been poisoned.

'Hush Money' Hinted in Lady Carnarvon Trial

LONDON, March 12.—Financial arrangements between Colonel Ian Dennistoun and Lady Carnarvon, whom he married after Mrs. Dorothy Dennistoun divorced him, were announced in court today by Alfred Fryer, solicitor for Dennistoun. That reports that Mrs. Dennistoun had stayed at a Paris hotel with Major Woodcock led to the employment by her husband of detectives instructed to learn more of her actions, testimony today brought out.

DENIAL BY JAPAN

TOKIO, March 12.—The Japanese foreign office today officially denied that Ambassador Matsudaira planned to take up important questions in Washington as soon as his credentials were presented.

COOLIDGE RE-SUBMITS WARREN TO SENATE!

Abandon World Court Issue For Present!

WASHINGTON, March 12.—Refusing to accept the Senate's rejection of Charles Beecher Warren of Michigan as attorney-general, President Coolidge this afternoon again submitted Warren's name for the cabinet position.

It was the first time in half a century that it was necessary for a president to ask the Senate more than once to approve his selections for his official family.

VISITOR LEAVES FOR PARIS TRIP

A. G. Gurney Tells Workings
Of American Express
Office In France

Something of the inside workings of the world's greatest clearing house for American tourist trade, the office of the American Express Co. in Paris, was told by A. G. Gurney, European general agent for that company just before he left Glendale to return to Paris yesterday. Mr. and Mrs. Gurney spent some time in this city during their winter's stay in Southern California, leaving yesterday over the Union Pacific for Chicago. From there they will go to New York and board a steamer for home.

Mr. Gurney has his headquarters at the Paris office where more than 350 persons are employed to care for the huge volume of American tourist business.

"Americans going abroad depend upon the American Express to do most everything but eat their meals for them," he said. "They have all their mail sent to the Paris office of our company, they use American Express orders as their money; hotel and reservations and accommodations are made in advance by our office, in short we are probably the biggest tourist clearing house in the world."

Tourist Mail Heavy
Forty clerks are kept busy continually handling tourist mail during the busy season, Mr. Gurney said. Over 145,000 pieces of mail matter, addressed to American tourists, care of the American Express office in Paris, were handled in a single month recently.

"The popular conception of the American tourist is far from the correct one," Mr. Gurney said. "True, most of our Americans go abroad for a vacation and a rest. They are therefore less inclined to the dignity that marks their daily life at home and in the business world. That the American is the dabbler he is credited with being, the ready victim of Parisian cut-throatery, is seldom the case, however. Americans have brains equal to those of the European even when they are vacationing abroad."

FIGHT IN ATWATER ON LIGHT STANDARD

Property Owners Seek to Have Present
Petitions Filed With Commission
Disregarded for New Type

Striking back at the attempt now being made to have ornamental light petitions, already signed and in the hands of the Los Angeles Art commission, thrown out, so that new petitions specifying a different type of standard can be presented, the California Street Lighting Sales Co. has addressed a letter to property owners of Brunswick avenue, Atwater Park, bitterly attacking the move to have existing petitions ignored.

The letter is headed "Warning. The Knockers Are on Duty." It alleges that the move to have the petition for pressed metal standards on Brunswick avenue thrown out has been instituted by "parties who are vitally interested in the sale of concrete light standards." It attacks the authenticity of estimates recently submitted of the cost of the concrete standards and states that the aid of the Atwater Improvement association has been sought "in carrying out the deceptive purpose" of those interested in the concrete standards.

After several weeks spent in discussion of the matter, the Atwater Improvement association went on record recently endorsing concrete standards for all remaining streets in the Atwater tract on either side of Glendale boulevard. In accordance with this action, petitions asking the Art commission to disregard all petitions filed up until this time, irrespective of the kind of standards favored, have been put in circulation. It is the plan, according to metal-standards adherents, to cover the district with petitions for concrete standards once all existing petitions are invalidated.

Object To Paving Type

Property owners of Perilla avenue between Fletcher drive and Silver Lake boulevard will protest out proposed improvement of their street with sand and oil paving, it was stated today by A. Larsen and others included in the block. Notices of improvement of the street were mailed out by City Clerk Robert Dominguez Monday. The protest period expires on March 25. Specifications for the street work call for only an oil and sand pavement, according to Mr. Larsen, and this is not desired.

Plan Business Building

A new business building for Glendale boulevard was announced today by J. R. Holcomb, 3364 Perilla avenue. Full details of the plan for the structure were not announced, however, it was stated that the building will be located at the northeast corner of Glendale boulevard and Perilla avenue on property now owned by Mr. Holcomb. It was stated that a portion of the building when completed will be utilized by J. Holcomb who intends opening an insurance and mortgage business.

Grocery Store Sold

Announcement of the sale of the E. P. Robb grocery store at 3219 Glendale boulevard to H. W. Spears, Los Angeles man, was made today. Mr. Spears and his family have moved into the residence at 3401 Larga avenue.

Start Sorrowful Trip

Mr. and Mrs. L. W. Twyman, 3261 Tyburn avenue, left yesterday with the bodies of Mrs. Twyman's father and mother for their home at Buena Park, Ill. Mrs. Twyman's father died about a month ago, but due to illness of her other parent, return to Illinois with her father's body was postponed. A week ago the mother died also. Mr. and Mrs. Twyman do not intend to return to Atwater Park.

Sister Is Near Death

Mrs. Emma LeMar of Burbank, sister of R. S. Fitzsimmons, Glendale boulevard and Casitas avenue, is near death at her Burbank home.

LAWMAKERS PASS FOREST FIRE LAW

Measure Also Endorsed To
Stop Employment Of
Show Children

SACRAMENTO, March 12.—New laws designed to stop the annual summer epidemic of forest fires, the high-grading of gold and the employment of children under 12 years of age in suggestive vaudeville entertainments were passed by the Senate.

The anti-high-grading bill was explained to the Senate by its author, Senator Thomas Ingram of Grass valley. He said the annual loss of gold to mine owners amounted to millions each year, and his measure is intended to stop this through regulation of the commercial ore mills and other concerns that buy ore or precious metals. The bill provides for control of these operations through issuing of state licenses.

The forest fire protection measure was introduced by Senator Cadet Taylor of Los Angeles. It makes willful negligence in starting fires a misdemeanor, punishable by jail sentence, and regulates the use of donkey engines and other lumbering devices which are responsible for fires during the summer months.

dale boulevard and Casitas avenue, is near death at her Burbank home.

Dentist Picks Location

Dr. A. B. Mitchell, dentist, formerly of Hollywood, will open offices in the new office building at the corner of Garden avenue and Glendale boulevard. Other professional men are expected to locate in the building shortly. It was stated by representatives of the Tugman & Wilson real estate agency.

Will Open Barber Shop

Clinton Dace will open a barber shop at 3112 Glendale boulevard either Saturday or Monday, he announced today.

STUFFED PANCAKES

PARIS, March 12.—Pancakes stuffed with chestnut cream are often eaten for the entremets in France.

Joins Board

L. S. CHAMBERS, proprietor of Chambers' Pharmacy, now connected with Gibraltar Finance Corporation.

One by one the leading business men of Glendale are lining up with the Gibraltar Finance Corp., now located in new offices at Brand boulevard and Colorado street. These men are realizing that this organization is one of the most substantial in this entire section, that every dollar invested in it is absolutely safe, and that those who are at the head of this firm constitute an absolute guarantee that profits will be made, officials declare.

The latest business man of Glendale to cast his lot with the corporation is L. S. Chambers, proprietor of the Chambers' pharmacy, Doran street and Brand boulevard.

Mr. Chambers, who has been a resident of Glendale the past four years, is a man of wide experience. He has been connected with various business enterprises, and it was only after a thorough investigation of the affairs of the Gibraltar Finance Corp. that he decided to accept a place on the advisory board of that institution. He is thoroughly "sold" on the business of the corporation and its opportunity of producing large financial returns for its stockholders.

For twenty years Mr. Chambers has been following the drug business. Prior to coming to Glendale he was for several years manager of one of the largest Owl Drug Co. stores in Los Angeles, and before going to Los Angeles followed the drug line in Phoenix, Ariz.

State Adjutant James K. Fisk of the American Legion and Dr. John F. Slavich of Oakland, chairman of the legion's child welfare committee of California are planning to attend the interstate conference of legion officials to be held in Salt Lake City, March 22.

The meeting has been called by National Commander James A. Drain for the purpose of organizing the legionnaires in the west to carry on the nation-wide drive for the \$5,000,000 legion's endowment fund. The annual income of this fund of which President Coolidge is honorary president will be used to care for the thousands of orphans of World War veterans and to bring special relief to the disabled men and their families.

Mrs. Alma de Brettville Spreckels of San Francisco and William Gibbs McAdoo of Los Angeles are the California representatives on President Coolidge's committee.

The American Legion Women's auxiliary through its secretary, Mrs. Elizabeth I. Drendell, announces that hereafter poppies made only by disabled veterans in government hospitals in California will be handled by that organization. In this way, Mrs. Drendell points out remunerative employment will be possible for the many mental wards of the government whose hands and minds must be kept occupied. Hitherto flowers representative of the famous Flanders poppies have been secured from organizations outside the state. With this new ruling men and women mentally and physically disabled as the result of their war service will be given an opportunity to help themselves financially as the auxiliary will purchase the poppies from them.

"On to Paris in 1927" is the slogan now being sent out to the 300 posts of the American Legion in California by James K. Fisk, department adjutant. George Hatfield of San Francisco and national executive committee member for the legion from this state has been named by National Commander James A. Drain as the California representative of the France convention travel committee.

Under his direction, saving clubs will be started by the various posts. Steamship and railroad companies have been approached regarding rates and service and it is expected that a large group of American Legionnaires will invade the French capital to renew

PENDROY'S BRAND AT HARVARD

old acquaintances and to view the famous war scenes, ten years after."

The twenty-eight Spanish-American and World War veterans who are members of the state Legislature have been invited by Assemblyman Frank L. Coombs and his son, Nathan F. Coombs, department commander of the American Legion, to visit the Coombs ranch in Napa county for the week-end of March 14. The Coombs ranch is one of the original Spanish grants and has been in the family since the days of General Vallejo to whom the family was related. A barbecue lunch will be served under the oak trees, famous for their size and beauty.

To make more effective their declaration of war against the ground squirrel, Nathan F. Coombs, department commander of the American Legion, has offered the services of the organization to the horticulture commission of California. Coombs has called upon all county veterans of the 40 and 8 Society of the legion to assist the various county officers of the commission in their warfare against this pest. Coombs points out that hundreds of thousands of dollars loss to the California farmer annually results from the depredations of this rodent and it is his intention that the legion shall assist the state in its clean-up barrage.

DIAMOND VAGARIES

PITTSBURGH, March 12.—The vagaries of a major league baseball season are too many and varied to justify any man in venturing an advance guess, William B. ("Bill") McKee, skipper of the Pirate crew, said in answer to a request for an expression of opinion on his team's chances to win the 1925 National league pennant.

NAPA JUSTICE

SACRAMENTO, March 12.—Holding court until 2 o'clock in the morning, Justice of the Peace C. H. Snow of Napa imposed fines aggregating \$2000 upon eight ranchers in Napa county.

CABINET PUDDING

PARIS, March 12.—Cabinet pudding is an English dessert which is much liked on this side of the Channel.

ITALIAN POLITICS

ROME, March 12.—Italian politics and Italian finance have become entangled in a web of recriminations and denials.

"Roofing you can rely on"

"SON, I had those Shingles put on twenty years ago and they are just as good as new. I've had no expense for twenty years—no painting—no repairing—and I think they look well, don't you?"

"They were laid right over the old shingles and you'll save money if you put them on your roof."

"They come in red, green, blue-black and golden brown."

Right over the old wood shingles.

CALIFORNIA IS LEADING IN EDUCATIONAL WORK

POSTAL RATES HIGH LIGHTS SET FORTH

Increase in Postage of Post Card to Two Cents is Chief Feature

High lights of the revised postal rates, changing postal rates in a number of instances, were given today by George Hallett, assistant postmaster. The new rulings go into effect April 15. The changes are those embodied in the bill recently passed by the House and Senate and as a result of which, postal employees' pay was boosted. Most notable of the changes will be an increase in the rate for private post cards. All cards excepting those sold by the government, will have to carry 2 cents in stamps after April 15. All coupon postcards with one portion for return message will also have to carry 2 cent postage. The cards printed and sold by the postoffice department will be the only exceptions.

Money Order Fees
Money order fees have also been boosted by the postal law revision. The increase in money order rates varies, according to the amount, from 15 to 40 per cent of the old rate. Fees on orders of small denomination have received the greatest boost. This will materially effect the great bulk of money orders purchased by post-office patrons.

The most notable change in second class rates, embracing newspapers and other periodicals, will be in the mailing of religious, educational and fraternal publications. Here an increase from 1 1/2 cents to 1 3/4 cents per pound has been ordered. All newspapers mailed by private individuals will go at the rate of 2 cents for two ounces. Heretofore the rate has been 1 cent for four ounces.

Other Changes
A radical change in third and fourth class mail, places all matter, including parcel post, and weighing eight ounces or less in the third class, and all matter over eight ounces in the fourth class. All third class material will have to bear approximately 50 per cent more postage under the new ruling than heretofore. In addition, all parcels will be subject to a 2 cent service charge. Twenty-five cents will be charged for special delivery on parcels, as compared to 10 cents under the present status. In the case of registered mail, a 3 cent charge will be made for return receipt. C. O. D. rates are also boosted by the revised law.

Press Conference Is Held At Los Angeles

Miss Eva Daniels, publicity chairman of the Tuesday Afternoon club, and Mrs. J. W. Sharpe, publicity chairman of the Thursday Afternoon club, and Mrs. Sharpe's daughter, Mrs. G. A. Hough, attended the press conference yesterday in Los Angeles of Los Angeles district, California Federation of Women's clubs. Announcement was made that the district press luncheon will be held Wednesday, April 29, at the Friday Morning club, Los Angeles. Publicity chairmen of the district are busy compiling clipping books for the April convention at Santa Barbara.

Kiwanis Will Hear World Flight Chief

Capt. Lowell Smith, commander of the world flight expedition, will be the main speaker at the weekly meeting of Glendale Kiwanis club tomorrow noon at the Oakmont Country club. A special aviation program will be staged at the meeting under the direction of Dr. T. C. Young. In addition to Capt. Smith, a number of other well-known aviators will be present and speak briefly. Maj. C. C. Mosley, commander of the observation squadron of the California National Guard; Earl Daugherty, noted flyer, and Arthur Slate, inventor of aircro radio, are slated for places on the program. W. B. Kinser, airplane manufacturer of Glendale, will represent local aviation interests. Dr. Young will be chairman of the day.

NORTHWEST BODY TO MEET TONIGHT

T. W. Watson To Outline Plan For Development of New Brand Park

Plans for the development of Brand park, the 800 acres in the Verdugo hills recently turned over to the city for park purposes by L. C. Brand, will be discussed by T. W. Watson, chairman of the planning commission and Lloyd H. Wilson, head of the park board at a meeting of the Greater Northwest Improvement association tonight. The meeting will be held at the Grand View schoolhouse commencing at 7:30 o'clock with J. H. Randall presiding. Efforts to have Western avenue made one of the main entrances into the park will be made by the northwest association. Officers of the improvement body point out that this thoroughfare is a natural route into the park and can be connected with it at a small expense.

There will be several entertainment features on the program, furnished by C. L. Jenkins. Joe Rhodes, baritone radio artist, will sing several numbers. He will be accompanied by Bernice Brainard, Little Miss Jean Fitch will recite.

Glendalian Will Sing With U.S.C. Glee Club

Maurice Widdows, son of Mr. and Mrs. W. Q. Widdows of 1246 Winchester street, a freshman at the University of Southern California, is a member of the U. S. C. glee club, which will sing tomorrow at Glendale theatre. The club will sing at 4 o'clock in the afternoon and at 9 and 11 o'clock at night.

Grand View Members To Attend Presbyterial

A delegation of young people of the Grand View Community church will attend the supper and special program for young people which will be held tomorrow night at the annual Presbyterial which is being held at First Presbyterian church, Hollywood.

HONOR PINS TO 42 STUDENTS OF SCHOOL

Glendale High Awards Made By President of U. S. C. To Winter Class

Honor pins were awarded to forty-two Glendale Union High school pupils this morning, at the Broadway High school, by Dr. Rufus von Kleinsmid, president of the University of Southern California. Two pupils of the winter class of 1925, Lee Osborne and Eva Morrow, received gold pins, indicating a grade of 92 per cent or better throughout the entire four years of their high school course. The exercises were held in the auditorium, at a special assembly, at which parents of many of the honor pin pupils were present.

On the platform were a group of G. U. H. S. teachers in the caps and gowns awarded for collegiate work. There were holders of the B. S. degree from Boston university, Kansas Agricultural college, Arizona State university, U. S. C., Indiana State university, Pomona college, University of California and Stanford university; and holders of the A. M. degree from Columbia, California, Stanford, and U. S. C.

List of Winners
Mrs. Ethel Hume Flood Moyle, vice-principal of the Glendale Union High school, presided over the exercises, introducing Dr. von Kleinsmid, who made the awards, full list of which follows:

Winter of '25—Dorothy Zeitlin, 3, 4; Edith Bagley, 2, 3, 4; Frances Dureya, 3, 4; Eva Morrow, gold; Roland Hodder, 4; Lee Osborne, gold; Emily Torchia, 3, 4.

Winter '26—Eugenia Henry, 3; Miki Hirashima, 3; Gladys Wood, 1, 2, 3; Dugald Blue, 2, 3; Robt. Bungay, 1, 2, 3; Harold Jewell, 3; Graham Young, 3; Elsie Whitney, 1, 2, 3; Ruth Scheid, 3; Dorothy Buga, 1, 2, 3; Theo. Stiff, 1, 2, 3; May B. Taylor, 3.

Winter '27—Lucas Alden, 2; Alfred Seaman, 2; Mildred Behme, 2; Bernice Brown, 2; Dorothy Chappins, 2; Marian Duey, 2; Edna Forsythe, 2; Edith Hikes, 2; Lois Wardell, 2; Vera Wilson, 2.

Winter '28—Constance Boynton, 1; Dorothy Doane, 1; Thelma Light, 1; Adrienne Lawrence, 1; Dorothy McMahon, 1; Orma Newbourne, 1; Alice Murphy, 1; Olga Palladin, 1; Ruth Stein, 1; Edmund Sawyer, 1; Norman Schwartzkopf, 1; Earl Seybold, 1; Charles Singer, 1.

The numbers after the names indicate the years for which the students hold pins.

Dr. York Presides At Medical Society Meet

Dr. Margaret M. York of 1105 North Central avenue, president of the Women's Medical society of the state of California, presided as hostess yesterday, when thirty-two members of the Women's Medical society of Los Angeles county were luncheon guests at the Harrower Laboratory on East Broadway, and at Glendale Sanitarium. Dr. York introduced as speakers, R. E. Spicer, manager, and Dr. H. A. Hall, of the Harrower Laboratory. Dr. Belle Wood-Comstock, president of the Women's Medical society of the county, also spoke.

PROPOSED LAW REVIEWED AT MEETING

Marriage License Measure Before Legislature Now Topic of Discussion

Renewed local interest in the marriage law requiring that marriage licenses be published five days prior to marriage, now being considered by California legislators, comes from the meeting of Glendale Mutual Benefit Reading circle yesterday at the public library, where the law was thoroughly discussed.

The subject is very near to Glendale women, for it was originated by Mrs. C. E. Hutchinson of 246 North Orange street, well-known California clubwoman and parent-teacher association leader. It was two years ago, at the convention of Los Angeles district, California Federation of Women's clubs, at Eureka, that Mrs. Hutchinson attempted to introduce a resolution favoring the marriage law. However, the clubwomen failed to even receive the resolution on the floor. That same year Mrs. Hutchinson introduced a similar resolution before the Congress of Mothers and parent-teacher associations at Stockton, and it was unanimously endorsed. Since that time the legislative departments, of the congress and parent-teacher associations have been working on the matter.

State lawmakers now have the matter in hand, and since it has been passed by one House and is to be considered by the other House, interest is keen in the outcome. Lively discussion and comment pro and con have been heard throughout the state. Mrs. Hutchinson said that it is interesting to her that men have seemed most favorable to the proposition.

Fifty Present
There were fifty women present yesterday at the reading circle. Special guests were Mrs. D. J. Sullivan and nineteen members of the Tujunga circle. Mrs. H. S. Manley of Jamestown, N. Y., who is visiting Mrs. McClellan Drumm, 1143 East Harvard street, was also a guest. She told of parent-teacher association work in the east, and stated that she found California women splendidly organized, and all women participating in organizations, whereas in the east organization was not as highly developed.

Mrs. H. V. Henry, chairman, presided. Mrs. W. F. Small reviewed an article on "The Dalton Plan of Education," by Henry Root. There are eight California schools testing the plan. In the afternoon Mrs. Henry read from the study book, "The Job of Being a Dad," by Frank Chely.

Oriental Question Is Big, Says Missionary

That the Oriental question is one of the biggest problems facing America is the opinion given yesterday by Rev. Henry Sanborn of the Mission of the Good Shepherd, Los Angeles, in speaking to members of the Women's Auxiliary of St. Mark's Episcopal church, at the home of Mrs. H. O. Holbrook, 426 West Harvard street. Mr. Sanborn was a chaplain in the navy during the war. Since that time he has been actively engaged in mission work, which he spoke of yesterday. There were over thirty churchwomen present. Mrs. George Robison, president, was in charge. Miss Ellen Williams, secretary, who was injured in a recent automobile accident, was able to be present. Mrs. Luella Veitch was assisting hostess.

Benefit Association Meet Set For Tonight

Important business will be transacted tonight at the meeting of Glendale council, Security Benefit association, at Hahn's hall. The meeting will be held at 8 o'clock.

Story Hour Is Set For Saturday At Library

Glendale children are invited to a story hour, at 2 o'clock Saturday afternoon at the public library. Mrs. James Rhodes is to entertain with stories.

Realty Board Listings Will Be Featured

A feature of the weekly luncheons of the Glendale Realty board in the future will be a ten-minute period devoted to the exchange of listings between members. This method of acquainting a large group of realtors with listings held by any one agent has been given a trial at the two last meetings of the board and proven successful, according to Secretary John Klise. All listings must be submitted at the meetings in writing. They will later be bulletined and sent to each member of the board. The new system will perform the function of a multiple listing system to some degree, it was pointed out, and will be a direct benefit to clients.

JOHN KNOX GIVES CAMPAIGN PLEDGE

Candidate For City Council States Views On Civic Matters In Letter

The following self-explanatory letter, written by John S. Knox, 425 South Central avenue, candidate for city councilman, was sent to The Glendale Evening News: Editor The Evening News—I beg to announce that I am a candidate for the office of city councilman at the election to be held April 14.

I look upon Glendale as a great business corporation with assets of more than \$100,000,000 and with 50,000 citizens as stockholders. The councilmen who have charge of the affairs of this large organization should handle them upon the same principles of honesty, economy and efficiency they would use if they were directors of a big bank of some mammoth industrial concern.

As one of the councilmen I would always insist upon such a policy. I would demand that every employee of the city demonstrate his fitness for the position he holds and that he render a dollar's worth of service for each dollar he receives. In the selection of appointive officials and in the consideration of other important public matters I would endeavor to consult my fellow citizens before making decisions.

I have had an extensive and a fairly successful business career, covering a period of thirty years. I would go into office with only two promises: First, that I will uphold and obey the constitution and laws of my country; of my state and of my city; second, that I would equally serve each and every citizen of Glendale to the best of my ability.

JOHN S. KNOX.

Indian Welfare To Be Subject Of Address

Mrs. B. O. Holbrook of 426 West Harvard street, formerly chairman of Indian welfare for the Tuesday Afternoon club, has been invited by the Norwalk Women's club, to speak at the club next Tuesday on Indian welfare. Mrs. A. A. Bassett is to accompany Mrs. Holbrook to Norwalk.

Musical Programs For Church Are Arranged

Mrs. W. Q. Widdows, musical director of First Congregational church, has arranged for Sunday night services in March, special features by musical talent from public schools. Next Sunday night a thirty-piece orchestra, directed by Mrs. Eltarae Kent of Wilson Intermediate school faculty, will play.

Recital Is Arranged For Van Grove Music Salon

Marjorie Dodge, soprano, who appeared in concert last year before the Glendale Music club, and Frank Geiger, basso, will give a recital Tuesday night, March 17, at the Van Grove music salon, 337 North Brand boulevard.

San Jose Man Pays 28 Cents On 1-Cent Tax

SAN FRANCISCO, March 12.—It cost H. S. Wedmore of San Jose 28 cents to inform the government that his income tax amounted to 1 cent, the collector of internal revenue revealed here today. Special delivery stamps, registering and stationery worth 3 cents made up the total expended by Wedmore.

REALTY BOARD NAMES TEN EXAMINERS

Oral Quiz Necessary Under New Law For License As Salesman

Ten members of the Glendale Realty board were named an examining committee to pass on applications for salesmen and broker licenses by President W. L. Twining today. Under a new state law all persons making application for a license to sell real estate must submit to an inquiring examination, to be given by a committee of the local realty board or by the state commissioner's office.

Those named on the Glendale committee are J. E. Barney, J. M. Boland, S. S. Gilhuly, Peter Hanson, E. P. Hayward, W. A. Horn, J. W. Pearson, W. L. Truitt, C. D. Thom, L. H. Wilson and President Twining. Members of this committee are all directors of the Glendale board.

Weekly Exams
Examinations will be made weekly by this committee and recommendations to Edwin T. Keiser, state commissioner, on all applicants will be forwarded promptly, Mr. Twining stated. Inquiry into the character and responsibility and the extent of previous experience of each applicant will be made.

"This is one of the most important steps taken in a long time in our efforts to elevate the 'game' of real estate to the plane of a profession," Mr. Twining said. "The examinations will assure that only responsible persons are permitted to engage in the business and will furnish a guarantee to the public heretofore lacking."

FORMER GLENDALE RESIDENT SUICIDE

Henry Smith Found Dead With Bullet In Brain In L. A. Store

Henry Smith, 61, a resident of Glendale until a few weeks ago, was found dead in the rear of the Hogue sporting goods store, where he had worked for twenty-five years at 138 South Main street, Los Angeles, last night. Detectives who investigated pronounced it a case of suicide, after reporting a bullet hole through the head.

Smith had lived with his brother, George W. Smith at 939 East Lexington drive for nearly two years until a month ago when he returned to Los Angeles to be closer to his work. He has been in ill health for several years, and gave up his position several months ago because of it. But he returned to work as floor manager of the store after a few weeks' rest.

He has no immediate family. Three sisters, Mrs. Dr. Wells and Miss Nora Smith, Sacramento, and Mrs. O. E. Hunt, Berkeley, have been notified of his death. The body is at a Los Angeles mortuary.

Adventist To Lecture On Work Among Incas

Elder E. F. Peterson of Washington, D. C., formerly general superintendent for the Seventh-day Adventist denomination, of mission work among the Inca Indians in Peru, South America, will give an illustrated lecture Friday night at the Glendale church, North Isabel street and East California avenue. His subject will be "Savages Conquered and Converted by the Gospel." No admission will be charged for the lecture.

Women's Relief Corps To Complete Election

Mrs. Priscilla Houdyshel announces a meeting at 10:30 o'clock tomorrow morning at the G. A. R. hall on South Glendale avenue, to complete the election of the newly organized federation of the Women's Relief corps. At 2 o'clock in the afternoon Glendale W. R. C. will hold a business meeting.

City Teachers' Choral Club Members Guests

Mrs. Irene J. McReynolds of 336 North Kenwood street, was hostess last night to the City Teachers' Choral club. Rehearsal was followed by a social hour. St. Patrick's colors were used in decorations. Refreshments were served. Twenty were present.

R. D. WHITE TELLS OF CONVENTION'S WORK

Superintendent of City Schools Gives Report on Conclave at Meeting Of Parent-Teacher Association

By KATHERINE V. SINKS
Of The Evening News Staff.

"I came back from Cincinnati feeling that California is in the foreground in educational affairs," declared Richardson D. White, superintendent of Glendale city schools, yesterday afternoon, in telling Glendale Federation, Parent-Teacher associations, at Harvard High school, of the recent convention of the department of superintendence of the National Education association in Cincinnati, Ohio.

He gave a most comprehensive resume of high lights of the convention, radiating from the general theme "Patriotism." Matters of nation-wide interest discussed were:

- 1—Revision of elementary school curricula, to determine objectives of education.
- 2—Safety plans for safeguarding American children in traffic in cities and towns of all parts of the nation.
- 3—Growth of research.
- 4—Junior high schools, which are now in existence or being contemplated in 75 per cent of the nation.
- 5—Platoon schools, formerly the Gary system, established in Gary, Indiana.
- 6—The budget system for schools, already in operation throughout California.

In connection with the revision of elementary school curricula, Mr. White gave local interest to the subject by stating it has been the custom in recent years in Glendale for a committee of principals and teachers to go over the curriculum at the end of each school year and revise the course of study for the next year.

He stated, however, "California has the most hard and fast school curriculum in the United States, because it has twenty-seven required subjects." In this connection he added that last year the state received \$18,000 from an educational foundation for investigating the curriculum and that changes would probably be made reducing the number of required subjects.

In telling of the discussion in Cincinnati on fundamentals and objectives of education, Mr. White said the following objectives were cited:

- 1—Command of the fundamental subjects such as reading, writing, arithmetic, music, art, manual arts and home economics.
- 2—Worthy home membership.
- 3—Training for vocation.
- 4—Training for citizenship.
- 5—Health education.
- 6—Worth while use of leisure time.
- 7—Ethical character.

Methods of protecting school children on city streets were of great interest, stated Mr. White. He said he found that the system now being tried out at Glendale Central school of having older boys control the children instead of the traffic officer, is being tried in other places. On the subject of research he said that in the past, at educational conventions, much discussion was heard of systems of research, but today, all forms of research are heartily accepted as thoroughly worthwhile. During the convention resolutions were adopted urging:

- 1—A secretary of education in the federal cabinet.
- 2—Ratification of the child labor amendment.
- 3—A world court and codification of international laws.
- 4—Character teaching in the schools.
- 5—Clean drama, motion pictures, books and newspapers.

Mrs. O. H. Spradling, president of the Federation P-T. A., presided over the meeting. There were present eleven association presidents, all officers of the Federation, eleven chairmen of the

Have You Registered?

Residents of Glendale who desire to vote at the municipal election on April 14, 1925, can cast their ballots if—
They have registered since January 1, 1924, and have not moved since that date.

They have not registered since January 1, 1924, but register before March 14, 1925.

They have registered and moved they must register in the new precinct in which they are living.

Two deputy registrars are on duty at the office of The Glendale Evening News, 139 South Brand boulevard, where voters can register and become eligible to vote at the municipal election. If you have not registered since January 1, 1924, or have moved since you registered, come to the office of The Glendale Evening News, the big three-story newspaper plant at 139 South Brand boulevard, between 8 a. m. and 9 p. m. and register.

Daily Greeting to News Readers

ALL GREAT MEN—

Are great, primarily, because of their ability to think. Make work the first essential of their creed. Began life as ignorant as the world's worst. Can increase their greatness by adding humility to their virtues. Find responsibilities and labor increasing with their greatness. Know that their own untamed desires are their greatest weakness. Put more trust in accuracy and mastery than in accident and miracle.

THE ROAD TO SAFETY

A billion spent to cut down a risk that costs over 16,000 lives a year would be well spent, says Collier's, commenting upon the annual sacrifice of human lives in automobile accidents. The writer goes on to rear an imaginary city of 16,000 population, and says:

"Note the crowds on the sidewalks at the center. See the young swarm rush out when school quits. And now the dam bursts, up the river, and carries away the whole outfit, leaving not one survivor. That would be another Johnstown flood, not to be forgotten in a generation. Yet the misfortune would be no greater than that which the country suffered in the entire number of automobile traffic fatalities for 1923."

Here is an opportunity for someone to render a great service to humanity. Money alone cannot cut down this risk. Public opinion and intelligent regulation must come to the rescue. We must begin to think of these traffic victims in terms of human beings. We are not awake to the menace of the traffic accident because we think of those maimed and killed in terms of numbers. The newspaper headlines announce, "Six killed in accident," and that is all it means to us who read, unless the six are friends or relatives of ours. These sixteen thousand who were wiped out in a single year were not mere numbers. They were husbands, wives, fathers, mothers, sons and daughters.

This is a question that is vital to every state in the union, to every city and village and community, to every driver and owner of an automobile and to everyone who walks on the streets.

HOLIDAY FOR INAUGURATION

A good many people were deprived, by their daily work, of the privilege of hearing the inauguration ceremonies by radio last week. Someone suggests that a general holiday should be declared for the few hours during which the inauguration is being broadcast, and no doubt this will be done four years hence. By that time radio will have become so general that it will be possible for nearly every person in the nation to listen in, and it would not be surprising if, by that time, we shall be able to see as well as hear. Bringing us thus in close touch with the very center of our government is bound to improve the quality of our citizenship.

The inaugural address of President Coolidge was intensely interesting to those who listened in, judging from comments heard on every side, although it contained little that was new, the president's stand on all questions having been clearly stated on previous occasions.

The American people are sometimes accused of being apathetic where their duties as citizens are concerned, and we do not rush to the ballot box as enthusiastically as we might. But we are familiar with national and international issues. The president knew he was to speak to the people of his country on the occasion of his inauguration and he maintained the best traditions of the writer and the speaker when he made his message so simple and concise that the most ignorant of us could understand it.

WAITING

Waiting is one of the hardest things we have to do. There are times when all of us are placed in positions where we can do nothing but just wait. And immediately we begin to fuss and fume and worry about appointments and unfinished tasks and this and that, seemingly with the idea that this will bring the desired object nearer. Now, if we are in a position where we can use our hands we can work off some of our nervous energy that way. But if we are on a street corner waiting for a car or in an office waiting for an appointment or some place where we cannot take our own work, there is still no need to fume and fret. Wherever we go we take our brains—if any—and this period of waiting can be used to good advantage in a little constructive thinking, in planning work, in thinking over something we have read or some pleasant experience we have had. If this means of employing the time does nothing else it calms us and makes the time pass more quickly, whereas fuming and consulting the watch every few minutes makes the half hour seem to drag interminably and unfits us mentally for any duty that awaits us at the end of our vigil.

Worry is one of the greatest evils to which the human race is addicted. How many spare minutes which might be used in constructive thinking are worse than wasted in this way! Those who wish to retain their youth should cultivate mental tranquility.

AMERICAN DYES

Before and during the war, as well as since, we heard so much about German dyes that we really believed it would be impossible to manufacture dyes to equal them in this country. Many opponents to a protective system fought against all tariff for American dyes because they thought it was no use for us ever to hope to equal German products no matter how much protection was given to the attempt. But now it is conceded that we are making as good dyes as any in the world. In fact, Russia, although partial to Germany, prefers our dyes to the German goods and insists that German merchants procure American dyes to supply their demand.

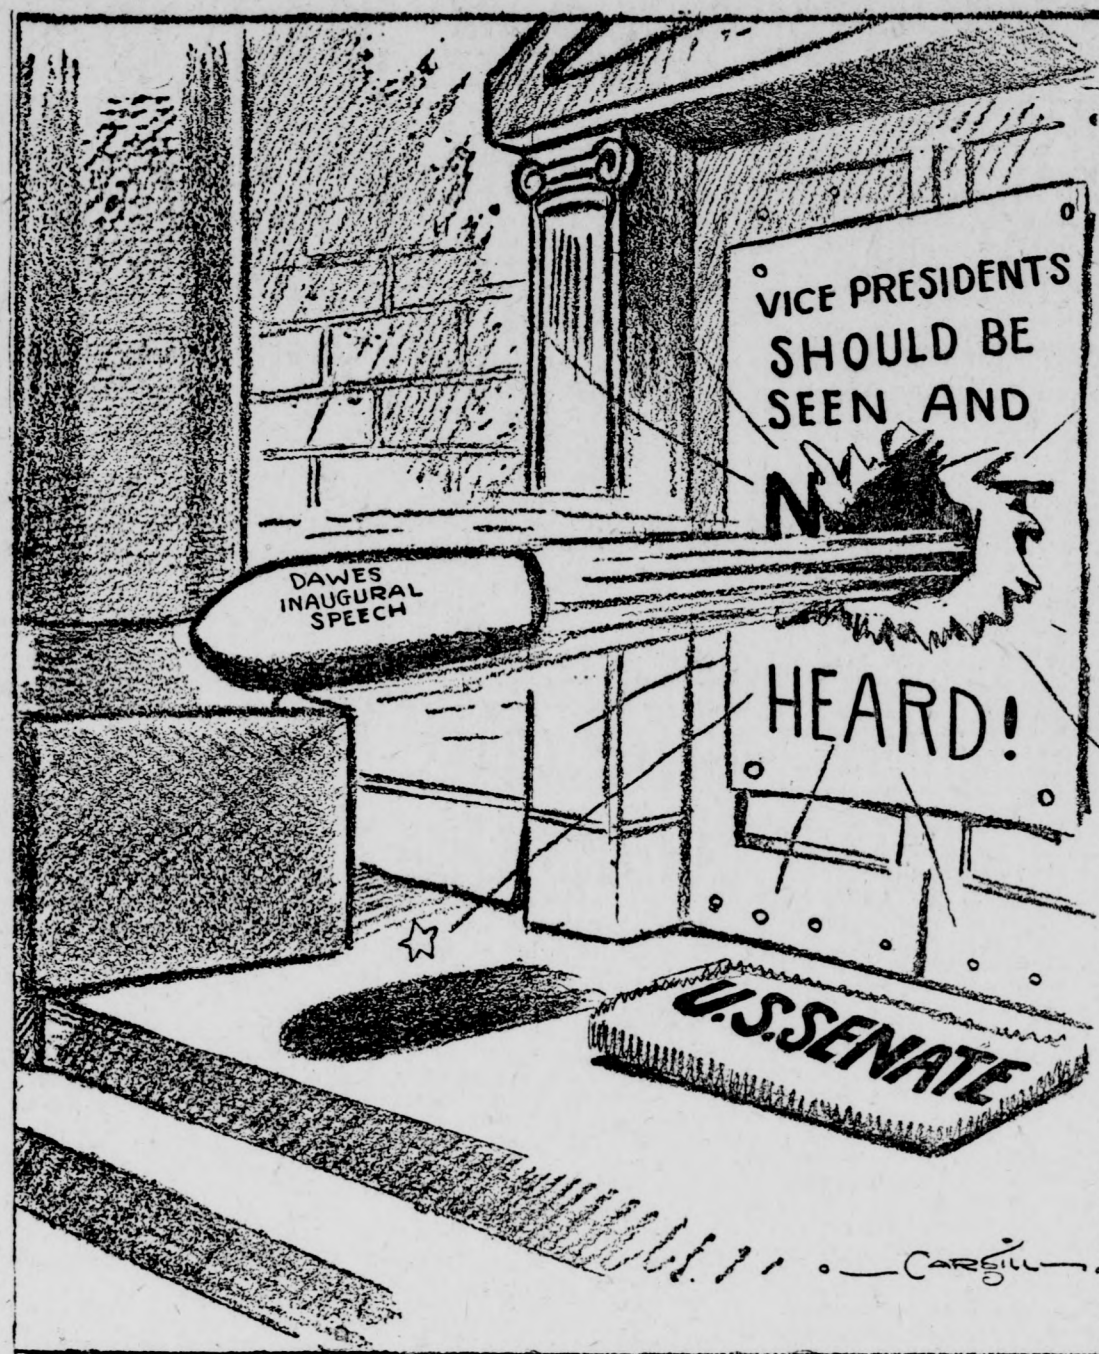

America has a reputation among certain classes both at home and abroad for blatant self-conceit, when too often the reverse is true. So many Americans find it hard to rid themselves of the obsession that anything foreign must necessarily be superior to what we have in our own country.

It is right to give credit where it is due, and for a good many years German dyes were the best in the world. But it is a good thing our chemists did not take the attitude of those of us who contended that the United States could never manufacture dyes equal to those of Germany, or they never would have attempted—and succeeded.

What doth it profit a nation to gain the whole world's gold and lose control of itself?

Size isn't everything. The larger the collar, the sooner it wilts.

THE NEW DAWES PLAN!

A Language Test

By DR. FRANK CRANE

It has been said by an Englishman that Americans pronounce the English language better than the English.

A New Yorker has prepared a test, the use of which will prevent Americans from becoming too much puffed up over this statement. Try the test and see if you can pronounce correctly the words. It is abridged from a letter recently published in the New York papers.

"Under the azure crouched an indisputable Indian. His forehead was bedizened with herbage, and he wore a scarlet belt about his abdomen. Though his conduct was exemplary and decorous, he lived in extraordinary squalor."

"Though, like a patriot, familiar with the tribal legends his parents had taught him, he knew little beyond legendary lore, and was ignorant of our national literature, and of the process of telegraphy."

"He knew little of calligraphy, and very little about finance. He was not an aspirant for Parliament, but he hoped to exercise evil spirits from the epoch by the advertisement of an Indian sacrifice. When granted a favor he sought the apotheosis of his patron."

"A piquant matron by his side was his housewife, to whom he gave alternately a meager maintenance and a peremptory command, for he considered the position irrefragable, that to perfect a woman she should be isolated and made to obey. On this point he considered his arguments irrefragable. He appeared to care little for hymeneal harmony. Her peculiarity was bronchitis, which he hoped to cure by launching a tiny raspberry into the interstices of her larynx. The two made a squalid but interesting tableau."

"The dramatic personae of this scenario were named Elihu and Minnehaha. While she was no pianist, she was a dainty wife. He was glad to have her as his confidante. Yet in her lonely life he would often harass her with some sardonic inquiry or with a virulent threat to put her in a goal. She would then placate him by cooking for him some flaccid sweet potatoes fried in oleo-margarine, hoping he would not longer treat her as a pariah."

If you don't know whether or not you can speak well, you might try the above quotation on your planola.

The Best of Advice

By CLARK KINNARD

If the period between 20 and 30 is the critical one in the formation of intellectual and professional habits, as William James says, then the period below 20 is more important still for the fixing of PERSONAL habits, properly so called, such as vocalization and pronunciation, gesture, motion and address.

Hardly ever learned after 20 spoken without a foreign accent; hardly ever can a youth transferred to the society of his betters unlearn the nasality and other vices of speech bred in him by the associations of his growing years.

The great thing, then, in all education, is to MAKE OUR NERVOUS SYSTEM OUR ALLY INSTEAD OF OUR ENEMY, WILLIAM JAMES OPINED.

"It is to find and capitalize on acquisitions, and live at ease upon the interest of our day."

"FOR THIS WE MUST MAKE AUTOMATIC AND HABITUAL AS EARLY AS POSSIBLE, AS MANY USEFUL ACTIONS AS WE CAN, and guard against growing into ways that are likely to be disadvantageous to us, as we should guard against the plague."

"The more of the details of our daily life we can hand over to the effortless custody of automatism the more our higher powers of mind will be set free for their own proper work."

"There is no more miserable human being than one in whom nothing is habitual but indecision, and for the lighting of every cigar, the drinking of every cup, the time of rising and going to bed every day, and the beginning of every bit of work, are subjects of express volitional decision."

"Full half the time of such a man goes to the deciding, or regretting, of matters which ought to be so ingrained in him as practically not to exist for his consciousness at all."

If there be any such daily duties not yet ingrained in any reader of this column, he should begin this hour to set the matter right.

Who's Who

It has been stated that Gutzon Borglum, whose dismissal as supervising sculptor of the confederate memorial at Stone Mountain, Ga., has thrust him into the public eye, is alien born, but he is a native of Idaho.

The son of a doctor, he was born in a frontier home on March 25, 1867, and christened John Gutzon de la Mothe Borglum. He studied art in San Francisco, in Paris, in Spain. His exhibitions in the United States went without recognition until, in London, the Duchess of Manchester lauded his statues and watercolors of the American Indians. Then he harnessed fame to his able statues of wild horses, and won the gold medal in the St. Louis exhibition of 1903.

His works are seen annually by many hundreds of thousands of people. He produced the General Sheridan equestrian in Chicago; the Sheridan equestrian in Washington; the colossal head of Lincoln in the rotunda of the United States capitol; the large bronze group, "Maros of Diomedes," in the Metropolitan Museum of Art, New York; a statue of Lincoln in Newark, N. J.; statues of Mackay, Beecher, Altgeld, Vance, Huntington, Aycock, scores of marbles and many memorials.

On Borglum's statue of Lincoln in Newark, the late Colonel Roosevelt passed the equivocal criticism: "Why this doesn't look like a monument at all."

Always Borglum has been active in public affairs. He helped the farmers of the northwest when they cried for better prices, he investigated, at the request of President Wilson, inefficiencies in aircraft building during the war. "The man of position or wealth who remains passive in the public life going on about him is in the same class with the man who feigns sleep with a burglar in the room," he is quoted as saying. His home is in Stanford, Conn.

Viewpoints

It is estimated that 17 per cent of the diamond wrist watches will keep time until next Christmas, Associated Editors, (Chicago).

A committee in New York is at work analyzing the vote received by the Communist ticket in the recent election. Probably this is the same committee that has been trying to divide the atom.—Southern Lumberman.

In his latest book, Mr. H. G. Wells says it is against the clothes we wear, the food we eat, our schools, our amusements, our money, our methods of trading, our compromises, our agreements, laws, political associations, the British Empire and the American Constitution. Beyond that he refuses to go.—Punch.

Horoscope

According to astrology, the planetary government is most fortunate up to noon today but after that there should be caution until evening. Mercury is in benefic aspect early in the morning; until late in the afternoon the Sun and Neptune are friendly. Jupiter is adverse.

Mercury promises prosperity to editors and publishers, who are to have a time of great activity and unusual financial returns.

This should be a day most favorable to the aims of those who engage in keen mental activity. There is a promising sign for orators, educators, writers and advertisers.

It is a lucky day for beginning journeys and for borrowing money, if necessary.

There is a pleasant forecast for all who deal with neighbors and friends, for business that is usually hazardous because of personal relations is likely to be successful while this rule prevails.

In the afternoon there is promise of success to those who seek employment in clerical work or as reporters or secretaries.

Jupiter frowns today on lawyers and on heads of big business concerns. It is well for them to be cautious in all their activities. Under this planetary government, it should be easy to make a good impression on one's fellow men—and women.

This is a time in which the intellect and not the emotions may be expected to dominate. It is therefore an auspicious rule for all who deal with neighbors and friends, for business that is usually hazardous because of personal relations is likely to be successful while this rule prevails.

According to ancient lore, this rule should be helpful to all who perform household tasks and those who cook should benefit especially. The seers declare that Uranus, in the horoscope of the president of France, is to blame for misunderstandings in diplomatic matters, since the aspect portends the danger of confusing friends with enemies and causing great revisions of feeling in international relations.

Persons whose birthdate it is should not speculate or risk money. Many unexpected experiences appear to be forecast for the year.

Children born on this day may meet strange difficulties in business and sudden reverses, but these subjects of Pisces have qualities that usually assure ultimate prosperity.

Today's Poem

Sigh No More, Ladies
Sigh no more, ladies, sigh no more;
Men were deceivers ever;
One foot in sea, and one on shore,
To one thing constant never.

Then sigh not so,
But let them go,
And be you blithe and bonny;
Converting all your sounds of woe
Into Hey nonny, nonny.

Sing no more ditties, sing no more
Of dumps so dull and heavy;
The fraud of men was ever so,
Since summer first was leavy;
Then sigh not so,
And let them go.

And be you blithe and bonny;
Converting all your sounds of woe
Into Hey nonny, nonny.
—Shakespeare.

Smiles

THE HERO
She—"Have you heard of Bee's engagement?"
He—"Indeed; who's the plucky man?"—Punch Bowl.

PITY THE PREACHER

A Texas paper comments as follows: "The preacher has a great time. If his hair is gray, he is old. If he is a young man, he hasn't had experience. If he has ten children, he has too many; if he has none, he isn't setting a good example. If his wife sings in the choir, she isn't interested in her husband's work. If a preacher reads from notes, he is a bore; if he speaks extemporaneously, he isn't deep enough. If he stays at home in his study, he doesn't mix enough with the people; if he is seen around the streets, he ought to be at home setting up a good sermon. If he calls on some poor family, he is playing to the grandstand; if he calls at the home of the wealthy, he is an aristocrat. Whatever he does, some one could tell him to do better."—The Churchman.

PHONE CO. TO SPEND \$322,500

GLENDALE BUDGET IN 1925 IS ANNOUNCED

Improvements Planned for Coming Year As Outlined by Manager Fred Deal, Told at C. C. Luncheon Today

The Pacific Telephone & Telegraph Co. will spend \$322,500 in Glendale during 1925 for new equipment, conduits, cable, aerial wire and additions to the present building, it was announced at the luncheon of the Greater Glendale Luncheon club, held today noon at the Masonic temple.

The figures for the 1925 Glendale budget and the list of improvements planned were furnished by Fred Deal, manager of the Glendale office, and was part of the public service program presented at the luncheon, at which W. B. Kelly, chairman of the public service corporations committee of the Chamber of Commerce presided. R. J. Mangle, an official of the telephone company, outlined the plans for the coming year in the absence of Mr. Deal.

Twenty positions of switchboard will be installed in the Glendale office during the year, Mr. Mangle announced. These twenty positions will handle 8,000 lines, or 14,000 telephones, he said. The installation work will cost \$130,000, and of this amount \$118,000 will be expended this year, he added.

Plan Cafeteria
A cafeteria will be opened for the 145 employees of the Glendale office, Mr. Mangle said. The cost of the new cafeteria and equipment is estimated at \$7,500. It will be complete and modern in every way and meals will be served employees at cost prices.

Subscriber station equipment to be installed during 1925 will cost \$65,000, he announced. An extension to complete the present building will add \$8,000 to the amount the telephone company will spend in Glendale this year, Mr. Mangle said. Outside plant expenses, including aerial and underground cable, conduits, aerial wire and other material will cost \$127,000, he said.

The net gain in telephones in Glendale for last year amounted to 1918, he said, and the estimated gain for 1925 is placed at 1500. There are 7,557 telephones in service in Glendale today, Mr. Mangle said, and it requires the service of 145 employees to look after the Glendale office.

Tells Gas Expansion
Speaking of the activities of his company in Glendale and the San Fernando valley and of its growth during the past several years, S. C. Singer, manager for the Southern California Gas Co., told the luncheon club members that in 1922 there were fourteen miles of pipe laid in the valley. In 1923 this was raised to forty-seven miles and in the past year just ended, to 227 miles. A secondary service line to the city of Glendale, assuring uninterrupted service even in the event of a breakdown on the main line, has just been completed at a cost of a quarter million dollars. There are 30,000 gas consumers in the valley, Mr. Singer said, 13,700 of which are within the city limits of Glendale.

The Southern California Gas Co. and Mr. Singer were complimented by two other speakers for the splendid and courteous service rendered to this city. In short talks Judge B. A. Mason and Councilman Sam Davis both referred to the unsurpassed service by the gas company.

Municipal Service
A. J. Van Wile, city clerk, gave a report on the work done by the public service corporations committee in attempting to have telephones in the Grandview districts and in Sparr Heights placed on the Glendale exchange. He said the committee was working through the city attorney's office to secure this end at the present time. Mr. Van Wile, in reporting on Glendale's public utilities, the municipal water and light plants, said that the combined assets of these two institutions at the commencement of 1925 amounted to \$2,550,000.

In his talk Councilman Davis voiced a strong plea for municipal ownership of public utilities. He spoke briefly in favor of lower street car fares to Los Angeles also.

Judge Mason and Sam Berman discussed the lowering of Pacific Electric tracks throughout the city of Glendale. The tracks in all probability will be lowered between Grand View avenue and the west city limits. Judge Mason said, as an agreement between the property owners and the Pacific Electric has been tentatively reached. It will be possible to have the tracks on South Brand boulevard lowered also if property owners stand solidly behind the movement, he said.

Postal Expenditure
D. Ripley Jackson told briefly of the work of the Glendale post office. He said the recent raise in salaries would mean a \$100,000 additional expenditure in Glendale of approximately \$35,000 yearly by postal employees whose salaries have been raised that much. The total of salaries now paid post office workers in this city amounts to \$200,000, he said. Following the meeting at noon today, a large delegation representing the Glendale and Montrose Chambers of Commerce, the Glendale Advancement association and others made an inspection tour of the Glendale avenue electric line to Los Angeles with a view of lending moral support to a request for better transfer service on the Los Angeles end of this line.

A new Glendale booster song was sung for the first time at the meeting today by Mrs. Ina

CASA VERDUGO ANNEXATION DISCUSSED

Sewer Connection and Share In Bond Issues Will Get Consideration

The way was paved this morning for annexation of Casa Verdugo to Glendale. The Glendale City Council, on request of the Chamber of Commerce, authorized Virgil B. Stone, city manager, to take up with the Los Angeles City Council the matter of allowing Casa Verdugo to share the advantages of the \$1,600,000 sewer system now under construction by contract between Glendale and Los Angeles.

The council told Mr. Stone that negotiations with Los Angeles to this end were to be opened with the distinct understanding, as set forth by the Chamber of Commerce in a letter on file with the city clerk, that Casa Verdugo will consolidate in order to obtain connection with the sewer.

The matter of how much it will cost Casa Verdugo taxpayers to join the incorporated city of Glendale and share in use of the sewer, is something that will have to be worked out at the time it is definitely decided to annex, according to Councilman S. A. Davis, as it involves the whole matter of the bonded indebtedness of Glendale and Casa Verdugo.

One thing is certain, however, stated Councilman Davis, and that is that Casa Verdugo will pay its proportionate share.

Re-route Buses
The council adopted a resolution re-routing Pacific Electric buses so that they will not go over the Pacific avenue bridge across the Verdugo wash, which has been declared unsafe for heavy traffic by John F. Johannsen, city engineer. The new route provides that the buses go west on Hahn avenue to Kenilworth avenue, then north over the Kenilworth avenue bridge to the south roadway of Glenoaks boulevard, then east on Pacific avenue.

The council appointed John Pixley as a master plumber, and J. K. Sands as a journeyman plumber, to serve one year on the Board of Plumbing Examiners, created by a recent city ordinance. The third member of the board, as provided in the ordinance, is H. C. Vandewater, building superintendent.

Call Election
The council introduced an ordinance calling a general municipal election for Tuesday, April 14. The following telegram from Ray L. Morrow, city attorney, was read before the council:

"Bill 476 reported out of Senate committee favorably, containing amendment prepared by me, permitting use of \$50,000 gas bond money for payment of principal of bonds, upon presentation for payment by holders. Advise Verdugo Woodlands Improvement association. Will arrive back in Glendale from Sacramento, Friday morning."

Mr. Morrow went to Sacramento Monday to seek this amendment, in order to clear up a tangle that has existed for the past three years in district No. 6, as a result of the Southern California Gas Co. putting in mains and connections in that section, subsequent to a bond issue for the purpose, having been sold.

Offer Air Trophy
The council accepted an invitation from the Chamber of Commerce to officially open the Air Rodeo to be held at Glendale airport, Saturday and Sunday, March 14 and 15, and authorized the Municipal Fire and Drum corps to participate in the event. The council voted to pay up to \$50 as one-half the cost of a cup to be awarded at the rodeo.

The council voted to co-operate with the Chamber of Commerce and telephone subscribers, to keep telephones of all local residents within the Glendale exchange. A letter from the Los Angeles County Grade Crossing committee, urging the Glendale City Council to join with the Los Angeles City Council and the Southern Pacific Railroad Co., in filing a petition with the State Railroad commission, seeking authority for separation of grades at the Los Feliz road crossing of the railroad, with allocation of costs, was referred to the committee of the whole.

Protests Denied
All protests were denied at hearings on improvement of Verdugo road, Palmer avenue, Howard street, vacation of Bohlig road, issuance of bonds for improvement of Grover avenue, and assessment for improvement of Glendale avenue with ornamental street lights, and resolutions were adopted carrying forward these projects.

Ordinances were passed declaring intention to improve Cumberland road, naming as part of Elk avenue portions of a new street, transferring certain lots on Davis street from the industrial to the residential district, and authorizing the mayor and the city clerk to deliver certain grant deeds. An ordinance prohibiting heavy traffic on a large number of residential streets was voted down.

Resolutions were adopted naming ornamental light standard specifications, adopting plans for lights on Broadway, Glendale avenue, Everett street and other

Radio Flying Expert to Be Rodeo Guest

Lieut. R. M. Spencer, manager of the radio department of the Glendale Music Co., and a radiotician of note, will be one of the flyers to compose the Army Reserve squadron from Clover field, Santa Monica, that will participate in the Glendale Air Rodeo on Saturday. Lieut. Spencer has been actively identified with the air reserve squadron ever since its organization. In company with other Army Reserve flyers he has made a number of interesting trial trips to points of Southern California in recent months, looking to further development of aeronautics, both in the Reserve Corps and in the Commercial field.

DENTISTS SET FOR DINNER PROGRAM

School Educational Bill To Be Feature Tonight At Tuesday Clubhouse

Glendale school heads, parent-teacher association leaders and school nurses will be guests tonight at the banquet of the Glendale Dental society at the Tuesday Afternoon clubhouse, where ten dentists of the Long Beach Dental society will present a program on "School Dentistry."

Dr. C. R. Lusby, president of the Glendale society, will preside. More than forty local dentists are expected. Richardson D. White, superintendent of the city schools, members of the board of education presidents of all parent-teacher associations and local school nurses have been invited as special guests.

According to Dr. Lusby, Long Beach has an interesting system of school dentistry in operation, and the program tonight may lead to Glendale's adopting a similar system.

FIRST PRESIDENT OF CHINESE DEAD

South China Dictator Dies From Stomach Cancer; 63 Years Old

PEKING, March 12.—Dr. Sun Yat Sen, for many years leader of the south China forces, died of stomach cancer here today. Dr. Sun had been ill for weeks and his physicians long ago despaired of his recovery. He was 63 years old. He was the first provisional president of China, a leader against the Manchu dynasty and author of many reforms.

Sun was responsible for the almost nation-wide abolition of the queue, which marked the devotion of reactionary China to its age-old customs. He was an unrelenting foe of the Tuchen, or military governor system, and was regarded by his friends as the potential saviour of China, by his enemies as a self-centered fanatic.

Buried Like Lenin
Respecting Dr. Sun's last wishes his body be embalmed as was that of his friend Lenin, his remains today were being prepared for burial under the dictator's last instructions.

A glass casket, similar to the one in which Lenin's body was buried, has been ordered.

The body will lie in state for several weeks before interment at Nanking, the first capital of the Chinese republic under Sun's administration as China's first president.

The Soviet embassy was the first here today to place its flag at half mast in respect to the dead dictator.

Councilmen Consider Car Fare Reductions

The Glendale City Council met this noon, in the committee of the whole, with Chairman W. T. Jefferson and Bert P. Woodard of the Chamber of Commerce transportation committee, on the matter of securing a flat 10 cent rate to and from Los Angeles on the Pacific Electric line. The meeting was held at the City Hall, Mayor Spencer Robinson presiding.

While it was admitted that there is little chance of getting this rate, it was agreed to make every effort to obtain it. The present rate between Glendale and Los Angeles is 23 cents one way and 38 cents for a round trip.

OFFERS CREDENTIALS
WASHINGTON, March 12.—Baron Adolph George Otto von Maltzan, new German ambassador to the United States, presented his credentials to President Coolidge this afternoon.

streets, and announcing intention to improve Eden avenue.

STATE SOLON DENOUNCED BY WOOD

State Educator In Scathing Rebuke of Deuel's Move To Abolish Office

SACRAMENTO, March 12.—Thrust into a factional fight between the administration and anti-administration forces by the action of Assemblyman Charles H. Deuel of Chico, in introducing a constitutional amendment in the Legislature seeking to abolish his office, Will C. Wood, state superintendent of public instruction, today hit back with a scathing denunciation of Deuel's proposal.

The state educator, who is reported to be preparing to quit California early in April to accept the position of superintendent of schools of Pennsylvania, branded the proposal to abolish his office as "a pernicious piece of politics."

Wood Strikes Back
Assemblyman Deuel's claim that his bill was based on recommendations of a special legislative committee on education which reported in 1920 evoked a retort from Wood to the effect that "this measure has no resemblance to any recommendation made by that committee."

Assemblyman Deuel, in a statement relating to his bill, declared that his measure was not aimed at Wood.

Referring to the legislative committee's report in 1920, which Superintendent Wood helped to prepare, Deuel said:

Deuel's Statement
"It was therein recommended and repeatedly emphasized that the legislature should as a fundamental thing in educational work in California provide by constitutional amendment for the appointment by the state Board of Education of a director of education who should act as chief executive officer of the board and execute the state's educational policy. Such a constitutional amendment would abolish the office of superintendent of schools. It would insure the appointment of a highly skilled educator at a salary commensurate with the ability which should accompany the filling of so important a position."

ARIZONA ACTS ON COLORADO TREATY

State Legislature Resolves To Ratify Six-State River Pact

PHOENIX, Ariz., March 12.—A concurrent resolution ratifying the Colorado river compact was on record today as passed by the Arizona Legislature, following passage by the lower house of the Legislature. Similar action had already been taken by the Senate. As approved the compact would contain an amendment providing that Nevada, California and Arizona shall agree on allocation of water to the lower basin of the project, the plan being to give Nevada all the water it may use and divide the remainder between Arizona and California.

Opponents of the pact today were planning to attack the action of the Legislature through injunction or other means, claiming ratification of the pact may be had properly only through passage of a bill subject to the governor's veto instead of a resolution, which does not require the executive's approval.

BUILDING PERMITS

Total for year 1921.....	\$ 5,099,201
Total for year 1922.....	6,305,971
Total for year 1923.....	10,047,494

Diet And Health

By LULU HUNT PETERS, M. D.

ANSWERS TO MOTHERS

Constipation In Babies
Mrs. L.—Babies become constipated if there is too little or too much food taken, or if the diet is unbalanced. Fruit juices and fruit pulp are laxative. You might increase these in the baby's diet.

Your nine-months-old baby should be having considerable food—well-cooked cereal, pureed vegetables, dried toast, egg yolks, cream soups, etc. Oatmeal is more laxative than other cereals and malt sugar is more laxative than milk or cane sugar. Does he have plenty of water to drink between meals?

Did you begin before he was three months old to train him to use the vessel at a regular time each day? Cathartics and enemata given constantly will make a baby constipated. Castor oil, after it cleans out the bowels, is followed by constipation always. You must remember that and not expect a bowel movement for the day following the laxative effect.

Massage will help. Begin at the lower right hand of the abdomen and work up and then across to the left and then down gently. Give no cathartics or enemata as a routine except by the advice of your physician. Liquid petroleum, which is not absorbed by the system, is sometimes useful. One or two teaspoons should be given. It is better to give a little enema or suppository than cathartics.

I have given directions for feeding babies several times and will again, soon. We have a list of modern books on the subject which you may have by sending a self-addressed, stamped envelope with your request.

Excessive Perspiration
"Dear Doctor: Will you please tell me what causes excessive perspiration in the feet of a boy 11 years old, and what should be done to alleviate this condition? His feet are always tender and feel sore, and the skin on the bottoms of his feet and between the toes is always red and peeling."

"I am very anxious to lose weight as I am too stout for comfort. If you will kindly send me your articles on diet I promise faithfully to follow instructions. When I'm down to normal weight

I'll let you know and sing your praises Heaven high.
"Yours to the last calorie,"
MRS. G.

The boy is suffering from the condition known as Hyperidrosis (hyper—over; and the rest of the word means "sweat"). It is apparently a functional disorder and is excited by the slightest irritation of the nervous system or by exercises. The palms, soles, under the arms, face and scalp are most usually affected. Anemic and overfat people are the most affected.

Is your boy under or overweight? See that his nutrition is right. There are several remedies recommended by the skin specialists. Here are three:

(1) One ounce of formalin in a quart of water, rubbed on the feet after they are bathed and dried, every day for a while, and later only once a week or so.

(2) A dusting powder consisting of 10 grains of salicylic acid and one ounce of talcum powder.

(3) A 25 per cent watery solution of aluminum chloride is another favorite prescription.

The last two remedies are applied as the first given.

The dieting instructions were sent to you and I hope by this time you are doing considerable calorying as well as caroling.

Tomorrow—Answers to Correspondents.
My Dear Followers:—When sending for material which we offer you, please enclose a stamped envelope bearing your full name and address. The pamphlet on reducing and gaining is the only one for which you must enclose four cents in stamps extra. Address your letters to me in care of this paper. Make them as brief as possible, not over 200 words, and type or write them legibly with a ballpoint pen. Please sign your name as evidence of good faith—we will not use it in any way. Remember it is impossible for me to diagnose for you or to answer you personally. I appreciate very much the beautiful letters you send me and I hope it is impossible to give you individual advice. The questions you ask will be answered in the column as soon as possible; if they are of general interest. Don't forget the s.a.s.e. Be sure to use YOUR full name, the information I have offered.

Housekeeping

By LAURA A. KIRKMAN

INFANT'S KNITTED SWEATER

TOMORROW'S MENU
Breakfast: Stewed Dried Apricots, Cereal, Muffins, Codfish Balls, Coffee.
Luncheon: Baked Rice and Cheese, Wholemeal Bread.
Dinner: Stewed Prunes, Tea, Cream of Spinach Soup, Halibut, Mashed Potatoes, Lettuce Salad, Lemon Meringue Pie.
Knitted Sweater for a Child from One to Two Years: Two large balls of pink or blue Shetland Floss or Zephyr Floss (or four small balls, one ounce to ball). Also one large (or two small) balls of white, same yarn. One pair bone needles size three and one-half. Back with cast on, 63 stitches and knit one inch plain, then work in pattern as follows:

Row One: * K 3, P 7, repeat from * ending with K 3. Row Two: * P 3, K 7, repeat from * ending with P 3. Row Three: Same as Row One. Row Four: Purl. Row Five: Purl five. * K 3, P 7, ending with P 5. Row Six: * K 5, * P 3, K 7, ending with K 5. Row Seven: Same as Row Five. Row Eight: Purl. Repeat these eight rows once more, then knit six inches plain. Cast on 30 stitches at each end for sleeves and knit four inches.

On the next row work the first 55 stitches onto a stitch-holder, bind off 13 for neck, and on remaining 55 start Front. Front: Knit two ribs, then cast on 12 stitches toward the front and knit four inches. On the next row bind off 30 stitches for sleeve and on remaining stitches finish front to correspond with back. Work second front to correspond with this.

Collar: With white pick up stitches around the neck, knit five inches plain, and bind off. Cuffs: With white pick up stitches at end of sleeve, knit two inches,

CHARGE DISMISSED

NEW YORK, March 12.—A charge of disorderly conduct brought against James Rennie, husband of Dorothy Gish, film actress, by Charles H. Duell, film producer, who is suing Rennie's sister-in-law, Lillian Gish, was dismissed today in magistrate court. Duell charged Rennie threatened him because of the injunction suit in which Duell seeks to restrain Lillian Gish from appearing in pictures other than his own. Duell claims prior contract right.

TASTY DISH

PARIS, March 12.—"Harengs sur le canape," or herrings on the sofa, as they say it in English, make a tasty luncheon dish that may alternate from time to time with "cheese dreams."

HONOLULU OFFICE

WASHINGTON, March 12.—The Senate confirmed the nomination of Jeannette A. Hyde of Salt Lake City, Utah, to be collector of customs at Honolulu.

Register NOW!

The Glendale Evening News urges that voters register NOW for the municipal election. Do not postpone registering, for that will mean that the deputies will be swamped at the closing hours and will be required to remain on duty half the night. Register NOW, while the deputies are not crowded with work. Deputies are on duty at The Glendale Evening News from 8 a. m. until 9 p. m.

PERSONAL NOTES

Mrs. C. O. Jensen of 1143-A East Harvard street has moved to 1137 East Stanley avenue.

Fred Pickens, who has been residing at 406 South Lincoln street, has moved to 1039 Justin avenue.

Mrs. H. L. Field of Los Angeles was a guest Tuesday of Mrs. A. S. Doolop of 203 West Burchett street.

Mr. and Mrs. Ezra Parker of Lankershim were dinner guests last night at the S. L. Gillan home, 203 West Maple street.

Mrs. Martha Gibson of Ventura has been a house guest of Dr. and Mrs. H. C. Smith of 1027 Florence place for several days.

Miss Ruth Jarrett of 2866 Colorado street, who has been seriously ill for the past three weeks, is reported to be improving.

Mr. and Mrs. William Haver, who recently sold their home on Pioneer drive, have moved to the Palm apartments on West Lexington drive.

Mrs. Mary R. Morrow of 343 Ivy street, district manager of Ancient United Order of Workmen, is anticipating establishing a lodge at Montrose.

A. H. Smith of Pittsburgh, Pa., arrived here recently to spend several months visiting with his sister, Mrs. L. Lewis Stratton of 1021 South Adams street.

Dr. S. A. Allen has moved his dental office from room 314 to suite 405 Lawson building. Dr. Allen's new offices are more commodious than the quarters he previously occupied.

Mrs. Fletcher Turner and daughter, Miss Kathleen of Hollywood, Mrs. Carl Turner and Mrs. Forrest Stockwell of Los Angeles were guests Saturday at the home of Mrs. F. A. Sweat, 1263 Thompson avenue.

Mr. and Mrs. Jasper Slotz of Linton, Ind., were entertained Saturday night at the home of Mr. and Mrs. J. B. Sherwood of 422 North Jackson street. Mr. and Mrs. Slotz were neighbors of Mr. and Mrs. Sherwood when they resided in the east. They left Sunday for Indiana.

Greet Mrs. Dodge

Mrs. M. E. Dodge of Fresno, state president of War Mothers, paid her official visit yesterday to Lester Meyer Chapter, American War Mothers of Glendale, at the meeting held at Glendale Presbyterian church. She is touring California, visiting all War Mothers' chapters. She spoke yesterday at a dinner party at the University club, Los Angeles, followed by a dancing party at the Biltmore hotel. Honorees were Miss Jones' house guest, Miss Elizabeth Farquhar of Pittsburgh, Pa., and Misses Mary Bair, Lilian Endicott and Jane Holcomb of Philadelphia, who are guests at the Ambassador.

Needlework Club
Women of the Nible Fingers' Sewing club of Mary Jane Gillette Tent, Daughters of Veterans, will meet all day tomorrow at the home of Mrs. Queen Danner, 1631 Gardena avenue. Mrs. Danner will be assisted in entertaining by Mrs. Jennie Phillips, Miss Irene Fuller and Miss Dorothy Danner.

Chats On Beauty

By EDNA KENT FORBES

ATTRACTIVE JEWELRY

Every woman craves perfumes and jewelry—almost every woman, at least. There was a time when everything had to be gold and real stones, and where the woman couldn't afford them, she bought imitation gold and glass colored into some faint semblance of the jewel she preferred. Nowadays we have a lot more sense, we realize that the semi-precious stones (which by the way, grow in variety almost weekly) are often more beautiful than the real ones, that gold is so gaudy it is generally prettier when bleached to the color of silver, and that such things as glass and enamel and even wax and celluloid compositions, have their uses as ornaments.

It is better, from the decorative point of view, to wear a string of, say large dark red gold position beads, than a thin gold filled chain and a silly curlicue pendant. If jewelry is cheap, it should be frankly so, and worn merely for its color decoration not in imitation of something expensive. Few imitations are of any artistic value.

And by the way, if you happen to have any jewelry owned by your mother when she was young, or better yet, your grandmother, get it out and wear it. In an age when they made the worst and ugliest furniture and built the queerest houses, they made very quaint and very attractive jewelry, using odd stones, hand done enameling, and queer engravings, using even plated hair. Some hair brooches are quite lovely, sometimes the hair is cut into little scenes, or silhouettes. The jewelry was heavy too, which gives it a decorative value now that only the most expensive modern pieces achieve; besides, this

Leaves for Home

Mrs. T. H. Heermans of Chicago, who has been the winter guest of Mrs. Adele W. Cannaday of 436 West Harvard street, left Wednesday morning for the home of her niece, Mrs. Maurice De Paule, in San Francisco, where she will stay for several days. From San Francisco Mrs. Heermans will go to Colorado Springs to be the house guest of Mrs. M. M. Goodyear, a childhood friend. Mrs. Heermans will return to Glendale to reside permanently. Last week she was the honor guest at a party in Long Beach, given by Miss Marletta Niel of Temple street. Mrs. Adele W. Cannaday also attended the party. Mrs. Cannaday, Mrs. Heermans' sister, and son, William Preston Gray, were week-end guests of Mr. and Mrs. William Henry Beeman of Santa Monica.

Club Luncheon

Glendale College Women's club members are to have a luncheon meeting tomorrow afternoon at the Tuesday Afternoon clubhouse. Luncheon will be served at 12:30 o'clock. Prof. Gilliland of the University of Southern California, is to speak on "Present Day Conditions in Europe." Miss Mildred Hughey is to lead community singing, and Mrs. H. W. Schroeder will give piano selections. Current events will be reviewed by Mrs. George U. Moyle. Mrs. Frank W. Parr, club president, will preside over the business hour.

Shrine Election

Annual election of officers of Omar Shrine, White Shrine of Jerusalem, will be held Saturday night at Masonic temple, South Brand boulevard. Mrs. Warren Roberts, worthy high priestess, announces that the meeting will be held at 7:30 o'clock. Members of Omar Shrine are planning a trip to the Temple Country club near Glendora, Sunday. Tables will be arranged on the porch of the club and reservations may be made by calling Mrs. Clyette Hewitt, Glendale 203-J.

Attend Meeting

Members of the Women's Missionary society of Grand View Community church attended the annual Presbyterian meeting, yesterday at the Presbyterian church, Hollywood. Those attending were: Mrs. L. B. Book, Mrs. E. Dyer, Mrs. David Black, Mrs. George R. Miller, Mrs. Charles Morgan, Mrs. John Felton, Mrs. J. A. Martin and Mrs. Samuel Meyer. Presbyterian is in session today and will also continue tomorrow.

Dinner Dance

Miss Winifred Jones of Bell-alre, Kenneth road, was hostess last night at a dinner party at the University club, Los Angeles, followed by a dancing party at the Biltmore hotel. Honorees were Miss Jones' house guest, Miss Elizabeth Farquhar of Pittsburgh, Pa., and Misses Mary Bair, Lilian Endicott and Jane Holcomb of Philadelphia, who are guests at the Ambassador.

Club Gives Party

Members of the Stitch and Chatter Club of Central Christian church made plans yesterday at the all-day meeting for a St. Patrick's party, Tuesday night, in the church bungalow. Members of the club will be invited to attend the party. Mrs. Mary Cuthbertson, president, presided at the meeting and appointed committees to have charge of the affair. Mrs. Gingerich and Mrs. D. R. Cleveland were appointed on the decoration committee; Mrs. Homer B. Miller, entertainment; and Mrs. Perry Miller and Mrs. Oscar Whitaker, refreshment. Most of the day was spent in sewing on layettes for the Red Cross. Twenty dresses were completed.

At Banham Home

Mrs. Frank W. Banham of 1225 South Boynton street was hostess yesterday afternoon to members of the Wednesday Bridge club. Luncheon was served at 1 o'clock. The luncheon table having as a centerpiece sweet peas. Tally cards and favors were suggestive of St. Patrick's day. Three tables of bridge were in play during the afternoon. Mrs. J. A. Endicott winning first prize, Mrs. L. C. Wolfe, second, and Mrs. George Bigelow, third. The club will meet March 25 with Mrs. Endicott, 423 West Broadway.

For Mrs. Braden

Mrs. Sallie Campbell Braden, deputy grand matron, will be honored at a dinner tomorrow night at 6 o'clock by Glen Eyrle chapter, Order of Eastern Star at Masonic temple, South Brand boulevard. Mrs. Mae Warlick, worthy matron, will have charge of the business meeting and a class of candidates will be initiated. The occasion is the official visit of Mrs. Braden to the lodge.

Hostess to Club

Mrs. R. K. Snow of 201 West Doran street was hostess recently to members of her bridge club. Auction bridge was played during the afternoon, twelve members being present. Prizes were won by Mrs. Zahn, of Hollywood and Mrs. Forsyth of Eagle Rock. The club will meet on March 20 with Mrs. Kasting of Hollywood.

Copyright, 1925, George Matthew Adams.

Methodist Group

An interesting meeting of the Mrs. George O. Robinson group of the Women's Home Missionary of First Methodist church was held yesterday at the home of Mrs. C. LaRoue, 1339 East Harvard street. The moving was spent in tacking comforts, and working on rag rugs. Several rugs were sold at the meeting. Luncheon was served at noon to the thirty-five members and four guests. The program for the afternoon was in charge of Mrs. R. Bolton, leader of the group, who also conducted the devotional service and presided at the business meeting.

Arrangements were completed for making the final payment of the pledge to the David and Margaret Home at LaVerne. Twenty-five envelopes for a Lenten offering were distributed in the group. The money will be used for the building fund of the David and Margaret Home at LaVerne. Mrs. Connors gave two vocal solos, "Charity" and "That Wonderful Mother of Mine." The third chapter of the study book, "Brotherhood" was reviewed by Mrs. Waters. Dr. and Mrs. Lincoln A. Ferris were present. Meetings of the group have been changed from the second Wednesday to the third Thursday. The next meeting will be April 16 at the home of Mrs. P. O. Lucas, 724 North Maryland avenue.

News of Wedding

The wedding of Miss Hazel M. Read of North Verdugo road and Everett E. Schneider of 1138 East California avenue took place yesterday afternoon, Wednesday, March 11, 1925, at 2 o'clock, at the Little Church of the Flowers, Forest Lawn Memorial park. Rev. Clifford A. Cole, pastor of Central Christian church, performed the ceremony, using a prayer book which has been in the Read family since 1847.

The ceremony was witnessed by Miss Adelle Love and Mrs. Vera M. Oldham, both of Glendale. The bride was attired in a dark velvet dress with hat to match and wore a corsage bouquet of butterfly roses. She is the daughter of Mr. and Mrs. Vernon Read of North Verdugo road, and came to Glendale the year ago from Canada. She is employed in the office at Pendroy's. Mr. Schneider is the son of Mrs. William Schneider of 1138 East California avenue and is engaged in the cement contracting business. Mr. and Mrs. Schneider left following the ceremony on a honeymoon trip and on their return will reside in Glendale.

Luncheon Honoree

Honoring Mrs. David Johnston of Nome, Alaska, Mrs. William Baker of 705 North Isabel street, was hostess yesterday at a bridge luncheon. Jonquils and corn flowers were used in carrying out the theme of the luncheon. Favors were green baskets containing jonquils. Prizes at bridge were won by Mrs. Ray Brown and Mrs. Alhman. Present were Mesdames David Johnston, Sam Warren, George Whitaker, William Reams, Howard Payne, Alhman, Arthur Criderman, Ira Carlock, Ray Brown, Roundbush, William Vandervort, Nicholas, Misses Marjorie Reams, Ethel Baker, Marie Warren and the hostess.

Club Gives Party

Elect Officers

New officers of Chapter L. P. E. O. were elected yesterday at the all-day meeting at the home of Mrs. D. L. Gregg, 240 North Central avenue. Mrs. May Emery, president, directed the meeting, and Mrs. Letitia Lusby, past president, installed the officers. Officers elected are: Mrs. Elizabeth Read, president; Mrs. May Emery, vice-president; Mrs. Anne P. Bartlett, recording secretary; Mrs. Lydia B. Border, corresponding secretary; Mrs. Myra Bartlett Hunt, treasurer; Mrs. Flora Temple, chaplain; Mrs. Mabel McGowan, guard. Delegates elected to the state P. E. O. convention in San Francisco, April 28, 29 and 30, were: Mrs. Elizabeth Read with Mrs. Margaret Campbell as alternate; Mrs. Edith Huntley with Mrs. Letitia Lusby as alternate. During the morning the women spent the time sewing on layettes for welfare work. Luncheon was served at 12:30 o'clock, the hostess being assisted by Mesdames Helen Bott, Elizabeth Read and Genevieve Goss. The next meeting will be held March 25, when the newly-elected officers will be in charge.

Kensington Club

Celebration of the eleventh anniversary since its organization and annual election of officers were outstanding features at the meeting of Kensington club of the Women's Relief corps yesterday in G. A. R. hall, 902 South Glendale avenue. Mrs. Gertrude E. Tisdale, secretary and treasurer, gave annual reports. Mrs. Anna Page, president, presided at the meeting. Luncheon was served at noon, a feature being a white birthday cake trimmed with eleven green candles and baked by Mrs. Page. Mrs. Hammond, Mrs. Frank Booth and Miss Goff were in charge of the luncheon. New officers elected are: Mrs. Nina Richards, president; Mrs. Anna Patterson, vice-president; Mrs. Gertrude Tisdale, secretary and treasurer, and Mrs. Frank Booth, press correspondent.

Joint Hostesses

Mrs. J. W. Hartman and Mrs. P. P. Evans were hostesses at luncheon Sunday at the Evans home, 1609 Glenoaks boulevard. After luncheon, five-hundred was played during the afternoon. Val Gemek of Hollywood and Mrs. Joseph Miller won first prizes and Mrs. J. W. Hartman, second, and Mrs. J. W. Hartman, second prizes. Guests were: Mr. and Mrs. Val Gemek and Mr. and Mrs. Marvin, of Hollywood, Mr. and Mrs. Doverick, Mr. and Mrs. Joseph Miller.

Card Club Meets

Double Six Bridge club members were entertained yesterday afternoon by Mrs. J. W. Hartman at 1208 Western avenue. Luncheon was served at 1 o'clock and the afternoon was spent in playing bridge. Mrs. Joseph Wagner was awarded the guest prize and other prizes were won by Mrs. Andy Williams and Mrs. Rose McLachlin. The club will meet with Mrs. V. Rapp at 403 Cameron place next Wednesday.

At Oakland Club

Mrs. P. J. Hayselden and Mrs. B. F. Baum were hostesses yesterday afternoon at the weekly bridge tea at Oakland Country club. Seven tables were in play during the afternoon. Mrs. Wells won the guest prizes and other prizes were awarded to Mrs. B. W. Sherwood, first, and Mrs. Overmyer.

Meeting Tonight

A meeting of the Y. L. I. of the Holy Family Catholic church will be held tonight at 8 o'clock at the Knights of Columbus clubhouse, 330 East Lomita avenue.

Acacia

Arrangements are completed for the old-fashioned party and box social, to be given by the Acacia Mothers' club, Parent-Teacher association, tomorrow night at 8 o'clock, at the Knights of Pythias hall, South Brand boulevard and Park avenue. Loren Mitchell will have charge of the games and will also announce the old-fashioned dances. The women are requested to bring a box with supper for two, the boxes to be sold for a nominal sum. At the meeting of the two teams, which have been holding a contest to sell cook books published by the association, held Tuesday afternoon, at the school, Mrs. R. N. Stryker's team was declared winner. Mrs. Stryker was major of the team and Mrs. Hartman was captain. Their team sold 188 books. Mrs. L. D. Torrey was major of the other team, with Mrs. W. B. Alexander as captain. They sold 163 books. The losing side will entertain the winners at a luncheon March 25.

TEAM COMPLETED

AUGUSTA, Ga., March 12.—For the first time this year, the Tiger team took the field for practice this morning complete in every detail. The full roster was accounted for when Heine Madsen came to terms with the management after a hold-out of two weeks and Bert Cole, the south-paw pitcher, arrived in camp. Beginning tomorrow Cobb will stage contests between the regulars and the Yannisians.

Tells of Islands

Beauties of the Hawaiian Islands were described yesterday morning by Mrs. H. B. Woodill, curator of the Travel department of the Tuesday Afternoon club, at the department meeting at the clubhouse. Mrs. Woodill returned Saturday from several weeks' visit in the islands.

Attend Luncheon

Mrs. A. H. Montgomery, president, and Mrs. F. H. Wallace of the Tuesday Afternoon club, attended the Red Cross luncheon today at the Biltmore hotel, Los Angeles.

GUARANTEES HIS PRESCRIPTION TO END RHEUMATIC PAINS AND REDUCE SWOLLEN JOINTS

Money Back, Says Ahlmann Drug Co., If One Bottle of Allen-rhu Doesn't Make Any Rheumatic Sufferer Rejoice

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-Four Hours. Ahlmann Drug Co. and every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if ALLEN-RHU, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment. Allen-rhu has been tried and tested for years, and really marvelous results have been accomplished even in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless. Allen-rhu relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels. It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days. Mr. James H. Allen of 26 Forbes St., Rochester, N. Y., the discoverer of ALLEN-RHU, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless ALLEN-RHU decisively conquers this worst of all diseases, and he has instructed Ahlmann Drug Co. and druggists everywhere to guarantee it as above in every instance. If you live out of town ask him to send you full particulars.—Advertisement.

GLENDALE, LOS ANGELES COUNTY, CALIFORNIA, THURSDAY, MARCH 12, 1925

ATTENDANCE RECORDS BROKEN AT MOTOR DISPLAY

AUTO LICENSE PLATE GETS THOUGHT

U. S. Department Expert
Says No Part of Car
Gets Less Attention

By ROBERT S. THORNBURGH
For International News Service.
WASHINGTON, March 12.—No part of the motor car is given less attention or more abuse than the license plate, its location and its illumination.

This statement is from Ray M. Hudson, chief of the simplified practice bureau of the department of commerce, following an intensive study of license plates and their importance as a safety factor.

With a view toward improvement of conditions, the findings of the department have been submitted to all motor vehicle administrators, police chiefs, traffic and other authorities, as well as motor clubs, automobile manufacturers and organizations interested in highway safety. The report points out the need of standards for plate punching, mountings, size of plates, size of numerals, standard for material, standard codes of numbering, location and co-ordination of color selection.

Standard Plates
"The usefulness of the standard license plate in traffic control and regulation can be greatly enhanced by study and the co-operative action of all concerned," Hudson said. "It is obvious that as the importance of the license number is accentuated or emphasized, it will have a definite effect on many would-be reckless drivers. When it becomes easier to get the number, and there is less possibility of error, many a chance-taker will drive more sensibly."

Standardization of license plates helps the car builder to provide a standard location for them, standard method of mounting and a standard method of adequately illuminating them, according to Hudson. It was pointed out that the traffic officer is aided in his work, making his inspection

(Turn to page 8, col. 4)

Jay Drivers Cited Seven Deadly Sins

Seven deadly sins of jay driving, according to compilations of the public safety department of the Automobile Club of Southern California are as follows:

1. Cutting corners. Bad for the motorist coming the other way as well as the jay driver.
2. Beating street cars to crossings. "Tried to beat"—begins the epitaph afterward.
3. Failing to slow down at intersections. Pedestrians invoke the gods for revenge against this kind of sin.
4. Turning without looking to the rear.
5. Crowding in ahead of an overtaken vehicle. This is deadly.
6. Passing a street car recklessly.
7. Failing to slow down for pedestrians. Some day they may rise in arms against the jay driver.

Mulholland Drive Will Go To Griffith Park

The City Council, Los Angeles, has transferred \$8000 to the park department for an extension of the Mulholland drive through Griffith park from Hollywoodland to Western avenue, according to a report received from the touring department of the National Automobile club. The public works committee is considering the matter of improving Huntington drive between Lifer and El Sereno avenues and the improvement of McCormick avenue between Lankershim boulevard and Vineland avenue.

San Luis Rey Bridge Ready About May 15

Latest reports from the touring department of the National Automobile club indicate that the concrete bridge over the San Luis Rey river near Oceanside will be completed about May 15 and will afford a handsome and lasting structure over this stream, closely resembling the famous Arroyo Seco structure in Los Angeles.

RUBBER SHOCK INSULATORS FOR CARS

Last Word For Comfort Is
Claimed In Latest
Auto Invention

By J. C. ROYLE,
Special Correspondent of The Glendale Evening News, Copyright, 1925.

DETROIT, Mar. 12.—Who shall have the last word? That is the question which is agitating the automobile industry today. What the automotive engineers are worrying about is the last word in riding comfort. It is predicted that the last word will not be spoken for years but one of the last words has been uttered by the introduction of a rubber shock insulator which provides a non-metallic connection between car chassis and springs.

Balloon tires and hydraulic brakes have undoubtedly added materially to riding comfort, but advocates of this latest development claim it has done even more to defer the "rattle period" which affects every motor car after the first bloom of youth has passed.

More important still from the manufacturer's viewpoint, the new device has eliminated sixteen grease cups and thirty pounds of expensive steel springs and has deferred far beyond the 10,000 mile limit, the noise which heretofore has attacked such traps. The device consists of a live rubber pocket inserted in a cradle at either end of the springs. Tests on taxicabs show that frequently sixty thousand miles have been covered before the rattle makes its presence known. Some taxi and cab companies, including the Yellow Cab company of Detroit and the Yellow Coach and Fifth Avenue Coach Co. of New York have made these insulators standard equipment. Three high passenger car manufacturers have also adopted them.

Some Fixtures Lag
While part of the motor industry is lagging, there are many instances of quickening demand observable here. At least three makers are hiring more men and increasing production. The Hudson company has increased its

Dealers Have Power, Speed

Have you attended the automobile show? The members of the Glendale Motor Car Dealers' association are affable hosts at the big tent on South Brand boulevard; they are making their guests comfortable, providing them with excellent entertainment and furnishing a comprehensive exhibit of the latest and best in all makes of motor cars. And the admission price is so small that no one may claim they cannot afford to give their encouragement to the automobile dealers in their effort to show the world that Glendale is a live community and an important automobile center.

We would have you look at this magnificent limousine, the last word in grace of line, beauty of finish and luxuriousness of equipment. Marvelous as it is, do you realize that the most important part is concealed? The real power of this beautiful car is not apparent as it stands there on the floor. Ah, here is a salesman who lifts the hood and shows us the powerful motor which speaks for the speed of the car.

This limousine exemplifies the spirit of the automobile industry in Glendale. You knew this business was important, but you did not realize its extent, you could not tell how much it contributed to the life and progress of the city. This automobile show is the lifting of the hood to show the power and speed of the Glendale Motor Car Dealers' association and the importance of their work and activity in the community. This exposition is proof that these men stand for progress. Only very live men sponsor and promote community events of this kind.

We, the people of Glendale, must make our automobile show a success and we must show our appreciation of the auto dealers and allied business by giving them our patronage.

Honks Along Gasoline Row

Some realistic photographs of automobile wrecks, some of them in which deaths occurred, are pulling business for Johnston & Fraley, insurance brokers of 105½ South Central avenue. Their booth is near the lower end of the big tent.

The first Glendale auto show would do credit to an eastern city of far greater population, in the opinion of Charles E. Morse, Chicago, representative of a big clothing house in that city. Morse was in Glendale yesterday and spent several hours at the show.

The Hupmobile Eight is attracting much attention at the show this week, according to H. S. Swanson, local dealer. It is a new series, the first Eight ever built by Hupmobile. Swanson claims for it that it has the shortest, most compact eight-in-line engine ever built. It produces more power per cubic inch of piston displacement than anything that has preceded it, he says. A number of promising prospects have been obtained by Swanson during the first part of the show.

An added musical program is scheduled for tonight, it was announced by P. A. Kelley, chairman of the show committee of the Glendale Motor Car Dealers' association. A song recital and eccentric dancers are also listed for appearance on the big stage under canvas.

A long row of gas heaters that has been strung down the center of the auto show tent has increased attendance and has put everybody, from attendants to guests, in a much more amiable frame of mind, according to Lyman P. Clark, president of the association. The interior of the tent is kept at a warm temperature despite the unusual tang to the outside air.

Just as the owner of imitation pearls looks forward to the time when she can possess the real thing, so those who drive near-Packards and imitation Packards will continue to hope some day to possess the real Packard. Dixie Motor Co. salesmen are telling visitors at their booth. They claim their masterpiece has been imitated largely because it is a car of such excellence.

James V. Hough, Chevrolet dealer, has a car at the show that is not for sale, an unusual situation in motor car annals. And it is that machine that so many show visitors are trying to buy. Some of them look at it, yank out their check-books and ask "how much?" And, always the answer is the same. It isn't for sale. It is the little model that sits on a pedestal in the Chevrolet booth. Mothers want it for their boys. But Hough says it runs too fast for youngsters to sit at the wheel.

Damage Claims Jump With Auto Accidents

The ever-mounting toll of human lives and limbs, following in the wake of the increased number of automobile accidents, has caused a very noticeable increase in the frequency of damage claims for public liability and property damage, according to the insurance advice department of the National Automobile club. The number of claims for damages paid during one year for every one hundred private passenger cars insured in these two lines shows the claim frequency in the Los Angeles territory to be somewhat lower than the country-wide average. The figures follow:

	Public Property	Liability Damage
New York City	19.4	25.7
Chicago	6.5	16.3
Los Angeles	2.4	12.4
Country-wide	5.1	15.3

Property Owner Puts Crimp in New Highway

The Orange county supervisors have notified the State Highway commission to stop further proceedings toward coast highway between Laguna Beach and Serra until right-of-way has been secured. The county has agreed to provide the right-of-way, but one property owner has threatened suit to enforce an award amounting to several hundred thousand dollars which the county cannot finance at the present time. According to a recent report received from the touring department of the National Automobile club, the property in question is located at the mouth of Aliso creek.

License Plates Urged Made In State Prison

Will H. Marsh, chief of the state's motor vehicle department, is an advocate of the manufacture of California's motor vehicle license plates, and those of other nearby states as well, in one of the state prisons of California, according to the legal department of the National Automobile club. While no financial saving would be made, an opportunity would be provided for prisoners who would be paid for their work to accumulate a "stake" when they leave the prison.

CHEMICAL PAVEMENT
LOS ANGELES, March 12.—The new Mulholland highway may be provided with a "chemical pavement" it was declared today by De Witt Reaburn, construction engineer who recently completed the scenic mountain drive.

Its average speed is 70 miles an hour, operated by a motorcycle engine. It was formerly a circus stunt car, used for looping the loop.

Ernest Roscoe, wholesale representative of the Oldsmobile in Southern California, came over from Los Angeles last night, and gave "Bill" Hunter a hand in selling Oldsmobiles to the record crowd that attended the show. "He can talk Oldsmobile faster than I can, and that's going some," was Bill's recommendation for his Los Angeles friend.

AUTO CLUB IN SQUARE DEAL ROAD PLEA

State Body Reports Southern
California Is Backing
Stand On Highway

Reports from all sections of the southern part of the state indicate that general and vigorous support is being given to the attitude of the Automobile club of Southern California in the future state highway program.

At a meeting of newspaper publishers, county supervisors, officers of civic associations and other leading citizens, the motoring organization frankly stated its position and the reasons for the stand taken.

Since this conference letters have been received endorsing the position of the club and offering support to its program.

Square Deal Asked
Briefly, the big motoring organization, representing 105,000 automobile owners in Southern California, asks that a square deal be guaranteed in future distribution of highway funds before any additional taxes for road construction are levied.

The club opposes an increase in motor vehicle license fees, and the gasoline tax, for the reason that it has not been shown that such increase is necessary. The club is fundamentally opposed to the use of the motor vehicle fund for the construction of new highways. It holds that money expended for new highways is a capital investment, and that the burden of costs should be equally distributed among the people benefited through such highways. The motorist as such, represents only a part of those benefited, and it is unfair to place this additional burden upon him when he is already paying his full share of taxes as a citizen.

It opposes present legislation

ORANGE COUNTY AUTO DEALERS VISIT SHOW

Many Visitors From Nearby Cities Are
Among Those Present at Big Tent;
Special Prizes Are Awarded

By P. M. CONNELLY
Of The Evening News Staff.

A throng, increasing in numbers over the early nights of the exhibit, broke the attendance record for the Glendale automobile show yesterday, according to Harry LaBrique, who made a check of the box office receipts at 10:30 o'clock last night and announced that 3227 persons paid to enter the tent during the afternoon and night. This is approximately 700 more than attended the show on Tuesday.

Mr. LaBrique who is managing director of the show, expressed his surprise and pleasure at the increased interest on the part of the public. He said that it was notable that those attending the show last night were to a great extent not Glendaleans but visitors from other cities who have heard of the Glendale auto show.

A large delegation of Orange county automobile dealers from Santa Ana and other communities of the neighboring county attended the show last night, headed by R. W. Haley. Orange county dealers are preparing to stage a show similar to the one now under way here and came to Glendale to get pointers from local distributors.

Mr. Haley paid glowing tribute to the local exhibit in these words: "I just witnessed the Chicago automobile show and although they had a larger show there it wasn't any better than Glendale's. The displays weren't any prettier."

Many of the exhibits of earlier in the week were changed by the distributors last night. Several displays had taken on larger floor space and also increased the number of cars on exhibit. The show therefore attracted not only the interest of those who had not visited it before but likewise many who had returned for a second or third time.

Look Over Displays
Although the crowd was larger than on previous nights, the big

USED CAR EXHIBIT GIVEN ATTENTION

R. W. Hogan And Raymond
Kimball Offering Variety
At Open-Air Show

The "mammoth used car open-air show" that is now being conducted by the City Used Car Market, 208-10-12 West Colorado, is attracting considerable interest and attention, according to the proprietors, R. W. Hogan and Raymond Kimball.

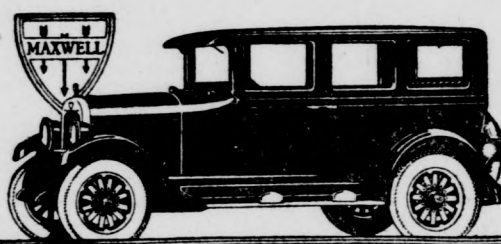

One of the most complete lines of guaranteed used cars that is to be found anywhere in the city is on display. Almost every make from a Ford to a Packard, including the various models are on the lot. Every car, asserts the management, is placed in first class mechanical condition and is guaranteed to be right when sold.

An invitation has been extended by the firm to the public to visit its open-air show, regardless of whether or not one is interested in the purchase of a car. The purpose of the special display this week said Mr. Hogan, is simply to demonstrate to the public what a comparatively small amount of money will purchase, in the way of a guaranteed used car.

JAVA COTTON

Although people of Java have cotton in nearly every piece of wearing material, there is only one cotton mill on the island, and that is at a prison.

Popularity Like this Means Appreciation of Greater Values

The Standard
Four-Door
Sedan
\$1095
f. o. b. Detroit,
tax extra

The new good Maxwell has won such hearty approval here and everywhere, its popularity is a matter of comment. There can be no question that the car offers advantages never before found in a four.

There are logical reasons for this advance over conventional results.

First, the determination of Maxwell-Chrysler engineers to develop the four-cylinder principle to its fullest extent.

Next, the marked and recognized advantage in experience and resources of one of the largest and strongest quality manufacturing organizations in the industry.

Furthermore, the new good Maxwell is truly a "manufactured" car. The entire car, almost to the smallest detail, is built in the great Maxwell plants.

Naturally, with all these advantages the new good Maxwell offers higher quality and finer motoring at a surprisingly low cost.

The car's popularity means that the public has discovered this fact. To put the matter briefly, you have only to observe the growing number of new good Maxwells on the road to understand the wide-spread appreciation of Maxwell's higher quality and greater values. We are eager to prove it in a demonstration.

Seeking Information His Job

OUTDOOR FRANKLIN, pilot of the Western Auto Supply Co. scout car, starting on his tour of the country in search of camping and fishing information. Mr. and Mrs. George Pepperdine, president and vice-president of the company, bid farewell to Franklin and wish him "good luck" on his journey.

"Outdoor" Franklin is about ready to take to the road again.

With a new sport car fitted with every needed accessory and camping convenience Franklin will set out from Los Angeles within a few days to begin gathering first hand information regarding roads, camping places, hunting and fishing—every sort of outdoor information imaginable.

able, for the benefit of the information bureaus of the scores of stores of the Western Auto Supply Co.

In the course of his travels this year the road scout expects to visit every one of the nine western states in which the Western Auto Supply Co. is represented, and his journeys will take him as far east as Denver and over the country from the Mexican border to Canada. He will visit all the national parks in this vast territory and collect all valuable information concerning the best roads into them, camping facilities, etc.

According to C. H. Roudebush, local manager of the Western Auto Supply Co., the photographs and information that Franklin's researches will collect will be a very valuable addition to the service of the company.

AUTO BODY WORKS MAKES CARS OVER

Provin Firm Proprietor Says
Any Machine Can Be
Made Like New

"That almost any car despite its age, can be modernized and brought up-to-date," was the assertion of L. O. Provin, proprietor of the Provin Body Works, 116 North Maryland, today. All that is necessary he said, is to have the body rebuilt to conform with the lines of the newer models. This can be done in many instances at a comparatively small cost.

This concern makes a specialty of modernizing cars and in instances where an expensive make of car is owned it often proves good business from the standpoint of economy to rebuild the body with new features and refinements rather than to dispose of it in some other manner.

Other outstanding features of the service provided by this firm are seats cut for sleeping, auto body and fender repairs, doors rehung and repaired and welding and brazing.

News want ads bring results.

Shock Insulators Of Rubber For Autos

(Continued from page 7)

production schedule from 700 to 800 cars a day. Officials say that if incoming orders continue at the present rate, the schedule must be raised to 1,000 cars by March 1. The Packard company is running far behind in delivery of single six models. In this city, purchasers can not secure delivery of Packard sedans until April 1. The company, now operating on a schedule involving production of 1900 cars will advance the rate to 2,000 a month in March.

The Dodge Brothers factory has boosted production from 750 cars a day to 800 and officials say their sales curve has begun to show a steady upward trend. The Chevrolet company has orders on its books for 3700 closed cars which can not be delivered because the supply of bodies for these vehicles has fallen far behind. Several owners of new Chevrolets here are renting their cars to dealers for show purposes. The company expects to sell in the neighborhood of two million units this year.

Balloon Tires

The adoption of balloon tires on Ford cars is proving a big sales incentive. The company is offering these tires with steel wheels as optional equipment at an increase of \$25 over list price. Some talk of a new six cylinder Ford the company flatly deny such a car.

The consensus of opinion here is that the Ford company will not change prices either up or down, but will follow the policy of giving more for the money through improved equipment. The Continental Motors Corp. has received an order for 2800 motors for Locomobile Junior eights and reports that the Jordan, Moon and other makes using Continental motors have increased orders.

With the exception of a half dozen companies, releases for shipments of materials are increasing but the policy of caution is by no means being discarded, although makers are convinced that high wheat prices are going to mean a big demand from the rural communities as soon as spring appears.

Auto License Plate Is Called Big Factor

(Continued from page 7)

easier, more accurate and positive.

"The motorist gains to the extent to which such uniformity makes motoring safer for him," he continued. "For the pedestrian it means he can make surer mental note of the reckless driver who almost 'got him.' Increasing the emphasis on easy identification of offenders would make it possible for the careful motorist to adopt the etiquette of the sea—where captains do not hesitate to report to the proper authorities those who willfully or otherwise violate the rules.

"License plates, it was pointed out, range in dimensions from eight to twenty inches long and from four to six inches wide, with punchings which in but two-thirds of the States fit the slots provided. They offer no uniformity in the size of number, the spacing of digits nor the position and location of the State initials, nor of the year of issue."

Color Co-ordination

As to color co-ordination, it was advocated that combinations must be chosen with regard to those of neighboring states. Hudson said that if the color combinations continue to play such an important part in car identification, traffic officers must have eye-tests for color value releases.

"War-time experience in camouflage demonstrated that visibility of certain colors is so uncertain as to bar them as choice for tags," he continued. "Scientific selection methods and assignment of color distribution to the various states in a manner calculated to keep like or similar combinations relatively far apart would make the plate a more significant means of identification than it is today."

MITCHELL UPHELD

SACRAMENTO, March 12.—A resolution "severely condemning" the national administration for demotion of Brigadier-General William Mitchell was offered in the Assembly by Assemblyman Lewis.

NEW AJAX CAR IS FINALLY REALIZED

Plans For Active Production
Complete At Plant In
Racine, Wis.

Reports from the Ajax Motors Co., at Racine, Wisconsin, a subsidiary of the Nash Motors Co., indicate that plans for active production are rapidly reaching maturity. This news will be warmly welcomed by the industry and public, since it promises to dispel the many conflicting rumors concerning the character of the car which have been circulating for months.

While it is evidently the determined policy of Ajax officials to guard jealously the descriptive details of the new car until the very day of its public presentation, the following statement by C. W. Nash, president of the Nash Motors Co., and of the subsidiary organization, definitely establishes the position the new Ajax will assume in the industry and the reason for its introduction.

No Excuse

"There is no excuse today," said Mr. Nash, "for the existence of any motor car that does not definitely contribute to the progress of the industry. Perhaps the chief reason that many companies have dropped out of sight in the past two or three years has been that they were building cars that had no real place or served no specific purpose in the automobile world. While it is still too early to disclose the details of the new Ajax, I wish to go on record as saying that it is being designed and built to fill a very clear-cut and distinct place in the industry. It will bring to its field and its price level an element of utility, a degree of style and refinement, and a thoroughness as to detail that abundantly will justify its introduction. In fact, its mechanical construction embodies features of genuinely advanced character for its price-field.

Possibilities

"It is obvious that we are in a position to build into the Ajax all that can possibly be put into a car of its price-level. The Ajax Motors Co. is backed by Nash Motors with its great resources. There is our long and successful experience in manufacturing high-grade motor cars to draw upon. And behind these practical advantages is our deliberate purpose to produce in the Ajax a car that will be an important contribution to the motor car industry—a car that will in every element serve as an index to the modern development of automobile engineering."

NEWS CLASSIFIED ADS FOR BEST RESULTS

FOR TEN YEARS

"The World's Greatest Buy"

Everyone Says It—Sales Prove It

Hudson is not called "the World's Greatest Buy" for today alone. That is acknowledgment of ten years' constant refinement of a great car around the famous patented Super-Six principle.

The reasons for that position affect all motor car buying. They cannot be ignored.

A supreme and exclusive motor principle, added power, smoothness, performance, without added weight, cylinders or cost.

The largest production of 6-cylinder closed cars in the world—and the value advantages of that position.

Actual proof of greatest value—which is SALES.

And now the greatest price advantage with the finest quality Hudson ever offered.

It is only as you find the real comparisons for Hudson qualities among the costliest cars that the enormous difference in price is so astonishing.

All now know that higher price can buy no smoother performance than Hudson's. It cannot buy more brilliant results in pick-

up, power or speed. It cannot buy greater reliability or endurance.

And with all this capacity and flexibility Hudson keeps the economy, simplicity and easy maintenance of the "Six."

At today's prices need you own a lesser car? Can a costlier car satisfy you more?

Sets New Stock Car Record

RALPH MULFORD in a Chandler roadster at Culver City just after he had finished driving 1000 miles in 11 hours, 29 minutes and 54 seconds, thus making a new mark for drivers to shoot at when it comes to getting speed out of a stock car.

Barton Brothers of 1119 South Brand boulevard, the new Chandler and Cleveland dealers of Glendale, have been fortunate in securing the Chandler roadster for their display room during the Auto show, with which Ralph Mulford at Culver City on February 5 drove the fastest thousand miles in automobile history, making this distance in eleven hours, twenty-nine minutes and fifty-four seconds. This is almost an average of eighty-seven miles per hour. Nothing but an aeroplane has traveled a thousand miles so fast. The first two hours was run in a dense fog on a slippery track. The Chandler was afterwards checked as a strictly stock car, except for high gear ratio, by Harry Miller, foremost racing engineer.

The car has not in any way been changed or overhauled since it came off the track, except for repainting and is in perfect condition, officials state.

Barton Bros. have also on display in the auto show two trophy cups recently won by the new Cleveland. The cup for a stock car making the fastest time up Mt. Wilson was recently won by Ralph Mulford in one of the most spectacular drives ever made. In the Cleveland he covered the nine and one-half miles of treacherous mountain roads in 24 minutes, 47.04 seconds, and lowered the previous record on this road by over one minute, formerly held by Ralph De Palma.

In speaking of the trip Mr. Mulford stated that the Cleveland never failed to answer the throttle and in many places he had more power than he could use around the treacherous hair-pin curves. The road has a rise of 4636 feet in nine and a half miles and varies from ten to sixteen per cent in grade. There are nearly 150 sharp dangerous curves and the road is rough and slippery, yet the famous Cleveland motor surged its way up the

rugged sides of the mountain without hesitation to the most desired performance record in the annals of the automobile history, officials state.

The other cup Barton Bros. have on display is the Pomona Bulletin trophy won by this same car with Mulford driving and W. R. Sias of the Bulletin as a passenger. The car was put in high gear and the gear lever sawed off to prevent changing. The car was then started up the mountain which is full of twists and turns and with grades as high as 23 1/2 per cent, the Cleveland clipped off two minutes and eight seconds from the previous record. Upon completion of the race the gear ratio was carefully checked by the officials as strictly stock.

Oregon Now Has Auto Law Like California's

Through the efforts of the Portland office of the theft bureau of the National Automobile club, the Oregon state Legislature has just passed a certificate of title law similar to that of California. Joseph Keller, manager of the theft bureau is deserving of considerable credit for the manner in which he convinced the committeemen of the necessity of such a law to lower the high theft ratio in that state. The secretary of state will handle the title registration department as he is also at the head of other matters pertaining to automobiles.

NEARBY DEALERS VISIT AUTO SHOW

Delegation From Santa Ana Look Over Exhibits As Attendance Grows

(Continued from page 7)

ment for the act was furnished by Fred Deal, manager of the local telephone office.

After the entertainment Mr. LaBreaque announced a short intermission and then stepped to the stage again. This time he drew a dozen lucky numbers from the large box of canceled tickets that had been received at the door. Those holding duplicate numbers were awarded handsome accessory prizes with several cash awards. Special prizes for the lucky ones

were announced for tonight and Friday by Mr. LaBreaque.

Expects Large Crowd

Even larger crowds are expected to attend the show from this point forward. The favorable advertising the displays have received to date assures this, Lyman P. Clark, president of the Auto Dealers' association said. The show is being talked of in Hollywood and other neighboring cities with the result that many persons from out of town will be here Friday and Saturday.

Saturday especially should be a big day, Mr. Clark said, with the Glendale air rodeo scheduled to start in the afternoon also. The combination of events should draw many hundreds of visitors, he said.

FOREIGN STUDENTS

BERKELEY, March 12.—

Aloofness is the outstanding characteristic of all foreign students on the University of California campus according to Andres L. Palma, treasurer of the Cosmopolitan club at the university.

Second Road Proposed Thru Cahuenga Pass

Detailed plans and estimates are now being prepared by D. L. Reaburn, construction engineer who recently completed the Mulholland highway, of cost for the construction of a second new road through the Cahuenga pass. The proposed new road would be on the east side of the pass, and according to recent advices received from the touring department of the National Automobile club, many property owners have indicated their willingness to provide the needed rights of way without cost to the city.

MYSTERIOUS MYSTERY

DENVER, March 12.—The mystery surrounding "Jack" Taylor, eccentric ranchhand, who burrowed into a huge strawstack on the ranch of M. C. James, near Parker, Colo., twenty-five miles east of here, and remained buried for forty-eight days before being rescued, half dead, remains unsolved.

DRY AGENT'S CASE OVER TO APRIL 1

Former U. S. Prohibition Man Is Charged With Falsifying Accounts

(Continued from page 7)

SACRAMENTO, March 12.—Trial of Walter Greer, former federal prohibition agent in charge of the Sacramento district, and Bart C. Greer, his cousin, on charges of falsifying expense accounts against the government, was postponed until April 1 by Federal Judge George Bourquin.

Bart Greer also will stand trial in April on a charge of impersonating a federal officer.

The case was scheduled to open yesterday with trial of the two men on an indictment returned recently by the federal grand jury, alleging that illegal charges were made for auto hire

during Walter Greer's term as prohibition agent here. In a third indictment, Bart Greer is charged impersonating a federal officer.

Federal Judge Bourquin ordered the jury to return a verdict of not guilty on the first count Tuesday, on the ground that no evidence had been introduced to connect Walter Greer with the alleged plot of Bart Greer to extort money from bootleggers, and that the case of Bart Greer did not fall within his jurisdiction. He declared that action should be started against Bart Greer by the Sacramento county district attorney on a charge of violating the national prohibition act.

SHIP CANAL

SACRAMENTO, March 12.—Construction of a ship canal, thirty feet deep and 160 feet wide at the bottom, connecting Sacramento with deep water in San Francisco bay, at a cost ranging from \$12,000,000 to \$20,000,000 today was recommended to the Sacramento Deep Water commission by C. E. Grunsky, eminent consulting engineer.

Auto Club Backed In Stand On Road Policy

(Continued from page 7)

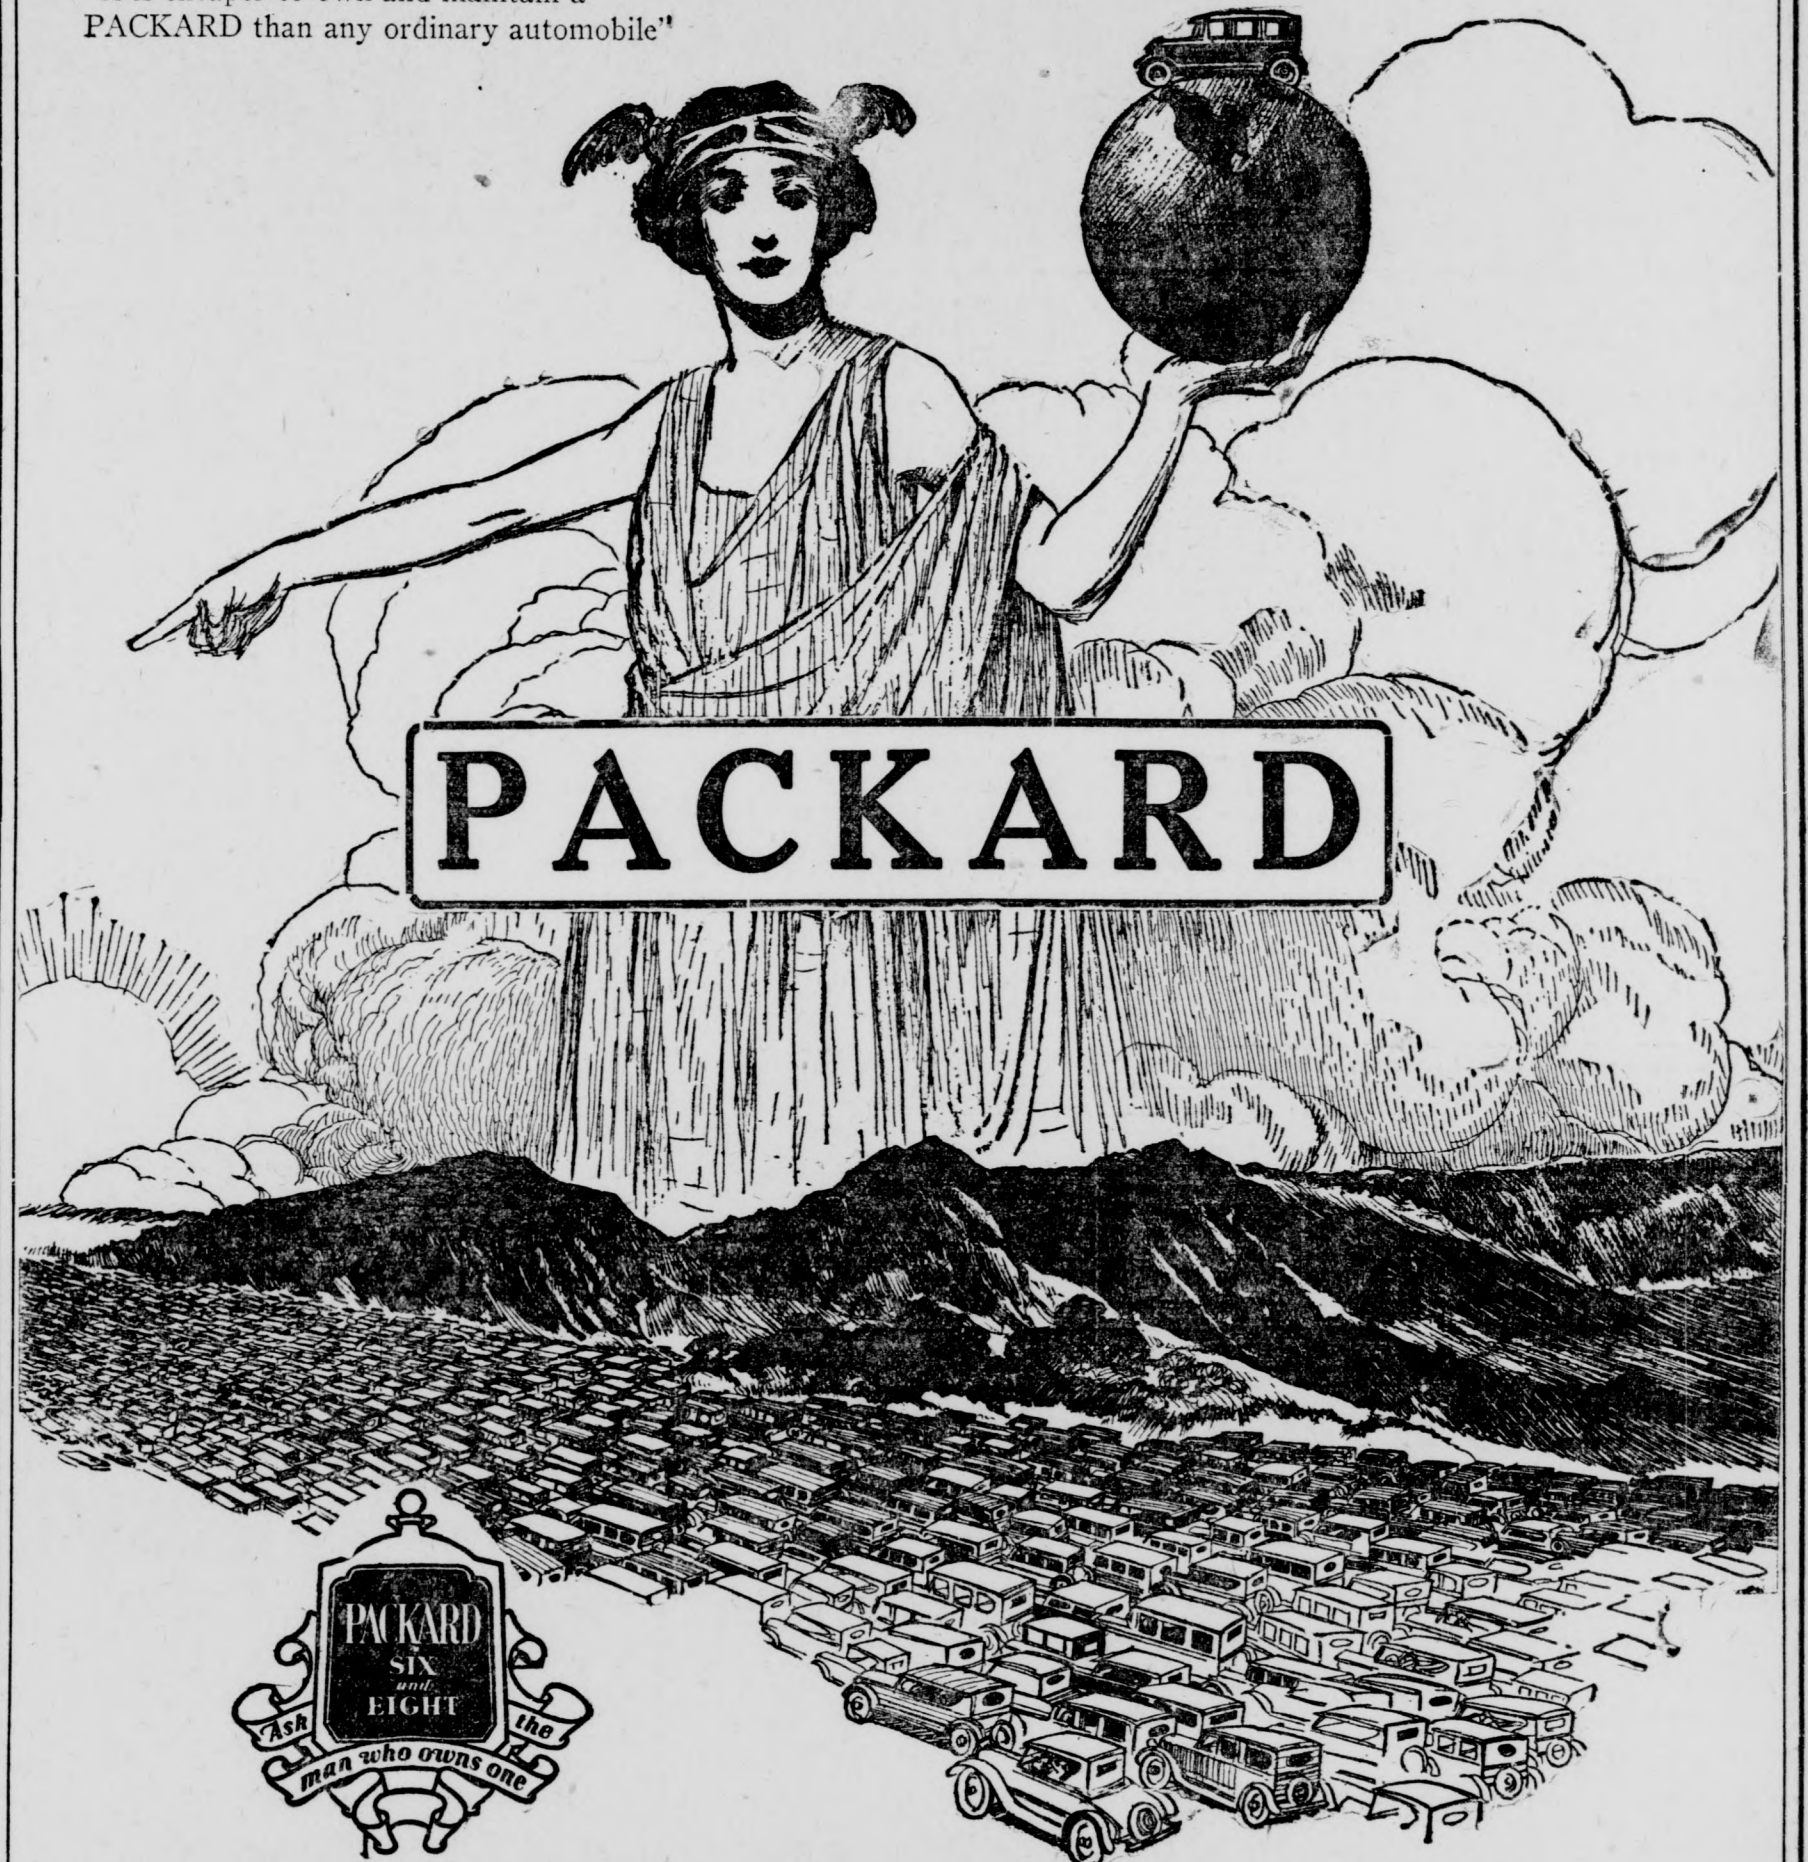

that will include many additional miles in the state highway system that already will require more than \$200,000,000, and more than ten years' actual work to complete. Under the plan proposed by the club, it will be possible to continue the state highway work and maintenance in adequate measure without saddling the people, and particularly the motorist, with additional tax burdens.

Many of those endorsing the position of the auto club state frankly that the state highway program of the future is highly technical and they are perfectly willing to accept and follow the findings of the experts of an organization that for the past twenty-five years have been in the forefront of highway development in the state, without any selfish ends and always seeking the greatest good to the greatest number.

Silver Lake Drive Is Getting Under Way

The Silver Lake and Fletcher drive route about three-quarters of a mile northerly of Alessandro street and extending from Glassell avenue and York boulevard to Beverly boulevard, Los Angeles, is well under way, according to a recent report received from the touring department of the National Automobile club. This will prove to be a very valuable crosstown artery, passing to the north of the congested portion of Los Angeles. It will be eighty feet wide.

"It is cheaper to own and maintain a PACKARD than any ordinary automobile"

The Apex of Motor Ingenuity!

EVERYBODY has their own ideas, own tastes and personal requirements to consider in determining the type of automobile best suited to themselves. Some lean toward lavishness of equipment; others toward moderation in price and still others place power, speed, endurance or smooth performance as their paramount preference.

THE PACKARD is the car with the widest appeal because it ingeniously combines all these elements plus many more to a most satisfactory degree and at a price that most people like to pay for first and furthest economy.

MAXWELL PROVES SLOGAN IS TRUTH

Lyman P. Clark, Dealer Also
In Chrysler, Tells Why
Cars Are Reliable

"When the Maxwell-Chrysler organization broadcast the slogan that the new good Maxwell could go twenty-five miles to the gallon, that it could develop a speed of fifty-eight miles an hour and that it could accelerate from five to twenty-five miles in eight seconds, it was making a claim that was the direct result of a carefully thought-out plan in the manufacture of the car," said Lyman P. Clark, Maxwell and Chrysler dealer, 124 West Colorado street.

"The gasoline mileage, flexibility and speed are the pre-determined result of carefully calculated balance, scientific carburetion and gas distribution, and of the most painstaking workmanship. Every piece of material that goes into the good Maxwell is subjected to the most severe tests and to the closest inspection, not only the samples but every part used going under the most rigorous tests.

"This will prove that the records that have been made by the Maxwell cars are not the result of any hit-and-miss system or of chance, but because they have been built, from start to finish, to give high-grade performance, and because the engineers have designed the Maxwell to be good from bumper to bumper."

The Maxwell and Chrysler models that have been on display at the Glendale auto show have attracted a large share of attention, three of the latter having been sold to visitors to the show.

STUDEBAKER CAR WINS FOURTH CUP

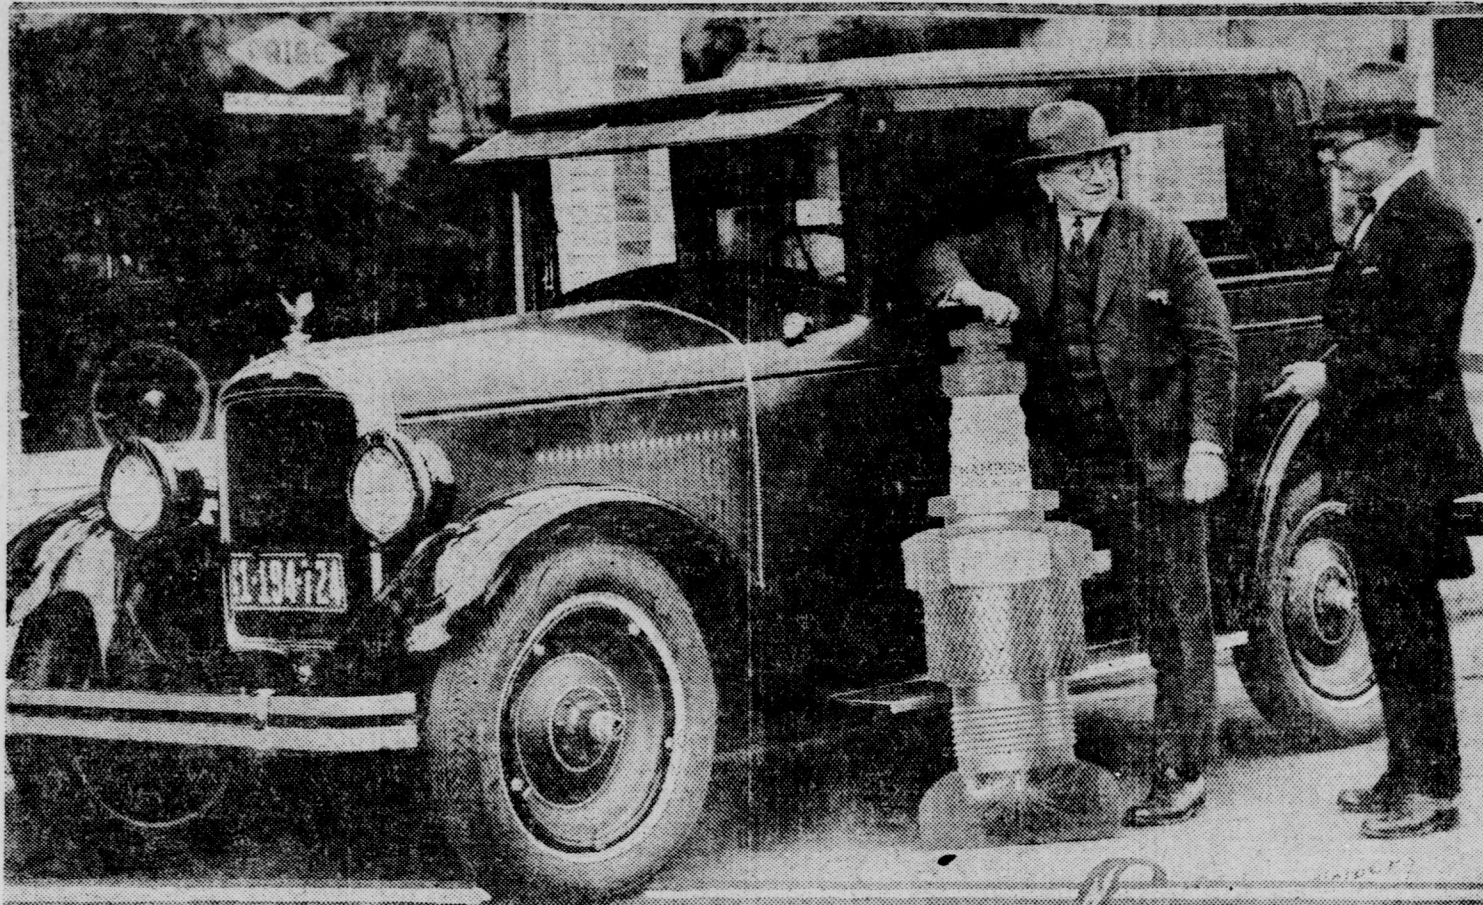

Gran Premio of Argentine
Auto Club Trophy Is
Taken By Angel

For the fourth consecutive year the Gran Premio of the Argentine Automobile club has been won by a Studebaker car, each year with a different driver. This year an Angel came in first in this great South American road race of 805.4 miles, lowering all records for the course, according to Donald H. Packer of the Packer Auto Co., 245 South Brand boulevard, Glendale distributors of Studebaker automobiles.

The Angel who this year won the great Argentine classic against muck and mud, rocks, ruts and hills, was Angel Luis Marelli, Mr. Packer states. Bearing the number thirteen, which was no hoodoo for him, this daring Latin American driver led a field of twenty-four starters from the start to the end of the course, which broke down all but nine entrants. The route was from Buenos Aires

His Choice Is Jewett Brougham

A. ROSS JARMAN, resident engineer on the Pacific coast for the Champion Spark Plug Co. of Toledo, Ohio, is shown standing with his hand on the monster spark plug placed beside the new Jewett brougham he purchased from the D. R. TOMPKINS MOTOR CAR CO. of Glendale.

DOHENY OIL SALE REPORTS DENIED

Secretary To Magnate Says
Re-Organization Steps
Incited Rumor

NEW YORK, March 12.—Denial of a report printed here that Edward L. Doheny had begun negotiations for the sale of his Mexican oil properties was made today by the oil magnate's secretary. The secretary said plans were under way for a reorganization of the Pan-American company's Mexican and California properties for the purpose of handling these two interests.

The two properties he said, if the plans go through, will be taken over by separate corporations as subsidiaries of the Pan-American company.

to Rosario to Cordoba and return.

His time was 21 hours, 27 minutes. The best previous record was 24 hours, 45 minutes, set by a Studebaker last year when Mariano de la Fuente won. Paris Gialini, also in a Studebaker Special Six, was second.

ENGLISH PRAISE PACKARD SIX CAR

Dixie Motor Co. Product Is
Called Best Auto In
Whole World

The Dixie Motor Co., 1129 South Brand boulevard, is proudly displaying a reprint from The Tatler, London, Eng., of April 11, 1923, a true English tribute to American engineering:

"It has to be a pretty good Yankee car that can overcome my initial prejudice; but when after doing that it contrives to fill me with an uncontrollable lust for possession, that I can assure you it is something right out of the common run.

"The single-six Packard costs in England something under nine hundred pounds, and is, in my humble opinion, as near being the very best car in the world. I heartily wish the Packard were British.

"If I had leisure and one of these cars," would like to drive 'round Coventry, Birmingham and Manchester and other places where motors are mostly made, and take British managing directors out for a run, just to show them, you understand."

The hardest person to sell any make of an automobile to is the engineer who has been connected with the automobile industry for many years, but when such a man picks out a car for his own use he generally takes into consideration the salient points before making his decision, is the opinion of D. R. Tompkins, of the D. R. Tompkins Motor Car Co., 219 West Colorado street, distributors in Glendale, Eagle Rock and Burbank for the Jewett and Paige cars. He adds:

"One of our salesmen, I. F. Hassad, recently earned the right to congratulate himself on his ability as a salesman when he sold a Jewett brougham to A. Ross Jarman, resident engineer on the Pacific coast for the Champion Spark Plug Co. of Toledo, Ohio, a man who knows automobiles from bumper to bumper through long experience, and a man who ranks with the best posted engineers in the country on real motor car values.

"Mr. Jarman stated when he took delivery of his Jewett brougham that he knew he was getting the greatest in automobile value and that no one could now pass him on a hill. During the week in which he purchased his new Jewett he had a visitor, R. A. Stranahan, president of the Champion Spark Plug Co., who enjoys his winter visits to Southern California, and the chief warmly praised his assistant's selection of a Jewett brougham."

AUTO BATTERY IS PUT ON DISPLAY

Demonstration Of Devices Is
Featured At Booth Of
Local Concern

Outstanding among the automobile accessory exhibits at the Glendale automobile show is that of the Cizek Auto Electric Co. of 300 South Brand boulevard. Prominently displayed for inspection and demonstration are the famous line of Willard batteries for both motor cars and radio sets, Eclipse reflectors, Gabriel snubbers and a line of magnetos and generators.

In connection with the present drive of the state motor vehicle department for legal adjustment of all lights on automobiles, this concern is rendering a special service to the motoring public. Besides holding a state appointment as an official headlight adjusting station, they not only strive to make the lights conform to all legal requirements, but to furnish the owner the best possible light of which his equipment is capable.

Gabriel snubbers, said Mr. Kuhn, are standard equipment for half of the cars manufactured today, while the other half drill the necessary holes in the frames, so that they can be easily installed as additional equipment if desired. Automotive electrical experts are on duty day and night at the booth of this concern and will gladly demonstrate or explain any feature of service desired. The firm's business motto is "Through Service We Grow."

BRITISH VIEW

LONDON, March 12.—British commerce is seaborne. During the last war the British had experience in striving to cope with submarine warfare and they know how difficult it is; therefore they are anxious to eliminate this phase of modern warfare.

MABEL NORMAND

HOLLYWOOD, March 12.—Mabel Normand is suffering the penalty of adverse publicity. Whether her "antics" will ever again be screened is doubted by many.

PARIS DRESSES

PARIS, March 12.—Jean Patou, the prince of Paris dressmakers, is showing the influence of his recent journey to America. In many of his spring models 'st appearing.

TWO YEARS SPENT TO PERFECT HUPP

New Eight Model Shown By
Swanson In Glendale
of Highest Type

Nearly two years of preparatory and development work have preceded the advent of the Hupmobile Eight in Glendale, according to H. W. Swanson, 228 South Brand boulevard, local dealer. Not only was the highest type of selective and scientific engineering ability called forth, but Hupmobile manufacturing and quality standards of sixteen years were to be maintained and improved on, where possible.

So the new Eight, according to Swanson, is being produced in a new and specially designed plant of its own, dedicated to new processes and finer manufacturing in many ways than even Hupmobile formerly employed.

"On a pound for pound basis the Hupmobile Eight is being built and priced more economically than any comparable car," said Swanson. "The great compactness of the engine is possible because Hupmobile is using a crankshaft of new design, and because at great cost Hupmobile has developed a new valve mechanism, based on aeronautic practice."

GLORIA'S MARQUIS GETS GOOD LAUGH

French Political Daily Dubs
Film Star's Husband
As Ex-Bartender

PARIS, March 12.—Marquis De La Filaude, husband of Gloria Swanson, had a good deal of fun today out of the charge of Quotidien, political daily, that he was once a bartender.

"No, I never was a bartender," he told International News Service with a laugh. "But I don't consider the newspaper's attack as especially insulting, as a bartender may be an honest man."

The origin of the report that the marquis had "tended bar" was a story in Quotidien, saying: "A mere star, Gloria S. (the last name was not given) needing an interpreter to study a French scenario found a Frenchman behind a bar in New York who was a marquis."

The marquis claimed his first trip to the United States was after prohibition.

STAGE SUCCESSES

LONDON, March 12.—Eden Philpott's comedy, "The Farmer's Wife," was one of the most delightful contributions to the 1924 stage. "The Reliance," by Tennyson Jesse, is another. The longest run has been scored by that American farce of by-gone days, "It Pays to Advertise," poorly produced by a not too competent company, but English audiences still continue to roar nightly at it.

NAZIMOVA 'ABUSED'

HOLLYWOOD, March 12.—Nazimova feels she is abused. She failed in producing high-brow films, and her art, she believes is above the "sweet young girl" pictures her directors insist on selecting for her.

ACCOUNTING

SYRACUSE, N. Y., March 12.—Final accounting in the estate of Joseph J. Glass, who died forty-seven years ago, has just been filed by the First Trust & Deposit Co., as administrator, and a judicial settlement decree entered.

SIX-MONTHS-OLD BABY GIRL IN JAIL

Sheriff of Humboldt County
Has Bootlegger's Tot
As Prisoner

EUREKA, Calif., March 12.—Sheriff A. A. Ross of Humboldt county finds himself in a perplexing situation today. He has a six months old baby girl in the county jail and the jail's routine has been completely upset to properly care for the infant.

A special matron has been temporarily added to the sheriff's force because all the deputies on the staff have refused to act as dry nurse to the child.

Six months old Carlotta Carlson is the victim of the sins of her parents, Mr. and Mrs. Thomas Carlson of this city, who were arrested for alleged transportation of liquor.

BUDGET BILL PUT OVER SEVEN DAYS

State Measure Authorizes
\$120,000,000 Spent
Next Two Years

SACRAMENTO, March 12.—After a lengthy discussion of the administration budget bill, which authorizes the expenditure of nearly \$120,000,000 for the next two years, the Senate committee on finance delayed action on this measure for one week.

The committee has demanded that the administration present a complete budget for the highway commission and the week's delay was provided to give the commission time to present its budget.

Until the budget is out of the way and has passed both houses no other appropriation bill can be taken up. Senator W. R. Sharkey of Martinez asked for the post-

GIRL, 10, SHOT BY JEALOUS SUITOR

Porto Rican, 25, Spurned By
Landlord's Daughter,
Takes Own Life

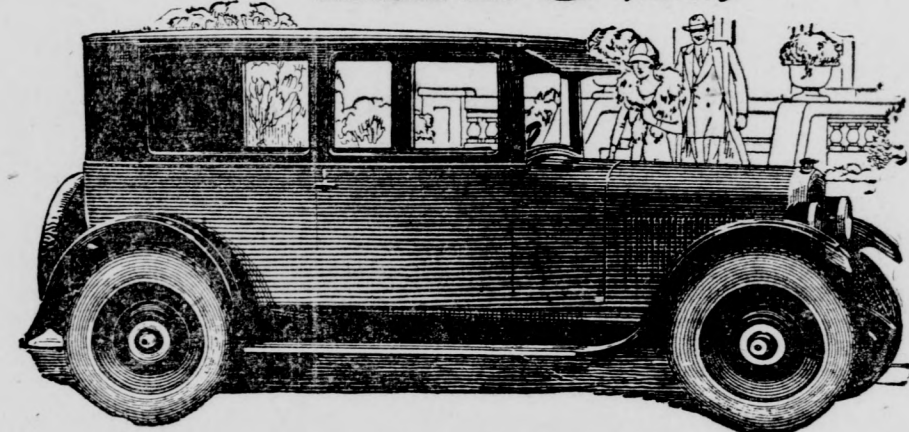

NEW YORK, March 12.—William Cortallera, 25, a Porto Rican, shot and killed himself today in Brooklyn after shooting and wounding Katherine Papino, 10, daughter of his landlord. Cortallera had been ordered by her parents with whom he boarded to move because of his attentions to the child. He waylaid her this morning on her way to school. The girl will recover from two shots that grazed her forehead.

ponement of the budget bill and Chairman Thomas Ingram of Grass Valley consented to this delay.

4-Wheel Brakes, of course

You can't afford to take chances with safety. Double your security and that of your family by choosing a car with four-wheel brakes. Today tens of thousands of Oakland owners know the added security of quick, easy stops and greater freedom from skidding. Oakland-type four-wheel brakes have nearly two years of unchallenged success behind them. This is but one of the many advanced features that make the Oakland Six such an outstanding value. See the car, drive it, make any tests you like. Then only will you appreciate the Oakland. Learn also about the G. M. A. C. Deferred Payment Plan that saves you money on time purchases.

PRODUCT OF GENERAL MOTORS

Make Us Prove It!

Quick Getaway

In quick getaway and pickup the New Paige and New Jewett are a step ahead of everyone. They're off and away before others start.

Driving Ease

There's finger-touch guidance in the New Paige and New Jewett—with ball-bearing steering spindles and special gearing for balloon tires. And no jerking, stalling or gear clashing with the superb steel clutch and transmission.

Smooth Silence

The New Paige and New Jewett motors are amazingly smooth and silent, thanks to costly, new balanced crankshafts and silent timing chains with automatic take-ups. Vibration is eliminated.

Slow, Hard Pulling in High

When the pull is hard—through sand, mud or on rough roads—these cars pull you smoothly through on high. Never strained—never taxed, thanks to ample power.

NASH PRODUCTION TO BE INCREASED

Expansion Needed As Heavy Demands Are Made For Summer Trade

Production of Nash automobiles will be increased by 40 per cent by May or June, the greatest production ever previously obtained by factory extensions and additional plant equipment, according to Charles McDaniel, president of McDaniel Motor Car Co., 1134 South Brand boulevard, local dealers. "Increasing demand for the Nash line has kept the plants busy in Kenosha and Milwaukee practically night and day, and has made necessary the expansions covering 254,236 square feet of floor space and the installation of more than \$1,500,000 worth of additional plant equipment," he said.

Orders for the new equipment were placed several weeks ago and work of installation will begin as soon as the new buildings have been completed. Expansion of the plants is in accord with the Nash policy of building almost entirely within its walls, according to McDaniel.

MOTORCYCLE TRADE
Motorcyclists of Australia last year bought three times as many machines made in America as did all the rest of the world combined.

ASKS TAXPAYERS TO JOIN LEAGUE

Plan Meeting For Permanent Organization Monday Night, March 16

Taxpayers and legal voters of Glendale are asked to attend a meeting on Monday night at the city hall, when the permanent organization of the Glendale Municipal League will be perfected. The call is contained in the following letter:

"Editor The Evening News—Hard-headed business men who have a working knowledge of economics and law-abiding citizens who have the utmost respect for law and order—these two classes make a great fuss over the 'unbusinesslike' administration of city affairs and how about the slackness of officers in the enforcement of our laws. Their fussing and their howling come too late. The harm is already done. Men and women who have an idea how things should be done and who really desire that Glendale should be a clean city should spend more time studying conditions that they may have first-hand information concerning matters and things, if they would act intelligently and wisely.

"Public improvements which would involve millions of an increase in bonded indebtedness are proposed. Are these proposed actions necessary? Are they so important as to indicate sound business judgment in their conception?"

Assist Officials
"The ordinary resident taxpayer is perfectly willing to stand behind needed improvements. He wants to know who can tell him? We respect our city officials as representative citizens of Glendale upon whom important responsibilities have been placed. They are our servants to work for Glendale's good. We want to stand behind them to assist and encourage. But what shall we do when certain rumors reach our ears? We will not repeat an unfounded rumor, but we wish we knew how to answer it. We are for our official representatives, and we want to be for them intelligently and wisely.

"We want facts. The Glendale Municipal League has been organized to obtain the facts. A temporary organization was perfected on Monday, March 2. A report of the committee on organization follows:

"This organization shall be non-partisan, constructive and protective. It shall be a fact-finding, dues-paying, permanent body formed for the purpose of awakening, increasing and unifying the interests and activities of our citizens in municipal and public affairs.

"Membership—Any resident of Glendale or contiguous territory who is a legal voter or a taxpayer shall be eligible for membership.

"If you approve the purpose as stated you are invited to meet at the City Hall next Monday night, March 16, at 8 o'clock to perfect a permanent organization. This league will mean much for Glendale, but much more if a thousand men and women get behind it.

H. V. ADAMS.
"Chairman temporary organization."

**STAR CAR MAKES
HIGH SPEED TEST**

Local Dealer Challenges All Other Models of Price To Beat Record

A stock Star touring car, 1925 model, recently was driven to Lake Arrowhead, over difficult switchbacks in the San Bernardino mountains and up stiff grades, all the way in high speed. As a result the Star Co. of California has challenged all other automobiles in the same price class to post \$500 as forfeit in an endurance test, or any other kind of test that is agreed upon, according to officials of the Star Co., 1044-06 South Brand boulevard, local Star dealers.

The 1925 car is equipped with four-wheel brakes and is almost entirely fitted out as an automobile that will sell for twice the price. The million-dollar motor was evolved by joint co-operation of the Star company and Continental Motors.

The Lake Arrowhead grade has long been a bugbear to automobile drivers, whether they were behind the wheels of low or high priced machines.

**'LOVE NEST' DEATH
AGAIN RECALLED**
Man Convicted Of Murder Of Wealthy Realtor Denied Freedom

SAN DIEGO, March 12.—Release from Poleson prison of Everett Drew Clark, convicted here last spring of the murder of George E. Schick, wealthy realtor, was deemed unlikely today in San Diego after a conference of his attorneys.

Following announcement that the state supreme court had affirmed his conviction, Shreve and Dorn, attorneys for the defendant through his long and sensational trial, declared they have no present intention of appealing to the United States supreme court.

Clark was convicted on circumstantial evidence. No trace of Schick's body ever was found. Clark and Mrs. Schick, living as man and wife, were arrested in a "love nest" at El Cajon, where they had retired following Schick's strange disappearance.

BUICK ADDS NEW MODEL TO STOCK

Country Club Special Latest Body Type; Has Many Novel Features

The new Buick Country Club Special carries still further the Buick policy of providing a complete line of distinctive and dependable automobiles, according to W. A. Tanner and Tanner & Hall, Ltd., Brand and Maple street, Buick dealers in Glendale.

With many special features it combines outstanding beauty, complete comfort and unusual convenience. It has such special features as an extra compartment for golf bags and other sport equipment; an unusually large storage space in the rear deck and an extra storage space behind the seat. There is a one-piece windshield which is particularly adaptable to cars of this kind. It has special adjustment for ventilation.

"The golfer with his sticks; the doctor with his case; the lawyer or other professional man with his portfolio; the woman with parcels or sport equipment and the tourist with his luggage find the Country Club Special ideal," said Mr. Tanner.

AT LA CRESCENTA

LA CRESCENTA, March 12.—Never in the history of the La Crescenta Valley Women's club has there been such a satisfying program as that given yesterday when the Home Economics department entertained the club not only with a perfectly appointed luncheon but also by some of the best speakers on home life.

The first speaker, Mrs. H. Spring, introduced by the curator, Mrs. Zephra Merritt, gave a rather pointed talk on the responsibility of the mother, the most pertinent of her remarks being, "Help people in the community to help themselves." Speaking of the questionnaire circulated in the Hollywood High school in an effort to probe the conditions which show 90 per cent of the criminals brought into the Los Angeles county courts are under 21 years of age, Mrs. Spring reported a number of the answers blamed the movies, others home life, others lack of privacy in the home and the greater number blamed the auto for the ease with which petting parties may be held.

The speaker urged local mothers make their homes more attractive, that they make an effort to give more to the surroundings of the home and above all help the young people to love their homes.

Following Mrs. Spring was Mrs. J. Kapp, interior decorator from Barker Brothers of Los Angeles. Mrs. Kapp gave a most illuminating talk on her subject, lighted by several original verses ancient and modern. She illustrated her talk with a number of draperies, curtain materials and damasks. Mrs. Kapp concluded her remarks with Edgar Guest's famous poem, "It Takes a Heap o' Livin' to Make a Home."

Next on the program was J. H. Maxwell of Parmelee-Dohrmann, with an exhibit of dishes from the well-known factories of the old and new worlds. Mr. Maxwell gave a detailed history of each of the following famous wares, with dishes to illustrate: Wedgwood, Minton, Willow Ware, Royal Doulton, Coalport, Haviland, Versalles, Dresden and Limoges ware. He spoke of the factories in West Virginia, the largest in the world, and exhibited specimens from this factory, also from the Syracuse and Lennox factories in New Jersey, from where came the dinner service for the White House. He showed several old pieces of Wedgwood, Dresden and other wares which have come down to Mrs. Turk from her ancestors.

Those in charge of the luncheon were: Mrs. Zephra Merritt, curator of the department and chairman of the general committee; Mesdames John Martin, W. F. Fowler, Rinette Slutman, N. B. George, M. M. Giese, Milford Howard, E. Calkins, A. V. Adkins, Elizabeth Wattell, Anna Alken, Virginia Walker, H. Robinson and E. Hopkins. Courtesy committee was composed of Mesdames C. A. Haskins, Howard Reynolds, F. K. Czerinski, N. B. George, Zephra Merritt and Charles Turk. The beautiful little place cards were the work of Mrs. E. Swan, each one being different, the design carrying out the club colors of blue and gold, as did the table and house decoration, which were in California poppies and cornflowers. Over 150 guests were present, the hostesses having to set extra tables at the last moment for those not having made reservations.

The generosity of the following firms made possible the luncheon at the remarkably low figure charged: Hoffman & Fowler of Montrose donated a case of fruit salad and dressing; Bradford Bakery donated rolls and the Maxwell Co. sent a representative to make the coffee. Theo Belanger sold the ice cream at a 50 per cent discount. The Simpson Hardware Co. of Montrose loaned the dishes. Cookies for the luncheon were made by Mrs. John Martin and Mrs. Rinette Slutman.

During the short business session the minutes of the previous meeting were read. Mrs. Louise Erwin reported receipts of the food sale as \$14, the affair being in charge of Mesdames Erwin, chairman, Anna Alken and Rinette Slutman assisting.

New members voted in by acclamation at yesterday's meeting were: Mesdames J. H. Frasher, H. F. Hanigan of Highway Highways, Fred Brochard of Pasadena, Rieger, J. D. Loenen of Verdugo City, E. L. Fredericks, Hallie Ball Garrett, Bailey Hanson of Mont-

TRADING AT HOME POLICY ENDORSED

Chamber Sends Approval Of Local Merchandising To City Council

A resolution asking the city of Glendale to adhere strictly to a policy of trading at home and employing none other than Glendale residents in city work, was forwarded by Secretary Howard I. Wood of the Chamber of Commerce to the City Council today.

The resolution, passed as a part of their trade-at-home campaign by the directors of the chamber, follows in full:

"Whereas, the principle of trading at home has long been recognized as one means of advancing material prosperity, and

"Whereas, business can be increased and more labor employed if this principle is strictly followed in Glendale, now therefore

"Be It Resolved, that we, the board of directors of the Glendale Chamber of Commerce, do respectfully urge the city of Glendale, through its mayor and council, to direct their purchasing agents to confine all purchases of merchandise and materials of any kind whatsoever to Glendale institutions whenever possible; and

"Resolved, Further, we urge that all possible support and preference be given to Glendale contractors if no appreciable loss is to be sustained thereby; and

"Resolved, Further, we urge that all clerical help and other city employees be engaged from among Glendale people insofar as possible.

"GLENDALE CHAMBER OF COMMERCE,
D. H. SMITH,
President.
HOWARD I. WOOD,
Secretary."

Methodist Club Plans For Missionary Work

Members of the Standard Bearers of First Methodist church met Tuesday night at the home of Miss Virginia Woodard, 302 North Maryland avenue, and planned to feed, clothe and educate a girl in Agra, India, besides contributing to the support of a missionary and special thank offering to build a new school for girls in Gehli, India. F. W. Edwards, superintendent of the intermediate department of the Sunday school of First Methodist church, had charge of the study hour on "China," and gave an interesting talk. Mrs. A. E. Cook is adviser for the Standard Bearers. The next meeting will be held April 14, at the home of Miss Ruth White, 364 West Broadway.

Women's Church Clubs At Hollywood Conclave

Members of the women's organizations of Glendale Presbyterian church attended the annual Presbyterial church, Hollywood. Dr. Stewart MacLennan, pastor, conducted the devotional services. Dr. W. J. Wanless, missionary in India, and Miss Dickinson, from the Union Women's college at Peking, China, were speakers in the afternoon. Attending the meeting were: Mrs. Laura McKee, Mrs. J. A. Newton, Mrs. R. W. Mottern, Mrs. E. O. Smith, Mrs. T. A. Lewis, Mrs. A. D. Smith, Mrs. Ada Lynn, Mrs. Don Horsch, Mrs. Ball, Mrs. N. T. Harrison, Mrs. R. P. Isitt, Mrs. W. J. Wanless, Mrs. Kethroe, Mrs. Secrist, Mrs. G. L. Person, Mrs. O. P. Rider.

rose, Frank Ellis of La Crescenta and D. W. Humphrey of Sparr Heights.

A plea made by Mrs. Howard Reynolds for the Redwood Memorial fund brought in the required \$10, over \$20 being raised by donation for a needy family.

The next meeting, at which Mrs. Charles H. Toll will be the honor guest, will be held at the home of Mrs. Turk, on account of the annual mess call of the American Legion being held at the schoolhouse on that date. The plans for the new clubhouse will be presented again and discussion on raising funds will take up part of the meeting.

The Drama and Music clubs of Glendale Union High school will present a program tomorrow evening in the Glendale school auditorium. The program will include: "March," "Our Nominee"; overture, "Stradella," G. U. H. S. orchestra; sketches from "The Mikado," chorus, "Here Comes a Train of Little Ladies," solo, "The Moon and I," "Yum Yum," trio, "Three Little Maids from School Are We"; chorus, "She's Going to Marry Yum Yum," by members of the Boys' and Girls' Glee club; piano duets, "Oriental," and "Norwegian Bridal Procession," by Lora Moyse and Clyette Hewitt; one-act play, "Getting Off," by Edith Delano and David Carb. Members of the drama class, will stage "Levee on the Old Swan Song," "Drink to Me Only With Thine Eyes," "Katy Did" will be rendered by the Boys' Glee club; "The Modern Hiawatha," "Ole Uncle Moon" and "Swing Song" by Girls' Glee club; "Jolly Springtime"; overture, "Jolly Bandits," orchestra, will be included.

Admission for this entertainment will be 35 cents for adults, 15 cents for the children. The affair will be staged under the auspices of the local Parent-Teacher association, the proceeds to be used in the home schools. Mrs. C. W. Angier, president of the Parent-Teacher association, asks that everyone make an effort to be present to welcome the Glendaleans, who are so generously giving of their time to put the program on here gratis. The curtain will rise promptly at 8 p. m.

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

HUDSON SEDAN IS GIVEN ATTENTION

New Body Type Attracts At Auto Show When Put On Display

The admirable richness and character of the New Hudson sedans have been attracting wide attention during the course of the first annual Glendale automobile show, according to P. A. Kelley of the Kelley Motor Co., 816 South Brand boulevard, local dealers of Hudson and Essex cars.

"The chassis is the famous Super-Six," said Kelley. "The bodies are fashioned by a firm of custom-builders which for generations has engaged in making only the finest grade of carriages, both horse-drawn and motor driven. Hudson contracts for this plant's whole output, and thus offers its purchasers custom built quality and exclusiveness at a price made possible only by these circumstances.

"The sedan's clean-cut and symmetrical lines immediately commend themselves to show visitors. The prevailing color is the characteristic Hudson blue, set off with a double hairline stripe of lighter color.

Two Hurt In Kenneth Road Auto Accident

Trafford Hill and W. C. Taylor, both of Los Angeles, were treated at the Glendale hospital for cuts and abrasions, early this morning, following an accident on Kenneth road, when their car was wrecked. Their injuries were not serious, it was reported, and they were later able to go home.

B. C. McGibbon of 135 North Cedar street reported to Glendale police headquarters today theft of an army blanket from his car last night, while it was parked outside the Harvard High school.

H. F. Wilson of 221½ East Broadway was arrested last night by the Glendale police, on a Santa Ana warrant, and is being held for Sheriff Zable of that city.

Local Humane Society Calls Meet Tomorrow

The Glendale Humane society will hold a meeting at the Chamber of Commerce offices, 150 South Brand boulevard, tomorrow night at 7:30 o'clock, according to an announcement today by E. F. Kulp, president.

Wilson Trims Glendale In Final Track Meet

The track season came to a close this week for the Intermediate schools of Glendale when the interschool meet between Wilson and Glendale intermediates was completed, Wilson carrying off the championship with a score of 51 to 69.

Wilson had a lead of 27 points when the second meet opened, but Glendale ran up a high score on the jumps and when the relay races were called the two schools were near a tie. Score:

High jump—Seniors, 1st, Moody (W); 2nd, Flery (G); 3rd, Todd (G). Juniors—1st, Patterson (G); 2nd (G); 3rd (G). Midges—1st, Sawyer (G); 2nd, Hoopes (W); 3rd, Chasse (W). Broad jump—Seniors, 1st, Grant

Why Millions of Mothers Now Rely Upon Vicks

Modern mothers know that too much dosing is harmful to a child's delicate stomach. Vicks comes in salve form and is applied externally—can be freely used without the slightest harmful effect.

For croup and children's colds you just rub Vicks over throat and chest and cover with a warm flannel cloth. The ingredients—Menthol, Camphor, Eucalyptus, Thyme and Turpentine—are released as vapors by the body heat and inhaled with every breath all night long. At the same time Vicks is absorbed through and stimulates the skin like a poultice or plaster.

Colds go overnight, croup is generally relieved within 15 minutes.

DARKENED WINDOWS

By CORNELIA KANE RATHBONE

Copyright, D. Appleton & Co. Serialized by Ledger Syndicate

"So you wouldn't recognize the driver?"

"I fear me I wouldn't sir."

"It looks a little as if Miss Hurst had vanished into space," commented Graham when Denis had withdrawn. His remark was received in silence.

"What I am wondering is—how her glove got here!" said Flint at last. He picked it up, stretching it out to its full length and eyeing it fixedly through his spectacles as if it were a witness from whom he sought to drag the answer to his question. Then he replaced it carefully where it had lain when he first saw it—startlingly white on the crimson rug.

"Hard for even old eyes to overlook, eh, inspector?" he said.

When John Graham and the two detectives at last closed the house door behind them, the clocks were striking 1. The wind had gone down, and the night was frosty and still. It seemed to Graham that the city was holding its breath as if aware of the tragedy hidden behind the forbidding stone facade of the murdered man's house. The muffled murmur that now and then broke the stillness sounded to him like a gasp of horror. The night knew, and the city knew, he was sure of that. They had seen the murderer steal furtively in through the door which had stood ajar, the door which was also the secret. Graham shuddered with something beside the sudden chill of the night air.

"I'll walk along a way with you if you'll have me, Mr. Graham," said Flint, and together the two men turned in the direction of the avenue.

"I guess you don't remember me—" began Flint.

Graham turned quickly with the smile which had won him friends all his life. "So we've met before, have we?" he exclaimed. "I've had an idea all along that we had, but I couldn't place you—can't now, to be frank."

"Do you remember the boy you pulled out from under the wheels of an automobile last spring at the risk of your life?"

"Nonsense! No risk at all. But I remember you now, you are the little chap's father. I hope he is all right?"

"He is, thanks to you. I won't bore you with gratitude—Graham had lifted an expostulating hand—but if there is ever anything I can do—" the man's voice vibrated with emotion.

Graham cut him short. Like a flash it came to him that there was his opportunity. If he could but see into this man's mind, follow him step by step in his endeavor to solve the mystery of Hannibal Hurst's death, he would be forewarned of any danger threatening Evadne, and so be better able to defend her.

"Well, as it happens, there is something you can do for me right now. I'm awfully keen about criminal investigation, read every detective story that's written; but I don't know anything about the real thing. I've often thought I'd like to get out of a mere story into the inside of a genuine case. For instance, this murder of Mr. Hurst—it's the first real-life crime I've ever come in contact with, and, aside from his being out of client, I'm tremendously interested in the case. I've been living in the first chapter, as it were—most thrilling experience I've ever had, and to stop here would be more tantalizing than reading a detective serial and knowing that I was going to miss the next number. Now you would be doing me a great favor if you would let me see you at work, let me follow the case with you—

take a hand, perhaps, in some small way. What do you say?"

Flint's thin, sharp face wrinkled into a smile. "Why sure. I'll even undertake to turn you out a first-class sleuth, if you like. That play of yours about the burglar showed you've got imagination. You made me half believe in him myself for a minute. And I guess you're one who can see that two and two don't always make four."

"Well, it makes twenty two, sometimes, doesn't it?" Flint laughed. "What I mean is, that with a bit of practice I guess you wouldn't be taken by the obvious. Of course, there are times when it would be silly to question it, but then again it's often the obvious that will fool you. For instance, you say you find a man shot through the head in a room bolted on the inside, pistol apparently fallen from his hand. Suicide, of course! That's obvious. But give the case to a man who suspects the obvious, and what would he do?"

"I don't know. What would he do?"

"Well, I guess he'd hunt for a moment for suicide, and if he didn't find one, why then he'd switch round and ferret out a motive for murder—that's harder. But say he uncovers one, and setting his imagination to work finds a way into and out of that bolted door, and picks up a clue or two besides that tell him a story of crime, why, then, there's the obvious weighed and found wanting, isn't it?"

Graham assented with the awed enthusiasm of a disciple. "Did you ever know a case like that?" he asked.

"I did. It was the case of Lucius Trewilliger. I solved it. I'll tell you about it some day, it's interesting. Everybody, Breiman included, said suicide. I'll admit it looked like it, but it was murder all the same."

"About this Hurst case now—" began Graham.

"Too soon to say. So far I don't see any probable motive, though there are several possible ones."

"From what I have heard of Mr. Hurst he might have had many a bitter enemy," proffered Graham. "Yes, too many; looking for a special one would be like looking for a needle in a haystack."

STAGE AND SCREEN

VIEWS AND PREVIEWS—NEWS NOTES FROM STUDIOS

Compiled By Members of The Glendale Evening News Staff

THE GLENDALE

Tonight Manager William A. Howe of the Glendale theatre presents a preview of the Universal-Jewel picture "Up the Ladder," featuring Virginia Valli and a supporting cast that includes Forrest Stanley, George Fawcett, Feisella Moran and Margaret Livingston. Edwina Sloman directed. The picture is from a play by Owen Davis, veteran American dramatist.

In addition, Jacqueline Logan is seen today for the concluding times in "The House of Youth" at the Glendale theatre, a picture directed by Ralph Ince from the novel by Maude Radford Warren. In support of Miss Logan are seen Malcolm MacGregor, Vernon Steele, Richard Travers, Gloria Grey, Edwin Booth Tilden, Barbara Tennant and other players of note.

Today's vaudeville numbers at the Glendale theatre are Dora Duffy Devine, late soloist of the Boston Opera guild, and Elinor

and Esther in "A Day at the Circus."

Friday and Saturday the picture is Glenn Hunter in "Grit," and in addition the regular weekly road show of Orpheum acts. An added number Friday night is the Trojan Glee club of twenty-four collegians.

THE GATEWAY

Tom Mix and his wonder horse, Tony, will be the featured stars at the Gateway theatre today, Friday and Saturday, in the William Fox production, "Oh, You Tony!" Mix appears as a western graduate of a school of etiquette.

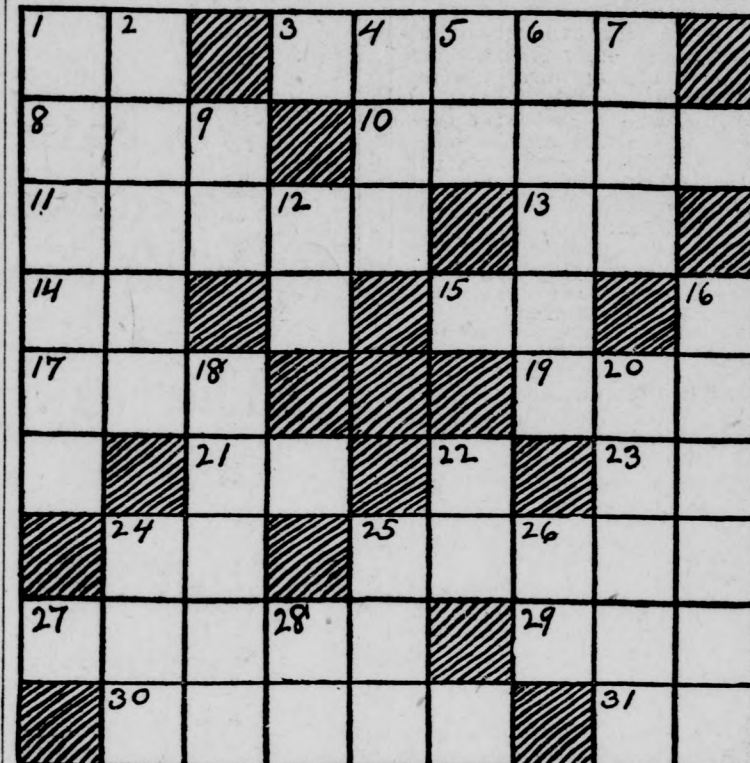

Tony, the horse, however, has retained his normal balance and his senses. The film makes a rollicking western drama that is well up to the regular Mix standard of perfection.

Besides the feature picture, the Gateway is showing its regular bill of program events with no advance in prices.

CROSS WORD PUZZLE

COMPILED FOR GLENDALE EVENING NEWS READERS

Copyright, 1925, By The George Matthew Adams Service

HOW TO SOLVE THE CROSS WORD PUZZLE

The way to solve the Cross Word Puzzle is to fill in the white squares of the diagram with the words which agree with the accompanying definitions. The definitions are numbered to correspond with the numbers on the diagram. Any word defined in the text under "HORIZONTAL" will begin at its number, shown on the diagram, and will extend all the way across to the first black space to the right of that number. That is, the word must begin in the square that contains its identifying number, and extend as far as the white squares continue uninterrupted. Any word defined under "VERTICAL" will also begin in the white space that contains its number, but will extend downward as far as the white squares remain uninterrupted.

for a needle in a haystack."

"Well, how about my hypothetical burglar?"

Flint laughed. "Let's find out first, whether anything has been burgled. Mr. Graham. The collection of rings is still in the safe, and Mr. Hurst's watch and studs weren't taken, you know. Not out what your man is a possibility. I've got him docketed."

The two men walked on a few minutes in silence, Graham schooling himself to ask a question in a tone detached and casual. His hands grew clammy, his heart thumped so violently that he felt certain that if he spoke his voice would shake and betray him. In the end he jerked out abruptly. "What is your opinion of Mrs. Hurst?"

UNCLE WIGGILY'S SNOW FLOWERS

Once upon a time, as Uncle Wiggily was hopping along the woodland path, on which was a covering of snow, he saw Dr. Possum coming out of the pen house in which lived Mr. and Mrs. Twistytail, the pigs.

"Some one must be ill there," thought Uncle Wiggily. "I hope neither of my little pig friends, Curly nor Floppy, is ailing. Still less would I want to see Mr. or Mrs. Twistytail down with, corn fever, or anything like that."

Calling to Dr. Possum, Uncle Wiggily asked:

"Who is ill in the pig pen?"

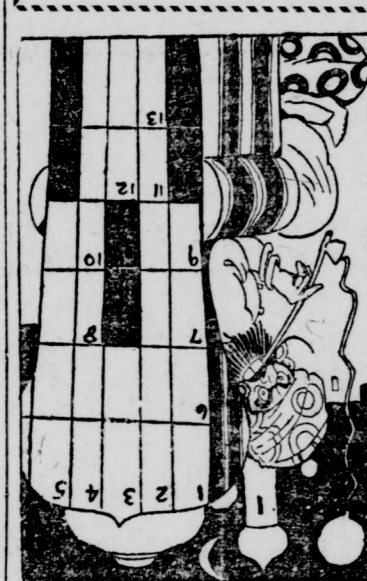

"It's Mrs. Twistytail," replied the animal doctor. "She was quite ill, but my medicine has made her better. However, now that she is getting well, she's a bit fretful. She is continually begging Mr. Twistytail to get her some flowers to smell and look at. 'Bring me some pretty flowers!' she grunts all the while."

"Why doesn't Mr. Twistytail bring his wife some flowers?" asked Uncle Wiggily. "I should think that would be the least he could do when she is ill."

"Right gladly would the pig gentleman bring his wife flowers," said Dr. Possum, as he curled his tail around his bag of powders and pills. "But where can he find flowers growing in March under the snow? Where can he, I ask you?"

"That's so!" agreed Uncle Wiggily. "I forgot about it being

CROSS WORD PUZZLE FOR YOUNGSTERS

Running Across

- Word 1. In the picture.
- Word 6. A river in France after which one of the greatest battles of the world war was named.
- Word 7. A preposition.
- Word 8. Mother.
- Word 9. A western state. Abbreviation.
- Word 10. Many of them in this paper.
- Word 11. A grain.
- Word 13. A number.

Running Down

- Word 1. One of the sons of Adam and Eve.
- Word 2. A member of one of the native races of Hindustan.
- Word 3. Similar to, like.
- Word 4. One confined in an institution, such as an asylum or prison.
- Word 5. One of the first things you learn to do in school.
- Word 12. An indefinite article.

YESTERDAY'S PUZZLE ANSWERED

still, winter. Still it would be lovely to find some flowers for Mrs. Twistytail. I'll try and see if I can't discover some when I am adventuring today."

Dr. Possum hurried on to visit Aunt Lettie the goat lady, who had eaten too much circus poster pudding, and had the epizootic, while Uncle Wiggily hopped along, wishing he might find some flowers for the fretful lady pig.

All of a sudden, as the bunny rabbit was hopping through the woods where the snow lay thick over the carpet of brown leaves, his pink, twinkling nose caught the sweet smell of perfume!

"Yet there is no five-and-six-cent store here selling perfume," said the bunny gentleman, sniffing and looking around. "Nor yet do I see any animal ladies. Still, I smell perfume!"

He sniffed and sniffed until he made sure that the sweet odor was coming from beneath the ground.

"Perhaps some one dropped a bottle of perfume and it broke," thought Mr. Longears. "I'll dig down through the snow to find out."

Leaning back on his hind paws, he began to dig with his front paws, scattering the snow on either side of him. As he dug the perfume grew stronger and he knew he was getting closer to it. If it's a bottle of perfume I'll take it to Nurse Jane, until I can find out to whom it belongs," thought the bunny.

A moment later his paws went through the last crust of snow and then, nestling down in the old dried leaves, Uncle Wiggily saw some little pink and white flowers growing.

"Oh, ho! Blossoms!" cried the bunny. "Snow flowers! That's what I've found—snow flowers! And I'll take some to Mrs. Twistytail and make her happy."

The bunny dug away more snow and leaves and then gathered a beautiful bouquet of the snow flowers. And when he was doing this along came the Fuzzy Fox and impolitely barked:

"Here, you let those flowers alone! They're mine!"

But Uncle Wiggily knew they weren't, so he scratched a lot of snow in the eyes of the Fox and made him run away howling.

Then the bunny took the snow flowers to the lady pig, and when she saw them and smelled them, she said:

"Uncle Wiggily, you are a dear!" And I think the same, don't you?

Anyhow, if the bottle of ink doesn't try to drink a lot of milk to make itself turn white like a sheet of paper, I'll tell you next about Uncle Wiggily and the teacher's rubber.

GUM PARKING

INDIANAPOLIS, March 12.—The parking of a wad of gum so disturbed the domestic tranquility of Jas. Wiseman, 23, and his wife, Alberta, 24, that police were called to settle the dispute after Mrs. Wiseman is alleged to have slashed her husband with a razor.

SAFE FOR CHILDREN

Mothers everywhere demand a reliable cough remedy free from injurious narcotics. Supplying this demand for fifty years made FOLEY'S HONEY AND TAR COMPOUND one of the Largest Selling Cough Medicines in the World. Children like it. "My little boy had a very bad cough, and after he used FOLEY'S HONEY AND TAR COMPOUND he got relief at once," writes Mrs. Van Belle, Penroy, Mont. Refuse substitutes.

UNCLE WIGGILY'S TRICKS---Worse and More of It

"CAP STUBBS"---He Couldn't Use It at All!

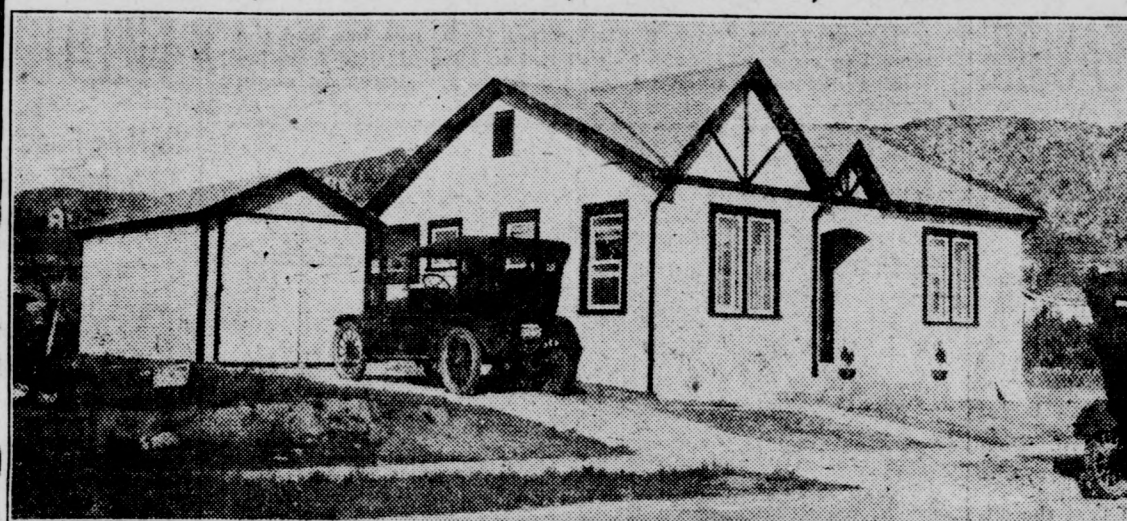

This English Stucco Cottage Open for Inspection

FRIDAY, SATURDAY, SUNDAY, MONDAY

This Beautiful Home Is Finished Throughout with Bass-Hueter Paints, Enamels and Varnishes. The Best Paints at Very Reasonable Prices.

Call GR-7702

Wallace E. Reid, Designer and Builder
Imagine This Beautiful Home, Built to Sell for Only \$5250.00, on Easy Terms

You are invited to inspect this model English stucco small home Friday, Saturday, Sunday and Monday.

This modern small home designed and built by Wallace E. Reid, 726 Bushnell Ave., Alhambra, Calif., will be open for public inspection between the hours of 10 a.m. and 8 p.m. on the above days. A personal and cordial invitation is extended by the owner and builder, to all those who are interested to visit this home and see for themselves how much real home can be obtained for an extremely low expenditure.

It has long been the contention of the builder that a small home could be built incorporating the desirable features ordinarily found in the larger more pretentious home. This house was designed and built with one aim in view—Quality is Paramount—and the finished product must be the best built, most complete home which could be sold at less than \$5500.00 on easy terms.

The builder believes firmly that in this house he has accomplished his aim. The names on this page of those firms furnishing the component parts go a long way to establishing the quality. In the construction an extra factor of safety was maintained throughout—two by fours were used where two by twos were permissible, the first floor and the roof have extra bracing and the stucco because of slightly different construction is extra thick and well reinforced, these things bespeak quality.

The exterior is of ivory stucco with dark brown trim—trimming offset by white sash and screens, the drive to the garage is stone and gravel, carrying out the English design.

The floor plan consists of a large living room, combination kitchen and diner, two bedrooms with large closets, built in bath and screened porch. There are plenty of windows in each room making them light and airy, still there is ample wall space.

Plumbing is of the best and the fixtures of first quality—their arrangement is such together with the cupboards, etc., as to materially lighten the work of the housewife. The floor furnace is a Ward and is ventilated thru the roof. The wiring incorporates the new grounding system obviating all danger of shocks from fixtures or plumbing, the lighting fixtures are all on metal hangers firmly secured.

The painting and decorating is the very newest in design, the interior paint work has four coats, the exterior three. The walls of both the bath and kitchen are enameled, again lessening the work of the housewife in keeping her home spotless. The results in this work have more than compensated for the extra labor and material required, the view thru any doorway into any room has become a framed picture thru the efforts of the designer and decorator.

Mr. Reid is justly proud of the excellent small home which has resulted, and the best part of it is the extremely low selling price he is able to establish—\$5250.00 with \$750.00 cash down.

To reach this home drive out Broadway to Carr Drive and one block south on Carr Drive.

BURBANK NEWS

BURBANK, March 12.—A five-year lease has been entered into between the newly organized Elks' lodge here and L. W. Gregg, whereby a third story will be added to the Gregg building now under construction on Olive avenue, to be entirely occupied by this fraternal order. The plans are for a lodge room 53x40 feet, social quarters 26x33 feet, a lobby 15x16 feet, and sufficient additional space to provide for the secretary's office, cigar stand, check room, men's and women's rooms. A modern elevator, with a capacity of from twelve to fifteen people, will run from the basement to the third floor. The new building will be ready for occupancy by June 1, according to Mr. Gregg.

Six-wheel automobile trucks will be manufactured in the aluminum plant recently purchased by the Owens Manufacturing Co., it is reported. The company is understood to be manufacturing trucks in Los Angeles at the present time, but plans a large expansion program.

Mat Wolfe, Mrs. Mattie Sadler and son, Mat Sadler, all of Oklahoma City, have arrived here to visit for a month or more with Mr. and Mrs. R. N. Akard of Santa Anita avenue. Mr. Wolfe is the grandfather of Mrs. Akard and Mrs. Sadler is her mother.

Mr. and Mrs. Charles Gooden of Galesburg, Ill., who have been visiting relatives here, are leaving this week for their eastern home. They express themselves as delighted with California and expect to return here. They have visited at the homes of Mr. and Mrs. W. L. Shultz, Mr. and Mrs. Marion Pantier, Claude Duncan and Mr. and Mrs. Melvin Short.

Mr. and Mrs. George Edwards of Boston are visitors for a week at the home of Mrs. Richard Hill of 461 Olive avenue. Mr. and Mrs. A. Bagley, also of Chicago, were guests recently at the Hill home.

News want ads bring results.

FROM EAGLE ROCK

EAGLE ROCK, March 12.—Each church and organization in this community is now considering the problem of financing the Easter sunrise services which are to be held at the Occidental bowl. Heretofore the movement has been financed through the local City Trustees, but now that Eagle Rock is a part of Los Angeles, it becomes necessary to find some other method of raising the needed funds, declares O. J. Root, chairman of the committee in charge of arrangements.

Serving with Mr. Root on this committee are: C. D. Goodale, 4826 Eagle Rock boulevard; George Hale, 5064 College View avenue; Mrs. M. Ryther, 5064 Royal drive; Mrs. Ersie Tate, 5133 Townsend avenue; Mrs. T. B. McNary, 4777 Eagle Rock boulevard; and L. B. Wilson, 1567 Colorado boulevard.

The Arden Players of Occidental college open tonight at the Eagle Rock school in "Enter

Madame," their annual play. The cast was selected under the supervision of Ellen Haven Gould, who is directing the production. The curtain will rise at 8 o'clock tonight and tomorrow night.

A valuable set of histories has been added to the Eagle Rock branch of the Los Angeles Public Library, entitled "American Nation; a History." This set of twenty-six volumes will be allowed to circulate, according to Mrs. Blanche A. Gardner, librarian, and should furnish a fund of knowledge to the student who is studying American history.

McElroy's Life of Grover Cleveland in two volumes is another recent addition to the local library, and will be read by many men and women who have been interested in the life and experiences of this president and statesman.

Little Jack Donald Nair and Colleen Sullivan were recent guests of little Phoebe Anne Killick of Glendale, at a party given in honor of their first birthday. The party was given at the home of Mrs. Victor Killick of Glendale,

TUJUNGA NOTES

TUJUNGA, March 12.—The silver cup awarded to the Tujunga float, entered in the Pasadena New Year Tournament of Roses, for sixth prize in civic entries has been received by J. O. B. Bodkin, secretary of the Tujunga Chamber of Commerce, which entered the float. The Tujunga float, a rustic pergola resting on a huge boulder, was the first effort made by Tujunga in any of the New Year tournaments.

Over 100 father and son patrons sat at the banquet board at the father and son gathering, sponsored in Tujunga by the Kiwanis club. Blue and gold decorations were used. A. C. Stover was master of ceremonies and proved that his ability is not limited to running drug stores.

C. Buck led in singing Kiwanis songs, with singing Jimmy Smith at the piano. Joyce Farr contributed a cornet solo to the musical program. The banquet was served by members of the Ladies' Aid society of the Methodist Community church.

The principal speaker of the evening was T. A. Trask of Pasadena. George Slusher, Rev. Edgar Pasko, Ernest Buchanan and Douglas Day also addressed the meeting.

A range house, 16 by 20 feet, is being built by the Tujunga Rifle and Revolver club at its new shooting range on the Fehhaber ranch. The Pasadena R. and R. club recently presented a check for \$100 to the Tujunga club for building purposes. H. A. Rich, secretary at Pasadena, made the presentation in person. The range provides excellent picnic grounds and the club plans to dispense refreshments from the range house. W. D. Murphy, president Southern California Rifle and Revolver league, recently visited Tujunga and expressed approval of the facilities of the

club and promised to hold league matches on the range.

Miss Myrtle Meggy, Australian musician, has been honored at several social gatherings while stopping in Tujunga en route east. Miss Agnes Macfie and Miss Ruth Pasko recently entertained for her.

A card party and tea will be given Tuesday afternoon, March 17, by Mesdames White, Lynch and Kinder of the Woman's club, at the club-house on San Ysidro street. Mrs. Immel of Eagle Rock addressed the Tujunga club at the last meeting.

LARGEST 'SUB'
LONDON, March 12.—Great Britain has recently exulted in the successful completion of the XI, the largest submarine in the world. But gradually there is coming a realization that this undersea monster may not long hold title to being the biggest in the world. In some quarters this ship is regarded as the portent of increasing competition in the construction of submarines.

Suspected Slayer Of Italian Deputy Flees

ROME, March 12.—An Albanian consul, who was reported to have been the instigator of the recent slaying of the Communist Deputy Gurakutgi, at Bari, has fled into the interior of Albania, said a message received here today.

GREY FOX SKINS

SUMMERSTOWN, P. E. I., March 12.—One hundred black and silver foxes, of an announced value of \$100,000 and said to comprise the highest-priced single consignment of foxes ever to leave Prince Edward Island, have been shipped from here to a fox farm in Oregon.

MARY'S DIRECTOR

HOLLYWOOD, March 12.—William Beaudine, formerly Mary's property boy, will direct Miss Pickford in her next picture.

TRACK MEET WON BY CLASS B TEAM

Youthful Dynamiters Take
Over Half of Points In
Triangular Event

By ROSS M. RUSSELL, JR.
Of The Evening News Staff.
By going their varsity brothers one better, the Glendale Class B track team walked off with all the honors yesterday in a three-sided contest with Alhambra and South Pasadena on Broadway field, hogging 62 of the 105 digits. The Moors ran a bad second with 26 1/2 points while the Tigers trailed with a total of about 15 1/2.

Out of the ten events, the local team clinched all but three. In the 880-yard run the whole block of eleven markers went to the Dynamiters, Lantz finishing first with his team-mates, Appelton, Steele and Stewart, all placing in the order named.

The Glendale team also took firsts in all but three events. In the discus throw, Illif, a lank gentleman from South Pasadena in civilian clothes stepped into the ring without any preparatory motions slung the oblong in question out 121 feet, 11 inches, thereby copping that event for the Tigers and winning five points for himself.

Harris High Man
Colon Harris covered himself with glory by copping firsts in three events, the 50 and hundred-yard dashes, and the shot put and at the same time climbed to the top of the high points list with fifteen. Harris also strutted his stuff for Glendale in the 440-yard relay, carrying the Red and Black wand to the tape.

Lipstru of Glendale ranked second in the point list with nine markers, made in the fifty and hundred-yard dashes and in the high jump. Pure of Alhambra proved to be the star for the Moors, winning 6 1/2 points in three events.

The summary:
50-yard dash—Harris (G.), first; Murry (A.), second; Lipstru (G.), third; Johnson (S. P.), fourth. Time 0.9 seconds.
100-yard dash—Harris (G.), first; Lipstru (G.), second; Murry (A.), third; Marble (S. P.), fourth. Time 1.9 seconds.
120-yard low hurdles—Pure (A.), first; Mainland (G.), second; Clapp (A.), third; Thompson (G.), fourth. Time 14.8 seconds.
880-yard run—Lantz (G.), first; Appelton (G.), second; Steele (G.), third; Stewart (G.), fourth.
Shot put—Harris (G.), first; Manuel (A.), second; Lipstru (G.), third; Smith (S. P.), fourth. Distance 42 feet, 2 1/2 inches.
Discus throw—Illif (S. P.), first; Steele (G.), second; Manuel (A.), third; Pure (G.), fourth. Distance 121 feet, 11 inches.
High jump—Lipstru (G.), first; Clapp (A.), second; Squire (G.), third; McElriny (S. P.), tied for third. Height 2 feet, 4 inches.
Broad jump—Clapp (A.), first; Stewart (G.), second; Ball (S. P.), third; Cairnes (S. P.), fourth. Distance 18 feet, 1 1/2 inches.
440-yard relay—Won by Glendale. Alhambra second, South Pasadena third. Time 3:15.
Total—Glendale 67 points; Alhambra 27 1/2; South Pasadena 10 1/2.
High point—Harris (G.), 15; Lipstru (G.), 9; Pure (A.), 6 1/2; Smith (G.), 6; Lantz (G.), 5; Illif (S. P.), 5; Steele (G.), 5; Manuel (A.), 5.

MANAGER SUSPENDED

NEW YORK, March 12.—For failure to appear before the New York State Boxing commission in answer to a summons concerning a matter which was not made public, Walk Miller, manager of Tiger Flowers, was suspended indefinitely. The commission also suspended Flowers and all of the boxers in Miller's stable, except Bob Lawson, who is to fight here Saturday night under a contract made before the suspension was announced.

STIFF PRACTICE

FRESNO, March 12.—Stiff practice continued at the San Francisco baseball team training camp here in anticipation of the exhibition game to be played in this city Friday with the Kansas City Blues of the American association.

OAKS ARE STRONG

MYRTLEDALE SPRINGS, Cal., March 12.—Unexpected pitching strength is developing in the ranks of the Oaks, among the players in this rank showing form are Harry Krause, Earl Kunz, George Boehler and George Foster.

PLAY FOR TITLE

BERKELEY, Cal., March 12.—Twelve University of California basketball players were one their way to Corvallis, Ore., today, where they will meet the Oregon Aggies in the first of a three-game series for the Pacific coast conference championship Friday night.

HAZEL FREES HERSELF BY BITING THE HAND OF MR. X AND RUNS TOWARDS THE PLANE

HAZEL FREES HERSELF BY BITING THE HAND OF MR. X AND RUNS TOWARDS THE PLANE

JOHN B. FOSTER'S VIEWS

Special Correspondent of The Glendale Evening News, Copyright, 1925
AVALON, CALIFORNIA ISLAND, Calif., March 12.—If the Chicago Nationals were as sure of their outfield material as they are of their infield and their pitchers, they would start the 1925 season with more confidence than they have at present—provided any team could have more than they have right now.

Pre-season confidence often is a false alarm, but Chicago reckons up on the good showing the players made last year, plus what more may result if Alexander is a consistent winner for the season.

In 1924, just when they were at their best and it seemed as if they would enter the finish of the season going strong and with enough reserve to put them in the first place up to the final test, Alexander was retired with a broken bone. Something better is looked for this year, for Alexander is not expected to break the same bone twice. The Cubs' hopes put a big load on Alexander's shoulders, but pitchers with his reputation are compelled to carry burdens. It is the penalty of their greatness.

For the outfield, there are Heathcote, Stutz, Grigsby and "Hack" Miller. Possibly they will not make up as strong an outfield as Pittsburgh's which is usually excellent on the face of things. But it is about as good as the Cubs will be able to put in the line unless they run a foul of some player with more than ordinary speed, and they don't appear to have that kind of luck awaiting them.

Stutz has been ill and at one time it was feared he might be coming down with pneumonia. But now he is improving. Stutz did not do as well in 1924 as he promised to do after he had his season in California but was not in the best of health and that had much to do with his upset.

The Cubs' outfield should be able to go over the 300 batting put to insure holding the team in the race. Heathcote, Stutz and Miller are good, but they are not a standard .300 batting outfit. Heathcote is not an assured .300 batter by a long shot, but he is speedy and he gets on first a great deal. If the Cubs had been able to put through that deal with New York for Kelly, they would have been strong enough in the outfield to have every other team on the alert.

The Cubs' field in Chicago is so shaped that a certain 350 batter, if he hits to right or right center, can raise the mischief with opposing teams. Miller, with his tremendous drives, backed up by his stout shoulders, can slam the ball over the left field fence at times, but as he is a very free hitter, it is not always certain that he will meet the ball with enough power to lift it beyond the final defense of the other teams.

Grigsby has a future ahead of him in baseball. If he were as good a batter as Jimmy Ryan, of old Chicago days, he would put the Chicago team in the front line.

It is an odd fact in baseball history that the Chicago team in its earlier days the hardest hitting team of all baseball, never has been able to recruit the strength to its ranks that it had in the eighties.

The batters seemed all to drift east and to this day the Cubs have not been able to turn the tide usually a heavy of the tide to the fold in Chicago. True, they get one, now and then, who shows exceptional strength, but they can't get three at one time and sometimes their "one best" fades away into the smoke pall that hangs occasionally over the Chicago metropolis.

There is a bare chance that Grimm will come up to the record that he made when he first tried to be a slugger. If he does, Chicago will gain on the trade with Pittsburgh, because the Cubs do need a real old-fashioned horsehide mauler.

PLAY FOR TITLE

BERKELEY, Cal., March 12.—Twelve University of California basketball players were one their way to Corvallis, Ore., today, where they will meet the Oregon Aggies in the first of a three-game series for the Pacific coast conference championship Friday night.

OAKLAND ATTACKS BOXING MEASURE

City Attorney Claims New
Twelve Round Law Is
Unconstitutional

OAKLAND, March 12.—Boxing as conducted under California's new 12-round law was again subjected to attack when City Attorney Leon E. Gray of Oakland filed an opinion with the City Council that the state law is not constitutional in that it would deprive municipalities of the right to restrict or to regulate boxing matches.

Gray also declared that the cities retain the right to exact license fees from promoters and boxers, holding that "boxing is not a useful occupation, but belongs to that category of occupations which tend to weaken and corrupt morals."

RINGSIDE GOSSIP FAIR PLAY

Special Correspondent of The Glendale Evening News, Copyright, 1925
NEW YORK, March 12.—It is said that Paul Berlenbach was a mute in his younger days. Climbing a roof to retrieve a lost ball he missed his footing and fell thirty feet to the ground.

A terror-stricken mother who picked him up, according to the story told by close friends of Paul's, found that the fall had done him more good than harm, chiefly it had the effect of restoring his power of speech.

Anyway, these days Berlenbach says it with fists. Already the insiders are speculating whether or not Jack Delaney can repeat his knockout of Paul when the two face each other in the early summer. Already it is evident that a lot of money will be put up by those who believe not only that Berlenbach will go the whole route but may do some knocking out on his own account.

It is not beyond possibilities, the insiders claim, Berlenbach is a natural fighter and combines bulldog courage, a whirlwind, devastating attack and natural hitting power.

He has a fearsome appearance in the ring and having learned Delaney's fighting methods he has, many believe, better than a fair chance of turning the tables.

When Greb and Tunney meet in St. Paul on March 27, the fans will get a good line upon the reports that the American light-heavy champion has made a great progress this year. If Gene can give Greb a good pasting and win by a margin then no one will have any doubt he has gone way ahead. The first time they met, Greb beat Tunney to a decision and in 1923 when Tunney took Greb's championship title away from him there were lots of spectators, the writer among them, who did not agree with the decision.

It is pretty hard for a fighter to lose a title when he has carried the battle to the halcyon throughout fifteen rounds and given as good as he has received.

Pete Sarmiento, who held Eddie Cannonball Marin to a tie in Milwaukee the other night, is known as the champion bantam of the east. He has fought no leading bantams and has to his credit a victory over Joe Lynch last September.

Casaba Title Series Will Start Tonight

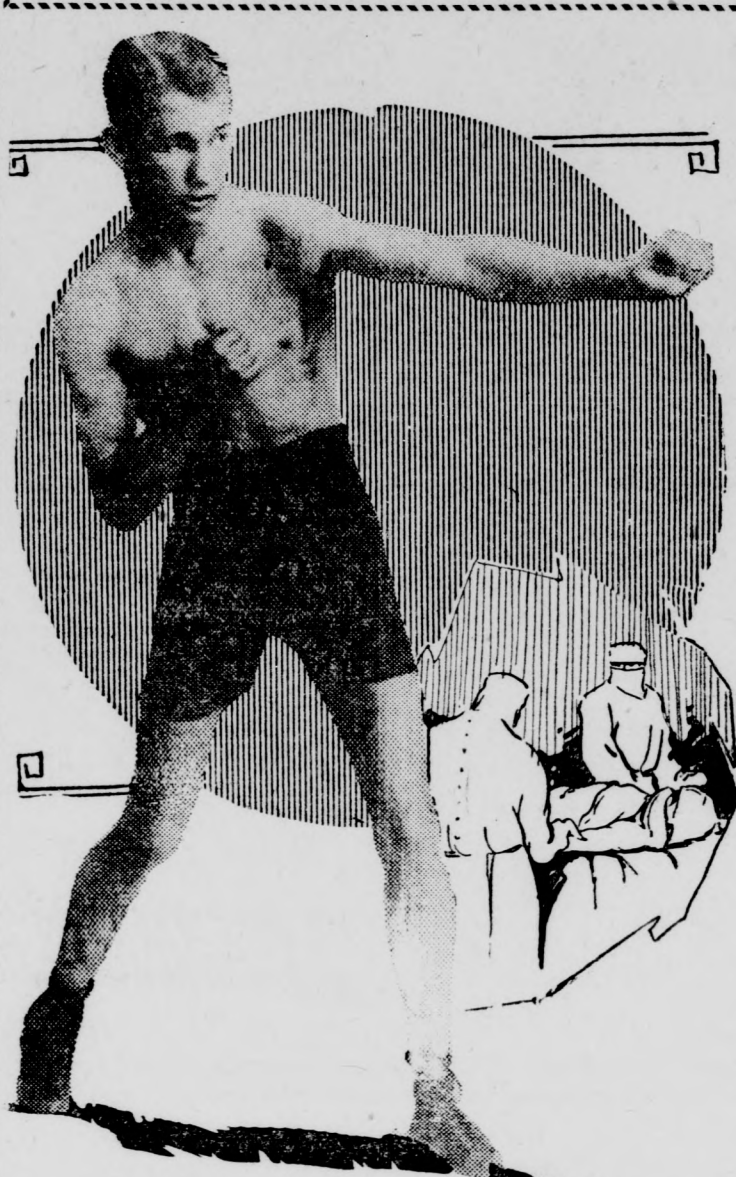

CORVALLIS, Ore., March 12.—The first of three-game series to decide the Pacific coast inter-collegiate basketball championship between California and the Oregon Aggies was to be played here tonight.

Each team, though confident, is weakened by loss of a regular. The Aggies will be without George Brown, center, who is out with grippe. Fred Wilosky will take the pivot position.

The Bears are without Holmes, star forward. Coach Price said the likely line-up will be Watson and Jorgenson, forwards; Higgins, center; Belasco and either Carver or Fechter, guards.

Depends on Operation

BUD TAYLOR, Terre Haute bantam flash, who has had the tendon in his right shoulder shortened to keep his arm from becoming dislocated when he takes a healthy right swing at an opponent.

TERRE HAUTE, Ind., March 12.—Bud Taylor, Terre Haute, Ind., bantam flash, who one year ago looked like he was headed right for the crown, is staging his future on a surgical operation which may either end his career or restore him to his claims for championship. Dr. W. G. Fralick, noted specialist of New York, asked to perform the operation, performed a similar operation on Pete Zivic.

Taylor knows that if the operation fails, he may be left with a stiff shoulder, and he is permanently retired from the game. The injury twice has prevented Taylor from a championship bout at the famous Madison Square Garden.

Boxing Al Ziemer at Cleveland, O., a year ago last September, Taylor let fly one of the famous wild, long right swings. The blow missed and out popped Bud's right shoulder. Seconds aided in replacing the member and he finished the fight.

Later Bud fought Tommy Ryan at Three-I ball park, Terre Haute, and again the right shoulder popped out. Then followed his famous fight with George Rivers at Los Angeles, Cal. He threw out the shoulder in the second round, yet gameness carried him on to victory in four rounds.

Several weeks ago, at Indianapolis, Taylor again boxed Al Ziemer, and as in their first match, Bud's arm popped out.

Then he was booked to box in New York and Cleveland. His left thumb, which had been bothering him, was bruised in work prior to the New York scrap and he was forced to ask postponement. Cleveland then called off the Taylor melee, fearing he was not fit.

That caused Taylor to go to New York, where he consulted Dr. Fralick, noted specialist.

The tendon, surgeons say, has been stretched by Taylor's long right hand swings. As a result of the loosened tendon, it pops off his shoulder blade. The operation is intended to shorten the tendon by splicing it, and then sewing the strands together. When healed, the tendon thus will be shortened and tightened and will hold its place in the natural pivot the blade affords.

FAMINE CONDITIONS

GALWAY, March 12.—Famine conditions in Connemara are partly the culmination of years of want and privation.

BROWNS TO TAKE FIELD UNCHANGED

No New Faces In Lineup For
Coming Season, Manager
Sisler Declares

By DAVIS J. WALSH
For International News Service.
TARPOX SPRINGS, Fla., March 12.—Variety may be the salt and pepper of this squirrel cage called life, but apparently George Sisler plans to take his without seasoning. He announced today that the St. Louis Browns will remain as was, barring the departure of Urban Shocker and the coincidental advent of Joe Bush, the bullet. Not another major operation is to be performed upon the patient, it being reported that mother, father and child are doing well.

Sisler, himself, will oblige at first base; Marty McManus, at present estranged over a difference of opinion on sordid money matters, eventually will get around to play second base; Gerber, perforce, will continue at shortstop, and Gene Robertson again will appear at third base.

The first string fly chasers, namely, Williams, Jacobson and Tobin, remain intact, with Dr. George Evans, the practicing outfielder, as leading substitute. Herschell Bennett, Western association star, is making himself generally useful, but Herschell has picked a tough spot. The Brown outfield trio is among the best in baseball.

Store Teeth, Et Al
Tobin slipped a bit last year, so he hid himself to a dentist and had him do his worst. Now they claim that Johnny, fortified by his store teeth, is ready for a big season. The first thing you know some baseball player will have himself amputated from a pestiferous windpipe and naturally will proceed to hit millions.

The inevitable Hank Severoid will do most or all of the catching, assisted, if at all, by Tony Rego and Leo Dixon, provided the latter decides to report. He was obtained from St. Paul for the reputed sum of \$50,000 and wants his share of the loot. Bush, who ousted Miller Huggins from the popular pastime of loggheading throughout the 1924 season, appears to be the life of the pitchers.

Sisler has given him complete supervision of all the pitchers and they are to take their orders from Joseph. He has reached this condition of affairs by working harder and more cheerfully than ever before.

"I don't know and don't care whether Bush will win more games than Shocker this season," Sisler said. "But I'll say this much: I wouldn't trade him back with \$10,000 thrown in. Bush is the most valuable man in my camp."

Dave Holding Out
Dave Davenport, leading pitcher of the club last year, is another holdout, but is expected to capitulate. Van Gilder, Dixie Davis and Wingard are back for more, if any. They form the vulnerable section of the Browns' armor, and something must be done about it rather hurriedly if the club is to be a contender.

Perhaps Milton Gaston, obtained with Bush from the Yankees, will be the answer. He developed a fork ball from working with Bush and no longer uses his knife except for peas. Sisler says he expects the young man to fill an aching void—that of relief pitcher, a specimen of which the Browns of recent years have seen little.

Joe Girard, left-hander obtained from Toledo as part of the Shocker deal, also looks like something. He is alleged to be mastering control and has everything else, or so it is said. Chester Falk, brother of Bib, is around and about. So is Eddie Shauter of Peoria. Likewise Brad Springer, Detroit semi-pro. The needed pitcher or pitchers may be concealed somewhere among these gentlemen.

Benjamin, O'Donnell Signed For L. A. Bout

LOS ANGELES, March 12.—Joe Benjamin, California lightweight and runner for the crown recently abandoned by Benny Leonard, will meet Johnny O'Donnell, of St. Paul, here on March 31 in a ten-round battle, according to an announcement today.

By ED WHEELAN

LOS ANGELES, March 12.—Joe Benjamin, California lightweight and runner for the crown recently abandoned by Benny Leonard, will meet Johnny O'Donnell, of St. Paul, here on March 31 in a ten-round battle, according to an announcement today.

LAWRENCE PERRY SAYS

Special Correspondent of The Glendale Evening News, Copyright, 1925
NEW YORK, March 12.—In spite of the confusion in the publicity from New Haven, Cambridge and Princeton, relating to the big three agreement limiting football coaching budgets, the terms, the writer finds, are simple enough. The agreement is as follows:

Beginning with September, 1926, and subject to any existing personal contracts, the total amount of money devoted to the salaries of coaches for the varsity football teams at Yale, Harvard and Princeton shall not exceed a certain specified sum agreed upon by the chairman of the big three athletic committee and later ratified by the committees.

Just what this sum is has not been divulged, and there seems to be no clear idea among the big three whether or not it should be announced.

In supplying this limitation any portions of trainers' salaries that may be charged against football will not be construed as coaches' salaries.

The limitation agreed upon applies to the coaches' salaries for the varsity team only, and does not apply to the salaries of men coaching freshmen, class and scrub elevens.

It appears that if the maximum pay of professors at the big three universities had been the same, the salary of the football coach might have been set at this maximum also, but this condition does not obtain, and at the same time it was decided that it would be unwise to correlate totally different activities in this way.

And so the big three agreement is based on a limitation of football rather than upon a limitation of individual salaries.

SPORT CHATTER

By THE SPORTSMAN
Special Correspondent of The Glendale Evening News, Copyright, 1925.

ST. AUGUSTINE, Fla., March 12.—Miss Glenna Collett, generally recognized as America's premier woman golfer, will be a competitor in the Florida east coast women's championship here. This will be the last appearance of the Providence girl wonder in competition in this country previous to her departure for England April 11.

The hard-hitting Glenna is using this competition as a last means of tuning up her wonderful game. Following her play here this week she will leave for her home in Providence to get ready for her trip and will not swing a golf club again until she reaches the other side.

Miss Collett will have plenty of opposition here this week, for opposed to her is the finest field that ever played in a women's tournament in this section.

Most prominent among her opponents will be Miss Frances Hadfield, young Milwaukee sensation, who defeated Miss Collett in an extra hole match in the Belleair tournament last week. Miss Hadfield is very confident and at present is playing wonderful golf.

Another girl who counts on making a good showing here is little Bernice Wall, the blue-eyed daisy of Wisconsin who holds the championship of that state. Miss Wall was a finalist in the Belleair tournament last week, losing out to Mrs. Dorothy Campbell Hurd after a hard match.

Others who are figured to do well here are Mrs. H. D. Starratt, four times winner of the Kansas State championship; Mrs. Alex Smith, veteran player who is always up with the leaders; Miss Ruth Perry, and Mrs. Stewart Mantry, Michigan state title holder.

BOWLING SCORES

The Glendale Tile and Mantel players took three games from the Morgan Hardware bowling team last night in a Foothill league match. The winners rolled an even 1000 for the opening game, had sixty pins' margin in the second and rounded out the match by taking the third with twenty-five pins to spare. Roder of the winners rolled 247 in the first game for high score. The scores:

MORGAN HARDWARE		
PLAYERS	1	2
Selle	161	169
Marwan	167	156
Richards	181	176
Ertin	209	157
Weber	213	182
Totals	944	843

GLENDALE TILE & MANTEL		
PLAYERS	1	2
Roder	247	169
Stanley	180	171
Paul	195	167
Fortunato	214	182
Brehm	181	203
Totals	1090	903

POOR TOM

HOLLYWOOD, March 12.—Tom Mix is now said to have succeeded Ruth Roland as Hollywood's richest person. He is making \$15,000 weekly.

Kid Kaplan Wins Easy Over Farr In Oakland

OAKLAND, March 12.—Kid Kaplan of Meriden, Conn., recognized as world's featherweight champion, was prepared today to continue his successful invasion of the far west, having easily won a 12-round, no-decision bout here last night, from Johnny Farr of Oakland. Kaplan took ten of the rounds, knocked Farr down twice and coasted through to a victory, completely outclassing the westerner.

Lumber from American oak trees is increasing in popularity in South America.

The FUN of SAV- ING UP

FEW PLEAS-
URES in life
equal those of
achievement. To
accomplish a definite
thing, to do it
by your own will
power and initiative—this brings
real joy.

The normal pleasure
in a Security Savings
Account, grown to
goodly dimensions, and
still growing through
steady accretions from
interest compounded—
this normal pleasure is
not that of avarice or
of the miser. It is the
satisfaction in accomplish-
ment, through the
deliberate training of
the will to save.

Money spent hastily
rarely brings
much satisfaction.
Money saved,
then used for
something worth
while, gives double
pleasure.

STOCKS—FINANCIAL—MARKETS

SPECIAL SERVICE TO THE GLENDAL E EVENING NEWS
 International News Service, Consolidated Press Association, Southland News Service.

MARKET SUMMARY

LOS ANGELES, March 12.—E. H. Rollins & Sons of Los Angeles have purchased the \$70,000 5 per cent bond issue of the Alhambra waterworks on a premium offer of \$5649. The bonds are due serially.

Earnings of the William Wrigley Jr. Co. for the current quarter are estimated at \$2,500,000, as compared with \$1,716,000 in the preceding quarter.

Plate glass manufacturing in the United States, which broke all records in 1924, is expected to produce new records this year, it is declared by the secretary of the manufacturers' association.

Unfilled orders of United States Steel increased 247,448 tons in February, a much larger gain than was generally expected.

Completion of a new 1000-barrel well, which increases the production of the Rosecrans-Athens field to about 16,000 barrels, has been registered by the Union Oil Co. of California.

According to reports over the E. H. Hutton & Co., brokers, wires today, fluctuations in cotton at the present time are meaningless. The Liverpool market is lower, but the American markets have ignored the action of the foreign affairs and maintained a firm tone.

Active buying of the public utility stocks was a feature, with Utah Securities up 5 points at a new high at 64 1/2; public service of New Jersey, up 3 points; North American and Philadelphia company, active and higher.

The firming up of the crude oil market and the reports that forthcoming statements of 1924 earnings of important companies would be more favorable than the preceding year.

Grain prices rallied as the day advanced, but cotton was heavy, with declines in the maximum of 30 points, or about \$1.50 a bale. Call money was 4 per cent at the opening, but declined to 4 per cent by noon.

Stock sales, 1,461,700 shares; bonds, \$14,801,000.

N. Y. COTTON
 NEW YORK, March 12.—Cotton prices were steady at the opening today; first prices were unchanged to 7 points higher. March opened at \$25.60, up 7 points; May, \$25.83, up 5 points, and July, \$26.05, unchanged.

The cotton market was weak at the close, 21 to 40 points lower. Spot cotton was down 40 points, with middling uplands at \$25.50.

FLAX REPORT
 MINNEAPOLIS, March 12.—Flax: March, \$2.93 1/2; April, \$2.93 1/2; May, \$2.94 1/2; July, \$2.93 1/2; track, \$2.93 1/2 @ 2.97 1/2; arrival, \$2.93 1/2 @ 2.96 1/2.

LIVERPOOL COTTON
 LIVERPOOL, March 12.—Spots quiet; prices steady; sales 6000 bales. Middlings, fair, \$15.39; strictly good middlings, \$14.89; good middlings, \$14.59; strictly middlings, \$14.39; middlings, \$14.14; strictly low middlings, \$13.84; low middlings, \$13.54; strictly good ordinary, \$13.14; good ordinary, \$12.54. Futures quiet.

FARM CENTERS BUY
 CHICAGO, March 12.—Retail dry goods dealers here report February business better than January, but not so good as the same month last year. Retailers also report sales slightly under those of a year ago. Clothing and shoe jobbers report heavier buying orders from interior farming districts than from larger centers of population.

L. A. PRODUCE
 LOS ANGELES, March 12.—Butter, 47c. Eggs: Extra, 32 1/2¢; case count, 31¢; pullets, 28¢. Poultry: Hens, 18 @ 28¢; broilers, 23 @ 35¢; fryers, 33¢. Potatoes: Stockton Burbank, \$2.75 @ 3¢; poorer, \$2.50; Idaho, russets, \$2.25 @ 2.40; new stock, San Diego Carlsbad, 8 @ 9¢; small, 5 @ 6¢.

MILK PRICE DOWN
 DENVER, March 12.—The price of milk here is now 10 cents a quart, the lowest mark reached in several years. The dairy industry in Colorado has increased faster in the last three years than in any other western state.

CHICAGO GRAIN
 CHICAGO, March 12.—Grains turned weak in the erratic session today and closed lower. Wheat closed 1/2¢ to 3/4¢ off; corn, 1/4¢ to 1/2¢ off. Provisions closed steady to lower.

NEW YORK CLOSING

By W. S. COUSINS
 For International News Service
 NEW YORK, March 12.—Short covering in the stock market today accounted for most of the strength exhibited in industrial stocks. Speculative buying of the rails and public utility shares was stimulated by expectations of special developments in a number of the leading companies, and in some cases prices advanced in good form to higher levels.

But demand for the stocks of trunk and garment makers was weak, and professional traders were given control of the market. Special weakness cropped out in some sections, with American Woolen as a target for bearish attacks, as a result of which that stock dropped to a new low for the year at 45 1/2.

With General Electric up 7 points, to 27 1/2; American Can, Ludlum Steel and other industrial leaders up 2 to 6 points; with oil stocks apparently ready to stage another rally, and railroad stocks forging ahead 2 or 3 points to new high price levels for the year, the market presented a good contrast to the last few sessions, when prices were tumbling and bearish rumors of a new round of flooding the financial district.

Active buying of the public utility stocks was a feature, with Utah Securities up 5 points at a new high at 64 1/2; public service of New Jersey, up 3 points; North American and Philadelphia company, active and higher.

The firming up of the crude oil market and the reports that forthcoming statements of 1924 earnings of important companies would be more favorable than the preceding year.

Grain prices rallied as the day advanced, but cotton was heavy, with declines in the maximum of 30 points, or about \$1.50 a bale. Call money was 4 per cent at the opening, but declined to 4 per cent by noon.

Stock sales, 1,461,700 shares; bonds, \$14,801,000.

CITRUS MARKET
 LOS ANGELES, March 12.—Oranges: Southern special brands, large sizes, \$5.25; medium, \$4.75; small, \$4.25 to \$4.50.

Lemons—Local special brands, \$5.25 to \$5.50. Grapefruit—Northern special brands, \$3 to \$3.25; Imperial valley special brands, \$5.25 to \$5.50; others, \$4 to \$5.

NEW YORK, March 12.—Eleven cars of navel, two mixed cars and two cars lemons sold. Navel market easier on 176s and larger; doing better on 200s and smaller. Lemon market strong. Weather fair. Navel averages ranged from \$4.40 to \$5.50; lemons \$3.50 to \$5.65.

MONEY & EXCHANGE
 NEW YORK, March 12.—Call money on the floor of the New York stock exchange today ruled at 4 1/2 per cent; high, 4 1/2 per cent; low, 4 per cent. Time money was quiet. Rates were: Sixty days, 4 1/4 per cent; ninety days, 4 1/4 per cent; four months, 4 1/4 @ 4 1/2 per cent; six months, 4 1/4 @ 4 1/2 per cent. The market for prime mercantile paper was active. Call money in London today was 3 1/2 @ 3 3/4 per cent. Sterling exchange was firm, with bankers' bills at \$4.77 1/2 for demand.

OUTLOOK IS GOOD
 ST. LOUIS, March 12.—President Johnston of the Liberty Central Trust Co. said today that the currents of business were moving in the right direction and that accepted indicators register at normal or above. President Kurn of the St. Louis & San Francisco railway said he expected net earnings to increase 15 per cent this year, owing to reduced costs of operation.

BANK CLEARINGS
 SAN FRANCISCO, March 12.—Bank clearings, \$29,700,000.
 SEATTLE, March 12.—Bank clearings, \$8,190,848.
 PORTLAND, March 12.—Bank clearings, \$6,515,547.

 NEW YORK, March 12.—Great Britain, demand \$4.77 1/2, cables \$4.77 1/2; France, demand \$5.14 1/2, cables \$5.15; Belgium, demand \$5.04 1/2, cables \$5.04 1/2; Switzerland, demand \$19.24, cables \$19.26; Italy, demand, \$4.07 1/2, cables \$4.08; Sweden, demand \$26.92, cables \$26.96; Norway, demand \$15.28, cables \$15.32; Denmark, demand \$17.39, cables \$18.03; Greece, demand \$15.02.

AUTO TRADE BUSY
 CLEVELAND, March 12.—Automobile operations are somewhat larger than at any time this year. One producer here says operations are being retarded by a strike body builders are behind with deliveries. This company follows a policy of building only enough cars to fill requirements, and this is taken as an indication of a substantial increase in orders.

LIBERTY BONDS
 NEW YORK, March 12.—3 1/2% \$101.14; first 4s, \$101.18; second 4s, \$104.26; third 4s, \$101.14; fourth, 4s, \$101.25; new 4s, \$104.20; new 4s, \$100.18.

N. Y. COPPER
 NEW YORK, March 12.—Copper quiet; all positions offered. \$12.40 @ 14.50. Silver: spot and March offered \$9.12 1/2. Zinc, steady; all positions offered. \$7.45. Antimony quoted at 16c.

TURPENTINE
 NEW YORK, March 12.—Turpentine: Savannah, 87¢; New York, 94 1/2¢; Rosin: Savannah, \$6.95; New York, \$8.25.

CHICAGO STOCK

CHICAGO, March 12.—Hogs: Receipts, 28,000; market 15 @ 25¢ higher; bulk \$13.25 @ 13.35, top \$14. Heavyweight, \$2.50 @ 3.25; medium weight, \$13.40 @ 13.90; light weight, \$12.25 @ 13.75; heavy lights, \$12.50 @ 12.90; light packing sows, smooth, \$12.25 @ 12.50; packing sows, rough, \$11 @ 12.50.

Cattle—Receipts, 11,000; market steady to strong. Beef steers: Choice and prime, \$10.75 @ 11.75; medium and good, \$9 @ 10.25; good and choice, \$10.50 @ 12.50; common and medium, \$7 @ 9.50. Butcher cattle: Heifers, \$3.50 @ \$11; cows, \$4.50 @ 7.75; bulls, \$4 @ 7. Canners and cutters: Cows and heifers, \$2.50 @ 5; canner steers, \$5.50 @ 7.50. Veal calves, light and handyweight, \$10 @ 13.50; feeder steers, \$5.50 @ 8; stocker steers, \$5.50 @ 7.50; stocker cows and heifers, \$3.50 @ 5.50; stocker calves, \$5 @ 7.50.

Sheep—Receipts, 17,000; market steady. Lambs, \$4 lbs down. \$15.50 @ 17.50; lambs, culls and common, \$12 @ 14; yearling wethers, \$13 @ 15; ewes, \$9.50 @ 10.75; ewes, culls and common, \$2 @ 4; feeder lambs, \$16.25 @ 17.35.

CITRUS MARKET
 LOS ANGELES, March 12.—Oranges: Southern special brands, large sizes, \$5.25; medium, \$4.75; small, \$4.25 to \$4.50.

Lemons—Local special brands, \$5.25 to \$5.50. Grapefruit—Northern special brands, \$3 to \$3.25; Imperial valley special brands, \$5.25 to \$5.50; others, \$4 to \$5.

NEW YORK, March 12.—Eleven cars of navel, two mixed cars and two cars lemons sold. Navel market easier on 176s and larger; doing better on 200s and smaller. Lemon market strong. Weather fair. Navel averages ranged from \$4.40 to \$5.50; lemons \$3.50 to \$5.65.

MONEY & EXCHANGE
 NEW YORK, March 12.—Call money on the floor of the New York stock exchange today ruled at 4 1/2 per cent; high, 4 1/2 per cent; low, 4 per cent. Time money was quiet. Rates were: Sixty days, 4 1/4 per cent; ninety days, 4 1/4 per cent; four months, 4 1/4 @ 4 1/2 per cent; six months, 4 1/4 @ 4 1/2 per cent. The market for prime mercantile paper was active. Call money in London today was 3 1/2 @ 3 3/4 per cent. Sterling exchange was firm, with bankers' bills at \$4.77 1/2 for demand.

OUTLOOK IS GOOD

WARREN'S NAME AGAIN OFFERED

Administration Leaders See Enough Votes To Win His Confirmation

(Continued from page 1)

ate who went to the White House in a steady stream yesterday to advise him that there was no chance of confirming Warren.

While no formal statement of the president's attitude was forthcoming, it is understood that Mr. Coolidge was guided largely by the wishes of Mr. Warren himself in the matter. Warren was stopped at the station by a White House limousine, and was driven immediately to the executive mansion where he joined President Coolidge at the breakfast table.

Warren Silent
 "Nothing for publication," said Warren in response to questions. The only other guests at the White House breakfast table were Alonzo Houghton, ambassador to Great Britain, a White House guest of the president, and Senator William Butler, chairman of the Republican National committee.

After breakfast was concluded, President Coolidge left Warren and Butler to discuss the situation between themselves and went to his desk.

School Trustees In Board Meeting Today

The Glendale Union High school Board of Trustees will meet at 5 o'clock this afternoon at the Glendale High school, instead of tonight, inasmuch as Dr. C. E. Barker will talk tonight to fathers and sons in the auditorium, under the auspices of the Glendale Rotary club. Albert D. Pearce, president of the board, will preside.

Mr. Pearce calls attention to the Glendale Union High school district election, which will be held Friday, March 27, at the Glendale High school. The polls being open from 8 o'clock in the morning until 8 o'clock at night, in charge of S. Riley Lyons, inspector, and Adelaide H. Imbler and Mary G. Pollock, judges.

Two trustees will be elected for terms of three years. The terms of A. W. Tower and H. W. Yarik expire and it is expected that these trustees will run for reelection, although Irving H. Oliver, business manager of the Glendale Union High school, reports that they have not yet filed nomination petitions with him.

Crescenta Woman Wins Four Dog Show Prizes

Monnie Fay, collie dog, belonging to Mr. and Mrs. F. S. Card of Altura street, La Crescenta, made a good showing in the recent kennel shows at Alhambra and Pasadena. She won two first prizes at Alhambra, and first and second at Pasadena. Mrs. Card has entered her in the kennel show Friday and Saturday at Long Beach.

Manufacturing Business

Prospering and needing further capital for expansion, offers safety, money back in 12 months—plus a handsome bonus, to party with \$7500.00 or several with smaller amounts. Would consider services of capable person also, if essential. 100% profit. Cash business. Box 53, Glendale Evening News.

CITY PRINTING

NOTICE OF FILING ASSESSMENT.
 NOTICE IS HEREBY GIVEN that on the 7th day of March, 1925, the City Clerk of the City of Glendale filed with the City Clerk of the City of Glendale the assessment for the improvement of portions of Los Feliz Road and Glendale Avenue (Light), more particularly described as Resolution of the Council of the City of Glendale, passed by the City of Glendale on the 23rd day of October, 1924, reference to which is hereby made for a description of said improvement.

A person interested feeling aggrieved by the assessment, or to the work, assessment, diagram, or any act, determination or proceeding of the Street Superintendent or City Engineer, may, prior to the date fixed for hearing appeal to the City Clerk by briefly stating in writing the grounds of appeal.

Notice is hereby given that on the 26th day of March, 1925, at 10 o'clock A. M. in the Court of the City of Glendale, a public hearing will be given and had when and where all persons aggrieved by the assessment, or to the work, assessment, diagram, or any act, determination or proceeding of the Street Superintendent or City Engineer, may, prior to the date fixed for hearing appeal to the City Clerk by briefly stating in writing the grounds of appeal.

A. J. VAN WIE,
 City Clerk of the City of Glendale.
 March 11-12, 1925.

HERB EXTORTION SCANDAL REVIVED

Chink Lobbyist Mysteriously
Admitted To Assembly
To Oppose Measure

SACRAMENTO, March 12.—The famous Chinese herb bill, which threw the Legislature into a furore two weeks ago by recognition of charges of extortion connected with its introduction, came back to prominence today, when Chinese herbalists appeared in Sacramento, lobbying against the bill.

Y. T. Dang, secretary of the California Chinese Protective association, was mysteriously admitted to the floor of the Assembly by a San Francisco senator, in order that he might confer with members of the San Francisco delegation.

Assemblyman Edward J. Smith, Oakland, author of the bill regulating herbs, commenting on Dang's appearance, said that he was prepared to fight for the passage when it comes before the medical and dental committee tomorrow afternoon.

Gets Approval

MISS RUTH W. KERN,
deputy city treasurer, in-
dorsed by Glendale ban-
ders as candidate for city treas-
urer.

Officials of eight Glendale banks have endorsed the candidacy of Miss Ruth W. Kern for the position of city treasurer. In offering their endorsement these bankers, whose names are published by permission of President A. R. Eastman of the Glendale Clearing House association, issue the following statement:

"We, the undersigned voters and taxpayers in Glendale, hereby endorse the candidacy of Miss Ruth W. Kern for city treasurer. We believe her to be well qualified for the office, because of her wide experience for the past four years as deputy city treasurer."

Following are the officials whose names appear under this endorsement: Herman Nelson, vice-president and manager, Glendale avenue branch, Pacific Southwest Trust & Savings bank; C. C. Cooper, president, and E. U. Emery, director, Federal Commercial & Savings bank; George T. Harness, assistant cashier and assistant manager, East Broadway branch, Federal Commercial & Savings bank; D. H. Smith, vice-president and manager, Brand boulevard branch, Pacific Southwest Trust & Savings bank; A. R. Eastman, president, Glendale State bank; William A. Goss, assistant secretary, Security Trust & Savings bank; W. S. Perrin, president, Glendale Savings bank, and Ross Walker, escrow officer, First National bank in Glendale.

Miss Ruth W. Kern lives with her mother, Mrs. Gertrude L. Kern at 332 West Harvard street. She came to Glendale four years ago from San Francisco, where she had been employed as a bookkeeper. She is a graduate of the Detroit, Mich., high school, and has had an extensive commercial experience.

Shorer To Retire
The position she seeks to fill will be made vacant by the retirement of J. C. Shorer, incumbent, who has stated that he will not be a candidate for re-election April 14, assigning as a reason his desire to withdraw from public life, after ten successive years of service to the city.

Miss Kern declares she is not keen on "politics" but seeks the office because she is thoroughly familiar with the work and knows she can fill it with credit to herself and to the city. This opinion is concurred in by her many friends.

She is a member of the Glendale Music club, the Glendale Choral club and attends the Glendale Presbyterian church.

CHINESE LOTTERY BILL IS DEFEATED

Senate Turns Down Herb
Measure By Record
Vote of 27 to 6

SACRAMENTO, March 12.—The much-advertised Chinese lottery bill, introduced by Senator Edgar Hurley of Oakland, went down to overwhelming defeat when the Senate rejected it by a vote of 27 to 6.

This measure came from under the shadow of legislative doubts when the Chinese herbalist scandal broke, and the name of Senator Hurley came into the affair through the fact that he had accompanied W. R. Brackett of Oakland to the Chinese herbalists and spoke a good word for him as an effective "lobbyist."

Senator Herbert C. Jones, in the midst of the Assembly investigation of the herbalist scandal, served notice on Senator Hurley that he would oppose passage of the lottery bill until such time as the herb bill scandal was satisfactorily explained.

**Ethel Barrymore Sick,
Cancels Engagements**

KANSAS CITY, Mo., March 12.—Miss Ethel Barrymore, taken ill here Monday night, is worse, according to her manager, and has cancelled all engagements for this week, her physician, Dr. L. S. Milne, reported today.

TEXAS GIFTS

DALLAS, March 12.—Former Governor Pat M. Neff, who was succeeded by "Ma" Ferguson, secured gifts of more than thirty tracts in various parts of the state for developing into state parks.

COMMENT by GIL A. COWAN

Senator A. Burlingame Johnson of Pasadena, representing the district in which Glendale is a part, has become a party to a merry row to be aired in the California Legislature.

He introduced a resolution ratifying the six-state Colorado river compact in accord with the desires of Herbert Hoover, secretary of commerce, who is serving as chairman of the association to unify and develop the muddy stream.

The senator's resolution differs from that of Assemblyman A. C. Finney of Brawley, in that the latter tied a "string" to ratification by California. That string consists of the preservation of present rights until the federal government authorizes the construction of a high dam at or near Boulder canyon for storage purposes.

Senator Johnson says that Finney's resolution contains that which the conference of the seven states concerned already has turned down. And he adds that Finney represents his constituents, the "ranching public," in this clause for it is a lever to force the passage of the Swing-Johnson bill now before Congress.

Imperial valley residents, including the small shop keepers and working men, are particularly interested in the passage of the Swing-Johnson bill, according to Senator Johnson, because it includes the building of an all-American canal to irrigate the east side of Imperial valley and divert the waters from their present course through Mexico.

Construction of the all-American canal, he believes, would cause several million dollars to be spent in the valley for the benefit of store keepers and others who are there only long enough to "cash in" and get out. But it would burden the lands of the valley with the expense.

It so happens that only about 35 per cent of the voting population, perhaps, own land, yet the whole population votes on matters of policy of the Imperial Irrigation district, it being under the control of the county. Therefore, while the majority of voters who elected Mr. Finney may demand that his reservation of rights be made a part of the compact, the land owners to be protected hold another opinion.

Senator Johnson of Pasadena is financially interested in the Imperial valley. So is Assemblyman Finney. Both are sincere in their views and the airing of some twenty years of Imperial valley's history is due to come Friday night of this week, in the Assembly committee on federal relations and later in the Senate's committee.

Numerous people in Glendale and Los Angeles and Pasadena own Imperial valley land. And the people of Southern California generally are interested in the development of the Colorado river for irrigation and power purposes. Whether or not you are personally concerned, the ratification of the new pact, which excludes Arizona, is one of the big issues before the Legislature. It is a question about which much will be written in the next few days.

The "tomorrow land" of the south depends on the Colorado river.

By Southland News Service.
LOS ANGELES, March 12.—J. U. Hemmi, attorney and real estate man of Torrance who was recently sentenced to serve seven months in the Orange county jail by Federal Judge James in connection with the Anaheim post-office robbery has applied through U. S. Attorney McNab for clemency.

Three giant \$10,000 searchlights are soon to be added to Fort MacArthur's mobile defense equipment. The lights are now on their way from the east coast on board the army transport Edgemore due in Los Angeles harbor about March 22. Each of the lamps is mounted on an automobile chassis and throws a beam five feet wide and capable of penetrating almost three miles into the night.

C. A. Webb, former city man, was sentenced two years in the county jail after he had been found guilty in Judge Archibald's court of teaching school children to steal parts from automobiles. Webb was fined \$500 and sentenced to 43 days imprisonment by the commission, 70 were redeemed by owners.

SCHOOL FIGHT

SACRAMENTO, March 12.—Re-opening the administration's fight against Will C. Wood, state superintendent of public instruction, Assemblyman Charles H. Denel of Chico introduced a constitutional amendment in the assembly to abolish the school superintendency and place the educational system under the sole charge of a director of education to be named by the state board of education.

GLENDANE WINS IN ESSAY CONTEST

Donald R. Gillin Receives
First Prize On 'Home
As Investment'

Donald R. Gillin of 626 East Palmer street, advertising manager of the Bentley Lumber Co., 460 West Los Feliz road, has received word he won first prize in an essay contest conducted by a Los Angeles concern. Mr. Gillin's essay on "Home as a Profitable Investment," which won the \$25 prize, follows:

"The home is a profitable investment because rent money has bought many homes for landlords; a dollar looks just as big to most landlords as it does to other business men, and all landlords I know own their own homes.

"Because my wife and children are entitled to call the place they live in their home; because they stabilize me and my family, and it has putten to me that a rolling stone gathers no moss.

"Because a home increases my credit with banks, other financial institutions and merchants; because a home puts my family on an equal social plane with my neighbors, the majority of whom are home owners.

Financial Welfare
"Because I am interested in my own financial welfare and want to do the best I can for myself, and I know a home puts dollars back into my pocket; because I believe every man has an inherent right to own his home.

"Because a home can be bought and owned with safety. Fire insurance protects me against loss by fire, title insurance eliminates title troubles, because I know that a home I buy or own now will be worth more in the years to come; because there is no excuse for my not owning a home.

"Because I want to work for myself and my family and not for a landlord and his family; because owning a home is a privilege that many men less fortunately situated than I am do not have. Because a nation of home owners is a substantial nation and I want to do my part to make my country the world's most substantial nation.

"Because there is no place like home! These are the reasons the home is a profitable investment."

DISTRICT POSTS TO ATTEND MEET

Glendale Legionnaires To Be
Hosts Tomorrow Night;
Five Boxing Bouts

Delegates from all posts in the Thirty-second district will be guests of Glendale post, No. 127, American Legion, at the meeting to be held tomorrow night at 335 North Brand boulevard. Visiting Legionnaires will come from Burbank, San Fernando, Lankershim, Van Nuys, Eagle Rock, Owensmouth, Tujunga, Girard and Verdugo Hills.

Edward J. Wix, a member of Glendale post, is commander of the thirty-second district. The program will be in charge of a special committee consisting of Walter Horstman, Glenn Mapes, George Grist and Adjutant McWain. Refreshments will be served.

Following the business session of the post, five boxing bouts, secured by the special committee and N. C. Hayhurst, coach at the local high school, will be presented, with Jess Willard, former heavyweight champion, as referee.

BRIDE BOUGHT IN HAREM SHOT DEAD

Best Man at Wedding Later
In Jealous Rage Kills
Woman He Loved

BOSTON, March 12.—A bride bought from a Turkish harem by her husband for \$5,000 was shot and killed by a man who secretly loved her and had served as best man at her wedding. The dead woman, Mrs. John Goshagian, 28, was slain by Paul Kochin, 35, married, who turned the pistol and shot and seriously wounded himself.

The husband of the dead woman told the police he bought his wife at a harem after she had been picked up by the Turks in a flight from Armenia. They were married six months ago, the husband said.

CUT THIS OUT—IT IS WORTH MONEY

Send this ad and ten cents to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive a sample bottle of FOLEY'S HONEY AND TAR COMPOUND for coughs, colds and hoarseness, also sample package of FOLEY'S PILLS, a diuretic stimulant for the kidneys, and FOLEY'S CATHARTIC TABLETS for constipation and biliousness. These dependable remedies are free from opiates and have helped millions of people. Try them!

WOMAN GOVERNOR PAYS MEN HONOR

Nellie Ross Declines Militancy
At Same Time Winning
'Backward' House

By ROBERT A. V. BRADSHAW
Special Correspondent of The Glendale Evening News, Copyright, 1925.
WASHINGTON, March 12.—Governor Nellie Taylor Ross of Wyoming says men have a keen appreciation of the graciousness of women toward them. This appreciation, she declares, is a fundamental trait and if women would be successful they had best accept the idiosyncrasy as inherent and ineradicable.

Guest of honor and chief speaker at a dinner given here by the Women's National Democratic club, Governor Ross declared militancy in all its forms and emphasized the inter-dependence of the two sexes in political as well as in family life. She treated the brilliant post inaugural events staged by the "undefeated minority," to one of her very few formal addresses made in a four months' tenure of office. The governor stuck very close to a manuscript and soon after getting headway she brought glasses to the assistance of a pair of soft, brown, rather shy eyes.

She Makes Hit
From the woman executive of the state that first granted equal suffrage, many of the guests assembled from all parts of the Union were altogether radical if not mildly revolutionary. Before the diminutive speaker had gotten far along, there was a perceptible batting of eyes and a heaving of relieved sighs.

The "silent woman governor" had made a hit. The demure little personage, slight of build, delicate of feature, with a voice which was evidently developed within the four walls of an ordinary well-to-do home, Governor Ross, as she stood before her audience, might readily have been mistaken for the leader of a Sunday school class almost anywhere in these United States.

"I'm not accustomed to speaking in public," she explained, "so please, if you don't hear me, let me know and I'll try to speak louder."

But she did not have to raise her voice. She had the interested attention of the audience in general and the men—and there were a lot of them—in particular.

In the whirly-burly of things as they were, the words of an outspoken proponent of amiability, political and personal, came as the voice of the crying in a wilderness of sound and fury. A salvo of hand-clapping broke as the speaker concluded.

BURIED TREASURE
SACRAMENTO, March 12.—While playing around the rock foundation upon which a house stood many years ago on the ranch of her father, S. A. Smith of Newcastle, Placer county, little Miss Smith and a girl chum found two \$20 gold pieces under a loose rock. Further search, revealed \$2500, all in gold pieces except a few dimes and greenbacks, badly rotted. Most of the gold pieces are dated between 1850 and 1860 although one is stamped 1854.

HIGHWAY IN MEXICO
SAN DIEGO, March 12.—A paved highway linking Tia Juana and Ensenada and connecting with the Pacific highway will be constructed by the Mexican government as soon as funds are available, according to Governor Abelardo Rodriguez of the northern district of Lower California. Continued substantial development of the northern district makes such highway imperative, according to the governor. Ensenada is about seventy miles south of Tia Juana and the proposed highway would parallel the ocean shore.

BATS FIGHT MOSQUITOES
RIVERSIDE, March 12.—With prospects of catching 500 bats to fight mosquitoes in the swamps surrounding Fairmount lake, City Engineer Lee Halzgar has taken under consideration a proposal to make caves in Fairmount hill to furnish abodes for the flying mammals. It is said that spreading of oil on the swamp land to kill the mosquitoes and larvae would be impracticable. It would be impossible, it is believed, to spread the oil in a way to be effective, as there is a large area of small pools and boggy land. The city engineer has drawn plans for a bat house such as has been adopted by other southern cities which have attempted this method of fighting mosquitoes. He has not yet decided whether the house or caves in Fairmount hill would furnish the best homes for the bats.

TEMBLOR EXPERT COMING
RIVERSIDE, March 12.—William Morris Davis, famous geologist and geographer, is coming to Riverside county to make a study of earthquake faults. Professor Davis for years was a member of the Harvard faculty and is now a professor emeritus of that school. Known throughout the country for his knowledge of

DEATHS—FUNERALS

HENRY A. REIF
Funeral services for Henry A. Reif, who died Tuesday at his home, 210 East Dryden street, were held at 2 o'clock this afternoon in the L. G. Scovern chapel, South Brand boulevard. Interment took place in Forest Lawn Memorial park. Mr. Reif was born in Pittsburgh, Pa., fifty-nine years ago. He had lived in Glendale eighteen years. Surviving him is his widow, Mrs. Mary Reif.

GEORGE E. SCHAEFER
George E. Schaefer, 9-year-old son of Mr. and Mrs. George W. Schaefer of Long, Cal., died this morning, Thursday, March 12, 1925, at 521 West Pioneer drive. He was a native of Los Angeles. Funeral arrangements are in charge of Kiefer & Eyerick.

LYDA TORREX WHITLOCK
Mrs. Lyda Torrex Whitlock of La Crescenta died this morning, Thursday, March 12, 1925, at a local sanitarium at the age of 48 years. Mrs. Whitlock was a native of Lexington, Ky., and had resided in California twenty

years. She is survived by her sister, Miss Gertrude Drennen of La Crescenta. Funeral services will be held at 10 o'clock Friday morning in the Little Church of the Flowers, Forest Lawn Memorial park. Kiefer & Eyerick, directors.

MRS. CARRIE C. ANDERSON
Mrs. Carrie C. Anderson, for thirty-nine years a resident of Glendale, died Wednesday, March 11, 1925, at her home, 313 Lafayette street, at the age of 80 years. She was the wife of the late Marcus L. Anderson. Mrs. Anderson is survived by her daughter, Mrs. Grace Corbaley; and a granddaughter, Patricia Corbaley. Funeral services were held at 2 o'clock this afternoon at the home. Interment took place in Forest Lawn Memorial park, L. G. Scovern, director.

MRS. DOLOREZ BARRERA
Mrs. Dolorez Barrera, wife of Dionisio Barrera of 4105 Parkdale avenue, Los Angeles, died Wednesday, March 11, 1925, at the age of 28 years. Funeral services will be held at 9 o'clock Saturday morning at the Holy Family Catholic church. Interment will be made in Calvary cemetery. L. G. Scovern, director.

FRANK H. DENNIS
Frank H. Dennis died Wednesday, March 11, 1925, at his home, 124 West Park avenue. He was born September 16, 1842, in Massachusetts. He had lived in Glendale six years. Surviving him are his wife, Mrs. Hattie L. Dennis; a daughter, Miss Ethel M. Dennis of Glendale; three sons, Joseph K. Dennis of Brookline, Mass., Charles W. Dennis, Clinton Corners, N. J., and Harold B. Dennis, Bagota, N. J.; a sister, Miss Ada G. Dennis, Gloucester, Mass., and eight grandchildren and one great-grandchild. Mr. Dennis was a member of the G. A. R. post and Odd Fellows' lodge in Chelsea, Mass. Funeral services will be held at 3 o'clock Friday afternoon in the L. G. Scovern chapel, South Brand boulevard. Rev. Nash will officiate. Mr. Dennis' body will be taken to Rockport, Mass., for interment.

SEA GULLS CAUSE LOSS
SANTA MONICA, March 12.—That sea gulls, a protected bird, have increased in such numbers that they are doing considerable damage to the amusement zone here was revealed when several complaints were made by amusement men before the department of public safety. It was pointed out by conservationists that sea gulls alight in such numbers upon electrical display equipment that when they are frightened, they leave in a body, destroying the light bulbs.
